"WE'LL PAY, WE QUIT!" GERMANS WAIL AGAIN

Japan to Yield on Yap

ALSO TO GET OUT OF SHANTUNG, IS WASHINGTON VIEW

[EXCLUSIVE DISPATCH.]

WASHINGTON, May 10.—From absolutely reliable and semiofficial authority comes tonight information that Japan will yield to the United States in the Yap controversy and that formal announcement of the withdrawal of Japan from the Shantung Peninsula will be made within a few weeks.

Under pressure of the four other great nations who equally share in the former rights of Germany in all her world holdings, Japan finds her contentions untenable and will make as graceful surrender of her former contentions as possible.

This information indicates that Great Britain has been advising Japan to clear up the situation as soon as possible and is giving the island empire time to arrange this procedure before Great Britain also joins Italy and France in indorsing the stand of the United States in refusing to accept any mandate on Yap.

Without question the international experts in Washington expect soon this announcement from Great Britain and they also expect that Japan will make no announcement on this subject until after Great Britain has made public its support of the position of the United States in regard to Yap. The note of Great Britain will be the final pressure needed to force the people of Japan to support the change of policy that the government of Japan will have to follow when it shows that of the five powers all of the European parties to the ownership of Germany's former possessions support the United States in its attitude on Yap.

The information received in Washington indicates that Japan is now making preparations to withdraw from Shantung in accordance with at least an implied promise at the time of the arrangement for its temporary occupation by the Japanese.

This attitude of Japan, it is said by those in close touch with the situation, has been hastened by the United States placing on the Supreme Council Ambassador Harvey as this country's representative and the decision of the United States to also have representatives on both the Council of Ambassadors and the Reparations Commission. The harmony of four of the five powers under these circumstances makes absolutely untenable the position heretofore assumed by Japan and the complete reversal of the Emperor's policy will be announced as soon as Great Britain's approval of the United States attitude gives it the weapon necessary to secure the support of the Japanese people.

MAY QUIT SIBERIA, TOO.

[BY CABLE AND ASSOCIATED PRESS.]

TOKIO, May 10.—The public is attaching great importance to a conference which Premier Hara has summoned to begin May 15 in Tokio. It will be attended by the highest military and civil authorities in Siberia, Manchuria, Korea, Shantung and Kwantung. Yukichi Obata, the Minister to Peking, will be present.

The object of the gathering is believed to be the discussing and fixing of Japan's policies in the Far East. The press expresses the belief that the conference will formulate Japan's attitude with regard to Shantung and Siberia and discuss the possible withdrawal of the armies in those regions.

It is understood that the situation in China, including the complications caused by the establishment of a government headed by Dr. Sun Yat Sen, also will be discussed at the conference, which will be the first of its kind ever held here.

WILL RECOGNIZE OBREGON IF ORDER IS RESTORED.

Harding Policy to Require Protection to Property, Life, and Payment of Damages.

BY ARTHUR SEARS HENNING.

[EXCLUSIVE DISPATCH.]

WASHINGTON, May 10.—The Mexican policy of the Harding administration has been determined, but the President is not ready to announce it, according to an authoritative statement made at the White House today.

The policy, so far as it has become known, makes the recognition of the Obregon government contingent upon demonstration of the restoration of order in Mexico, evidence of the adequate protection of Americans and their property, guarantees of respect for valid American property rights and agreement to satisfy American damage claims.

Negotiations have been in progress for some time between Secretary of State Hughes and the Mexican Foreign Office with a view to reaching an understanding with Obregon warranting American recognition of his government. President Obregon appears to have manifested considerable stubbornness in resisting compliance with the conditions of recognition and the outcome of the negotiations is still in doubt.

FIRST-HAND INFORMATION.

When the difficulties in reaching an understanding with Obregon began to materialize Secretary Hughes summoned George Summerlin, the American Charge d'Affaires, from Mexico City and kept him here a couple of weeks advising him on the situation. Many of the American Consuls in Mexico also were brought to Washington to report on actual conditions with reference to pacification of the country, the protection afforded Americans and interference with American oil and mining rights.

President Obregon opposed former Secretary of State Colby's proposal that a treaty be negotiated providing for the settlement of all matters at issue between the two governments. It is understood that the Harding administration is not disposed to insist upon a treaty, but would be content to embody the understanding in an exchange of diplomatic notes and that it is toward such a consummation the pending negotiations are proceeding.

Conscientious discharge of international obligations by Mexico is another matter upon which the Harding administration presumably will insist, in view of the firm attitude adopted by Mr. Hughes in dealing with Panama in the boundary dispute. This would mean that the United States would not tolerate repudiation of the Mexican foreign

COL. HARVEY WELCOMED BY BRITISH.

New Ambassador from the United States Arrives at English Capital.

[BY CABLE AND ASSOCIATED PRESS.]

LONDON, May 10.—The new United States Ambassador, Col. George Harvey, arrived this evening. J. B. Monck, representing Earl Curzon, British Foreign Secretary, was introduced to the Ambassador by J. B. Wright, counsellor of the American Embassy, and conveyed Earl Curzon's welcome. A five-minute impromptu reception followed the detraining of Col. Harvey, who later posed for photographers.

Col. Harvey was followed to a motor car by the welcoming party, the members of which raised their hats and waved handkerchiefs. Col. Harvey tipped his hat in reply as the car drove off.

The Ambassador will visit the Foreign Office tomorrow and be received by King George Thursday.

Manila Chinese Protest New Law for Philippines.

[BY CABLE AND ASSOCIATED PRESS.]

MANILA, April 10.—(Delayed.) Chinese of the Philippines have started a committee to the United States to protest against enforcement of the measures passed by the recent session of the Legislature requiring books of all firms and individuals to be kept in English, Spanish or one of the dialects of the Philippines.

The Chinese claim that the enforcement of the law will drive out of business many small storekeepers who are unable to employ bookkeepers, and will put the large dealers to great additional expense.

ARMY MEN ACCUSED.

Charge Is Made in Bergdoll Case.

Congressman Declares Officers Responsible Were Whitewashed at Trial.

Johnson of Kentucky Says He Will Prove Statement from Transcript.

[EXCLUSIVE DISPATCH.]

WASHINGTON, May 10.—Charges that the court-martial trial of Army officers alleged to be responsible for the escape of Grover Cleveland Bergdoll, the draft slacker, was a "whitewash," were made today by Representative Johnson, a member of the House committee investigating the Bergdoll case.

Representative Johnson expressed himself with considerable vigor at the close of today's hearing after listening for hours to the testimony of Col. John E. Hunt, retired, commandant at Fort Jay, where Bergdoll was confined. Col. Hunt was one of the men court-martialed. He was found not guilty and later retired from the Army because of ill-health.

After reading portions of the transcript of Col. Hunt's trial, Representative Johnson declared:

ACCUSES COUNSEL.

"I expect to show from this record that there is much to warrant more than suspicion that there was a whitewash in the court-martial trial and that the counsel who conducted the trial was a party to the whitewash by the half-hearted prosecution he made. I am ready now to take up the record and furnish additional proofs of my statements."

The committee, at this juncture, adjourned until tomorrow to consider whether it would publish the proceedings as a part of its record.

Representative Johnson was irritated because other members of the committee indicated a lack of sympathy with the method of his cross-examination. Several times Chairman Peters reminded him that the witness was a sick man, just out of the hospital.

READS FROM TRANSCRIPT.

In the portions of the transcript which Representative Johnson read, Col. Cresson, who prosecuted the case, was quoted as stating that Col. Hunt's responsibility was technical in its nature and that "no one in the whole Army was more sorry for Bergdoll's escape than Col. Hunt." Representative Johnson contended that this should be taken as proof of a "whitewash."

Mrs. Emma Bergdoll, mother of the escaped slacker, will not go on the stand tomorrow, but probably will appear Thursday or Friday. Judge Wescott may be heard tomorrow in reply to some of the statements made by Gen. Ansell.

Col. Hunt related all of the circumstances leading up to the granting of permission for Bergdoll to leave prison under guard to hunt for the mysterious $100,000 pot of gold in the western Maryland mountains. He told the committee that he acted under authority of the War Department when he permitted Bergdoll to leave prison. He had absolute confidence in Clarence Gibboney and Gen. Ansell, Bergdoll's lawyers, who guaranteed their client's return to prison.

SERGEANTS AS GUARD.

Declares Allies Must Yield or Face War

[BY CABLE—EXCLUSIVE DISPATCH.]

BEUTHEN (Upper Silesia) May 10.—The Allies face a real war in Upper Silesia unless they yield to the Polish insurgents who have usurped the government. Already there are indications that the Entente has begun bowing before the might of the insurrectionists.

Already treaty negotiations have begun in which the insurgents are doing the most talking and demanding. They ask:

First — Representation in governmental and industrial administration.

Second — That the Allies prevent a German counter-move.

Third — "Quite favorable" decisions on the destiny of the people in the plebiscite area.

Korfanty, leader of the insurgents, has announced that unless the treaty demands are complied with the insurgents will occupy all the big cities, even against Allied resistance, and will intrench their positions in anticipation of a German counter-move.

Rumors to the effect that a German armored train and many truckloads of volunteers, arms and ammunition have crossed the border into the Ratibor district are causing uneasiness.

ARMY BILL PASSED BY THE HOUSE.

Appropriation Measure Provides for 150,000 Men and Gives $320,000,000.

[BY A. P. NIGHT WIRE.]

WASHINGTON, May 10.—The Army appropriation bill carrying approximately $320,000,000, and providing for an Army of 150,000 men, was passed late today by the House and sent to the Senate. The vote was 243 to 23.

Before the final vote, unsuccessful attempts were made to have the House reverse its previous action in adopting an amendment providing for a reduction in the size of the Army, which now totals about 230,000 men, to 150,000, and for the discharge from service under reasonable War Department regulations of men making application.

An effort by Representative Herrick, Republican, Oklahoma, to attach a rider declaring the war ended and directing the Secretary of War to withdraw American troops from the Rhine was checked by Representative Mondell, Republican leader, who made a point of order against it.

When the bill was being considered an amendment to reduce the force from 168,000, the number recommended by Secretary Weeks, to 150,000 was adopted. Privileged to call for a second vote, Chairman Anthony of the subcommittee did so today, but the amendment was retained, 193 to 159.

Representative Mondell opposed this amendment, contending it would be impossible for months to cut the Army to 150,000.

Efforts on a second roll call to knock out an amendment previously adopted, to permit enlisted men to be discharged on application, failed, 183 to 169.

As introduced, the bill carried approximately $332,000,000, but substitution of a maintenance allowance for 150,000, instead of 168,000 men, decreased the total about $12,000,000.

As passed at the last session, the bill, which was pocket-vetoed by President Wilson, provided for a force of 156,000 and carried $343,000,000.

California Fruit Sent by Steamer Beats Rail Time.

[BY A. P. NIGHT WIRE.]

WASHINGTON, May 10.—Recent shipments of fruits from Pacific ports to Europe via the Panama Canal have been delivered in three days less time than required by the transcontinental rail and water route, according to the Panama Canal Record. Not only was economy in time effected, it was said, but the freight charges by way of the canal were 75 cents a box less than offered by rail routes.

Two coastwise steamship companies recently have started to develop an express service for perishable fruit between the Atlantic and Pacific seaboards through the big waterway, the Record announced.

BERLIN ACCEPTS ULTIMATUM; NEW CABINET IS ANNOUNCED IN MOVE TO HALT INVASION

[BY CABLE AND ASSOCIATED PRESS.]

BERLIN, May 10.—Germany has accepted the Allied ultimatum. The Reichstag tonight, by a vote of 221 to 175, yielded to the final Allied demands and agreed to fulfill the terms of the Treaty of Versailles to the capacity of the nation.

Dr. Wirth, Centrist leader, finally succeeded in forming a coalition Cabinet, composed of Centrists, Majority Socialists and Democrats, which, confronted by grave necessity, speedily decided that acceptance of the ultimatum was the only course. In making this announcement to the Reichstag the new Chancellor asked for immediate decision and the government was sustained. The Allied ultimatum required a "Yes" or "No" reply. It was to have expired May 12.

The total sum Germany is called on to pay is 6,750,000,000 pounds; disarmament must be carried out in accordance with the treaty, and the trial of war criminals must be put into effect. Numerous other important terms will be enforced.

Noncompliance with the ultimatum would have subjected Germany to the occupation of the Ruhr and whatever other measures were deemed advisable.

CABINET MAKESHIFT.

The new Cabinet is generally regarded as a makeshift, largely unrepresentative, but good enough to accept the ultimatum.

While the Cabinet obtained a comfortable majority in the Reichstag, it has the undivided support of only the Majority Socialist and Clerical parties. The other parties, it is declared, have given it support as a makeshift, and are not pledged to give it parliamentary support. A leading Democrat said:

"The Cabinet cannot last, as it is not on a broad enough basis to carry out the financial and economic problems involved in German acceptance of the reparations settlement. We Democrats have loaned Schiffer and Gessler to the Cabinet, reserving the right to withdraw them unless the Cabinet is amplified to include the German People's party."

HAS FIGHT AHEAD.

Dr. Wirth is unfavorably regarded by the industrialists and banking interests because he is closely associated politically with Mathias Erzberger, his predecessor as Finance Minister, who advocated a raid on capital, rather than indirect taxes, to meet Germany's financial needs.

Conservative elements in the Reichstag regard the Cabinet as too Socialistic and incapable of outlining a policy whereby Germany can begin immediately meeting the Entente's financial demands.

The Cabinet is the outgrowth of two days of wild chaos, in which the parties met day and night, and finally, in desperation, agreed on an improvised slate which underwent scores of changes and admittedly never could have obtained satisfac-

PLAN SILESIAN REPUBLIC, ALLIES HAVE LOST GRIP.

Poles Bitter Against British, Italians, Declare They Will Not Give Up; German Volunteers Massing.

BY WILLIAM M. MARGRAVE.

[BY CABLE—EXCLUSIVE DISPATCH.]

OPPELN (Upper Silesia) May 10.—The inter-Allied plebiscite commission has lost complete control of Upper Silesia. No one thinks it will ever regain it. If it sends French reinforcements they will change nothing; if it sends British or Italian troops they will provoke endless guerrilla warfare.

The feeling of the Poles against the British and Italians is the same as against the Germans. Here in Oppeln the commission is working at cross purposes. The British and Italians are demanding fresh forces to put down the insurgents. They feel that their authority has been spurned; their men have been killed and Polish bands are threatening their lives. Many French officers also feel humiliation, but the French cannot be expected to act against the Poles.

Two days' travel by auto along the Polish front in Upper Silesia showed me that a state of war exists. The eagerness of both sides to get at serious fighting was so strong that it looks as if Upper Silesia is going to be a real battlefield. Certainly there was no sign that the inter-Allied commission can regain control of the situation.

The Poles intend to hold the Korfanty line at any cost. In all I have passed five days with the Poles, having visited most of the wide front, and I know the spirit of vio-

Bolshevist Organization in Dublin Aids Irish in Fight Against Great Britain.

[BY CABLE AND ASSOCIATED PRESS.]

LONDON, May 11.—A dispatch to the London Times from Helsingfors says it has been learned that a telegram was sent to Maxim Litvinoff, Russian soviet chief of legations abroad, March 29, which establishes the existence of a Bolshevist organization in Dublin engaged in fostering the Irish Republican movement.

This telegram, according to the correspondent, said: "It is of the greatest importance that the germ cell in Dublin should get £50,000 through Krassin." (Krassin is the soviet Minister of Trade and Commerce.)

The correspondent adds that the telegram was signed "Komintern." The dispatch says the term "germ cell" is applied in Bolshevist official communications to Bolshevik organizations in foreign countries.

Western Governors Reach Agreement on Colorado River Basin Problem.

[EXCLUSIVE DISPATCH.]

DENVER, May 10.—Having reached unanimous agreement on the Colorado River basin problem yesterday afternoon, the governors' conference, with seven western chief executives participating, will go into an executive session tomorrow morning at 10 o'clock on Western States reclamation matters.

Two sessions were held today in Gov. Shoup's private offices. Both were executive. However, a statement given out for publication carried the information that only the future utilization and distribution of the waters of the Colorado River and its tributaries was considered.

Gov. Campbell of Arizona, president of the League of the Southwest, presided as chairman of the conference. The several commissioners appointed by the governors for the purpose of formulating the compact on behalf of the seven States and the United States were also present at the conference.

TO SEE HARDING.

It was understood that the governers should proceed to Washington at an early date, either in person or through duly authorized representatives, for the purpose of conferring with President Harding respecting early and appropriate legislation by Congress. This legislation will authorize participation by the United States in the formulation and subsequent adoption of an agreement between the States. Inasmuch as the waters of the Colorado flow through Mexico it will be necessary for the government to participate in the compact in order to avoid international complications.

The detailed proceedings of the conference were withheld from publication until the whole matter shall have been presented to the President by the governors.

However, it was the unanimous desire of the governors and the several commissioners that an interstate compact should be formulated as speedily as possible in order that future construction upon the streams might proceed without interruption.

WANT DEFINITE POLICY.

It was also indicated that the upper Colorado River States, including Wyoming, New Mexico, Utah and Colorado, will oppose the construction of any large reclamation projects by the Federal government until after a definite policy relative

FANATIC SHOOTS AT WOMAN

An elderly man, said by the police to be a religious fanatic, last night followed Miss Etta M. Bovee, a Christian worker at the Mission, 125 South Los Angeles street, from the tabernacle to her home at 729 Casanova street and attacked her with a revolver, according to the report to Detectives Barnes and Hawtrey. After firing one shot at the woman, which failed to take effect, the fanatic hit her on the head with the butt of the gun. Then he fled as the woman's brother-in-law, S. Hansen, a real estate man, appeared. Detectives are now seeking the fanatic, who is a well-known figure on Los Angeles street.

Rules Fraternal Insurance for Blood Relations.

[BY A. P. NIGHT WIRE.]

SAN FRANCISCO, May 10.—Fraternal insurance can be paid only to blood relatives and dependents of the policy holder, the District Court of Appeal decided today in reversing a judgment for $2000 obtained by Agnes Bennett of San Jose, a beneficiary, from the camp of Modern Woodmen of America in that city.

Agnes Bennett was named as a niece in the policy of Frank S. Plummer, who disappeared in February, 1906, but it developed that she was a niece by marriage and not a blood relative or dependent. After a lapse of ten years she sued for the amount of the policy, holding that Plummer should be held as legally dead. She won in the lower court and the case was appealed.

BIGAMY WAVE IN NEW YORK.

Marital Tangles Flood Courts of Manhattan.

Noted Broadway Publisher is Latest Involved.

Follows Closely on Heels of Andrews Affair.

(Continued from First Page.)

eph Merritt Lane of New Jersey had found the Connecticut law favorable to his polygamous purposes.

On Jan. 30, 1919, he married Geraldine Garrison-Kerr, daughter of Supreme Court Justice Garrison and a niece of Lindley M. Garrison, former Secretary of War.

On April 4, just sixty-four days later, spring fever caused him to hurry to Stamford, Ct., where he was united in wedlock to Grace Hercht.

Bringing her back, he installed her in a palatial home in Northern New York.

Wife No. 1 brought no legal action and the laws of New York and Connecticut were inadequate to prosecute him for bigamy.

He resigned, however, as Vice-Chancellor of New Jersey a few days later, when wife No. 2 entered his court and publicly horsewhipped him.

Then there is Arthur David Stevens of Brooklyn, the Bronx and points west. Sadie of New York testified she married him in 1920 believing fondly he was a bachelor.

But Ciddy of Darien stepped forth, and testified that he had married her in 1911.

RECORD OF STEVENS.

Stevens is the manager of a chain of rapid-fire restaurants though that fact was given no significance in court. Both wives protested extreme friendship for him. He was sweet and nice, they agreed, as they left court arm in arm, refusing to go ahead with prosecution.

Another charge of real bigamy where three wives are concerned came following a kiss. Harry A. Newton, a handsome actor, was put in the Tombs prison because he kissed his wife. He did this in Grand Central station. There his three wives had gone to meet him!

And he was promptly nabbed by detectives.

The loves of Newton so far as they are recorded by the court began ten years ago in Monticello, Ill., where he married Florence Madiera, an actress.

For seven years they lived happily; then Harry, after a whirlwind courtship, won from his playmate Glenn Argoe, of vaudeville fame. She it was who gave him the betrayal kiss.

MARRIED HER TWICE.

Not only is she wife No. 2, but Harry married her twice. They had married in Rochester, Minn., came to New York and promptly lost the certificate, hence the second wedding as he sailed away to be a soldier.

Happiness blessed the match until September, 1919, when Harry passed out of Glenn's life. Two days later in Port Huron, Mich., he married Iva Edmonson, the youngest of all, who was playing ingenue parts in "regular" attractions.

Recently all three wives met in a theatrical booking office, compared notes, sent for Harry and then placed him in jail.

Manhattan Jack Murray's case is slightly different in that he made no attempt to conceal from his wives after marriage the facts of his marriages to the others.

In 1917 Murray sued his actress bride for divorce, but dropped the case when she counter-suited in Los Angeles charging him with cruelty. The California courts refused her a decree.

In 1918 Murray came East again. He entered the Liberty Loan organization and there met pretty and winsome Marie Elizabeth Dougherty, a worker for the National Security League.

Following their meeting he enlisted in the Marine Corps and two days later, on July 15, both hurried to the Hall of Records, New York, where Rev. D. H. Loux made them husband and wife.

Last December during a gathering of the Kitkat Club in the Waldorf-Astoria Murray fell in love with a beautiful girl named Anita May Southwick, daughter of a Streator (Ill.) merchant. She was appearing in the "Three Live Ghosts" company under the stage name of Ann Warwick.

WED IN BROOKLYN.

One hour after their meeting they were married by the Rev. Dr. William Matthews, a Presbyterian clergyman, and the license was obtained in Brooklyn. In it Murray described himself as a merchant and never before married.

He then confided, each to the other, that he was a much-married man and to his last bride he announced he was "headin' West" to seek freedom from wife No. 1. But when he arrived in Los Angeles he issued a statement that he and wife No. 1 had made up.

ing the gold hunting expedition. O'Hare was in command and received instructions to watch Bergdoll with the utmost care, according to Col. Hunt. The colonel declared that the guard was adequate in every particular.

"Do you think that the sergeant carried out your instructions to the letter when he permitted Bergdoll to go joyriding and attend the theater in Philadelphia?" asked Gen. Sherbourne, counsel for the committee.

"No, sir," answered Col. Hunt. He added that O'Hare's conduct was beyond his understanding. He stated that O'Hare was "a total abstainer." Chairman Peters supplied the information that York "could not withstand the presence of a bottle of gin."

TECHNICALITY QUASHES MURDER INDICTMENT.

FATHER CHARGED WITH KILLING SON TO "SAVE HIS SOUL."

[EXCLUSIVE DISPATCH.]

CHICAGO, May 10.—The indictment against Frank Piano, Sr., for the murder of his son, was quashed today on a legal technicality. Piano shot and killed his son, Frank, Jr., 17 years old, on March 23, 1920, "to save his soul," after he had found him in company of a gang of toughs who, he said, were ruining the boy, according to the police.

A flaw in the wording of the indictment brought the father's release. The indictment charged that Piano, Sr., shot and killed Piano, Sr., instead of "Jr."

Attorneys for Piano today argued that the father had never intended shooting his son, but had merely wanted to frighten him.

Following the shooting, the father was quoted as saying: "I would rather have my boy dead than a thief."

PEACE OFFERED TO IRISH.

British Proposal Gives Self-Government Under United Ireland.

[BY CABLE—EXCLUSIVE DISPATCH.]

DUBLIN, May 10.—A most important peace proposal was placed in the hands of Sinn Fein leaders a few days ago in which the British government made its maximum offer for a settlement. As conditions to the offer the north and south must accept it as a final settlement and they must work together as a united Ireland. Main points in the proposal are:

Full fiscal autonomy, including control of customs, excises, and income taxes, will be granted.

The Irish government will have full control of its judiciary.

It will have full control of its police.

It will have all the rights possessed by any other self-governing member of the British Empire.

The annual tribute of £18,000,000 (normally about $90,000,000) will be abandoned.

DEFENSE QUESTION.

Arrangements for defense by the Army and Navy are left open for discussion. It will probably be on a basis of having British troops garrison Ireland as protection against foreign invasion, but they will not be allowed to operate or suppress domestic disorder in Ireland except at the request of the Irish government. The model for this plan is the relationship of United States Federal troops to the American States.

This plan, upon the highest authority, has the approval of Prime Minister Lloyd George, who is willing to grant all points, but only to a United Ireland and only on condition that the offer is accepted as final and not as an installment to a larger demand in the future. The Sinn Fein leaders are favorably disposed to the plan, but their difficulty is that they have led their followers to expect full independence.

One suggestion under consideration is for the publication of the scheme in the Irish and English press, with the indorsement of the leaders of all the Irish factions, as a test of public opinion, but it is not likely that serious action will be taken to secure Irish unity, which is the first essential of the plan, until after the election by which Ulster will firmly establish her position, enabling her to bargain as an equal partner of the south. Another hitch is the fact that there are so many Irish leaders in jail. Another is the fact that a large number of Irishmen are guilty of deeds which the English insist on regarding as murder.

AMERICAN COAL DUE.

The first two shipments of American coal are expected to arrive in Ireland next week. This is a part of the new economic policy of the Sinn Fein, which is boycotting English goods as fast as an alternative supply is obtained. Another article recently boycotted is shoe blacking, which is now being obtained from Prague, where it is made in factories owned by Americans. A large contract has also been signed for French soap at half the price charged by the English soap trust and arrangements are being made for its importation direct to Ireland by the shipload, cutting off the freight charges from Liverpool, which are more than double the ocean rates from America, Mediterranean, and Baltic ports.

Erskine Childers, the English novelist, who was arrested by the British authorities in Dublin, was released late last night. He was detained and questioned for five hours at Dublin Castle.

debt, including the loan negotiated in France under the Huerta regime.

There appears to have been a greater measure of safety accorded Americans in Mexico since the fall of Carranza and the Americans have been returning to their properties there in large numbers. The killing of Americans has not ceased entirely, however, such murders being reported to the State Department frequently.

Up to date, satisfactory evidence has not been forthcoming that the Obregon government intends to abandon the Carranza policy of confiscation of such American and other foreign oil and mining properties as the Mexican government desires to appropriate on the ground of illegal title.

FALL'S LETTER.

Secretary of the Interior Fall recently occasioned considerable surprise by charging in a letter to Senator Lodge the British government is double-crossing the United States in dealing with the Mexican oil question. He said that the British government officially is supporting the American government's protest against the confiscatory policy, but that the Aguila Company, owned by the British government, is conniving with the confiscation policy to its benefit and the detriment of competing American oil interests.

The British Embassy immediately submitted to Secretary Hughes a denial of Secretary Fall's charges. It was stated that the British government does not own the Aguila Company. The closest it ever came to such ownership was during the war when the British government commandeered all the British shares of stock in the Royal Dutch-Shell Company, which controls the Aguila Company.

Subsequently the British government sold these shares of stock and thereby divested itself of any interest in the Royal Dutch-Shell. It was explained that it was after such withdrawal of British interest that the Aguila Company adopted an attitude at variance with the position of the British government in connection with the Mexican oil question.

COAL STRIKE NOW SERIOUS.

British Transport Union Officials Take Stand to Prevent Importations.

BY AMBROSE LAMBERT.

[BY CABLE—EXCLUSIVE DISPATCH.]

LONDON, May 10.—The British coal miners' strike is approaching a serious crisis. The Transport Workers' Federation is determined to prevent the unloading of foreign coal. The government is equally determined that coal for vital purposes shall be unloaded.

Troops and sailors are being moved today to the various areas where trouble may arise, and it is expected an appeal for volunteers to unload the fuel will be issued.

The Cabinet has held three meetings within the last twenty-four hours to try to solve the difficulties.

Briefly these are the main points in the present serious situation which England is facing.

WILL HELP MINERS.

At a meeting of the transport union executives today a resolution was unanimously passed against the importation of foreign coal, and promising aid to the miners. Furthermore, the transport workers' union declared they would take steps to consult with the railway men's unions to make the blockade against foreign coal more effective.

Sir Eric Geddes made an ineffective attempt to convince the transport union of the national inconvenience which would result from the embargo. He made a strong presentation of how the lack of coal would interfere with sanitation.

WILL BRAVE DISEASE.

Robert Williams, the leader of the transport workers, retorted: "The embargo will be maintained even if disease results. The remedy is, stop the importations of coal."

The serious effect of the coal strike on foreign trade is shown by the Board of Trade's figures for the month of April, during which the strike was operative. The imports for the month of April were valued at £89,995,000, a drop of £77,134,000 from the figures of April, 1920. The exports were valued at £59,867,000, a drop of £40,384,000.

limbs, they have some of the characteristics of our Scandinavian types although probably, they have larger skulls. Their large blue eyes; their strong noses, their large ears constitute a type of beauty which we doubtless would not appreciate except as suggesting a superhuman intelligence."

The society of the Martians, M. Perrier admitted, would be objectionable to the elegant pedestrians who throng the Paris boulevards.

MARS PECULIARITIES.

"But Mars is the country of beauty," this savant declared, "and the Martians know the most noble intellectual things and the suavest emotions."

It was M. Perrier too, who announced that the human appendix is not a useless organ, undergoing degeneration, but a valuable gland. He opposed the idea that the appendix is no more than a trap for fruit seeds and a source of profit to surgeons, declaring that a man should think twice before having his appendix removed. M. Perrier, too, came to the conclusion that women with big feet and men with little feet are prone to insanity and so he told the Academy of Sciences. Of a hundred normal men he found eighteen who had small feet, while of a hundred insane males, seventy-six had small feet. One hundred normal women showed twenty-three with large feet, and of the same number of insane women eighty-two had large feet.

Also participating in the conference are the following State engineers and river commissioners: A. B. Norvell of Arizona, D. E. Carpenter of Colorado, Frank C. Emerson of Wyoming, L. A. Gillette of New Mexico, Stephen B. Davis of New Mexico, F. C. Schrugam of Nevada.

AGAINST CHANGE IN FARM LOAN MEASURE.

[BY A. P. NIGHT WIRE.]

WASHINGTON, May 10.—Rejection of two bills by Senator Smoot, Republican, Utah, proposing to amend the Federal Farm Loan Act, was recommended today by the Senate Banking Committee after more protests had been received from joint stockholders.

One of the bills would have required dissolution of the joint stock banks within three years and the other proposed removal of the tax exemption on bonds issued by the banks.

lent nationalism. They demand an immediate decision that will give Silesia to the Poles.

As Korfanty said to me:

WAITING TWO YEARS.

"Our people have been waiting two years for this decision, and they refuse to be treated like tons of coal instead of human beings."

I left Beuthen in an auto for Ratibor, the point where exists the most trouble between the Italians and the Poles. On the road I passed tens of thousands of Polish workmen and peasants, who were led by Polish officers, and who had machine guns and artillery. All were pushing to the west.

At Kattowitz, en route, I found the central part of the city held by the French, with the Poles holding all the suburbs, as at Beuthen. The French withdraw from the center of Kattowitz at night, leave the guarding of the streets to the Poles, who demand Polish passes. Nikolai, three miles east and north of Ratibor, is held by the French and Poles together, and the Poles are recruiting under the eye of the French. Few men are left in the countryside; nearly all are at the front on the Korfanty line. They moved to the front Saturday night in military formation.

MANY ITALIANS KILLED.

At Rybnik I saw sixteen Italian soldiers buried; their bodies had been stabbed and riddled with bullets. The Poles held Rybnik three days and evacuated the city proper when the French arrived. At Rybnik I was the guest of Capt. Michelson of the British force. The British and Italians are humiliated and disgusted by the benevolent neutrality of the French. The Poles at Rybnik expressed as great hatred for the Italians as the Italians feel for them.

I visited the Polish field headquarters at Loskan and Pechow, where the headquarters staffs are all in Polish uniforms, most of them in the uniforms of the army of Gen. Haller, commander-in-chief. The commanding officer at Pechow refused to let me go to the front, saying:

"Preparations are going on for the coming battle."

POLES ENTHUSIASTIC.

I talked with Polish troops and found them enthusiastic and determined to fight if Upper Silesia is not given to Poland. Much Polish field equipment has been coming over since yesterday, and all arrangements are being prepared for real warfare.

My observation proved that the Poles had actual control east of the Korfanty line and that the French troops in the town could not regain control if they wished to. The existing front is eighty miles long and is broken only by a few main highways. There are no trains or telephone lines across the Korfanty line.

The future fighting will probably be along the line of the River Oder in the region of Ratibor, Kosel, twenty-six miles southeast of here, and Oppeln, skirmish fighting is continuous. I saw several dozen wounded Poles east of Ratibor, which showed that the fighting had been heavy.

Even if Korfanty agreed to a compromise, the minor bands at the front would not listen to it. They are out of the hands of their leader. Frequently I found that Korfanty's name on a pass was of no value at the front; only the names of the local leaders were good. The Poles control the industrial region, and I have seen no way to take it away from them. The German technical staff left all the mining apparatus in the hands of the Poles. They are keeping the pumps going, but if Korfanty made any compromise they would flood and destroy the mines, it is asserted.

DISCORD EVIDENT.

[BY CABLE AND ASSOCIATED PRESS.]

BERLIN, May 10.—A dispatch to the Berliner Zeitung reports a German-Italian counter-attack is in progress against the Poles at Kandrzin Jnuction, Silesia. German reports allege there is discord among the inter-Allied commission representatives at Oppeln, the Italian and British members siding against the French and some of the Italian and British members threatening to resign because it is alleged they are receiving insufficient support.

The inter-Allied commission, however, has issued a proclamation to the populations declaring that the Allies are fully agreed in condemning the disorders, which will not be permitted to influence their decision as to Upper Silesia.

REPUBLIC PLANNED.

[BY CABLE AND ASSOCIATED PRESS.]

WARSAW, May 10.—The Upper Silesian situation is reported today to have taken a new angle, messages from Silesia declaring that the executive committee of the insurgents is planning to proclaim that section of Silesia now under insurgent control a republic.

The reported plan calls for the establishment of a provisional government and the summoning of a constituent assembly.

Poland has formally denied reports that Polish troops have participated in the insurrection. The government contends that the frontier was closed as quickly as possible.

Newspapers lay the blame for the recent demonstrations against the British and Italian legations in Warsaw to irresponsible labor leaders and other elements. In the latest demonstration several hundred men who responded to a call for Polish-Americans to uphold the Polish claims in Silesia, paraded the streets carrying American flags. Memorials were distributed urging Allied sympathy and justice for the Polish cause.

GERMANS FREE LANCING.

[BY CABLE AND ASSOCIATED PRESS.]

PARIS, May 10.—A dispatch to the Havas Agency from Oppeln says Reichswehr deserters are forming free lance organizations in Upper Silesia. It is feared, the dispatch adds, that about 10,000 of these troops will march on Rosenburg, now held by the Poles.

tion had it not been necessary to check the threatened Entente military movements.

To the Reichstag Dr. Wirth said:

ADDRESS TO REICHSTAG.

"Our task in this grave hour is to obtain the decision of the Reichstag on the ultimatum of the Allied governments. In the protracted detailed negotiations you have formed an opinion on the contents and significances of the ultimatum. In view of the termination of the time limit I must ask you to express your opinion by an immediate decision. There is no possibility for us other than acceptance or rejection.

"Acceptance means that we declare our readiness to bear in voluntary labor the heavy financial burdens demanded. Refusal would, however, mean surrendering the basis of our industrial activities, and as a consequence, dismemberment of our economic body, already so greatly weakened, and the shackling of our industrial life.

"But the effects might be even more terrible for our political existence and our realm.

"For these reasons the government accepts the ultimatum. We know acceptance will entail the gravest consequences. The responsibility falls on the Allies.

REMOVE THREATS.

"It would be useless to say 'yes' without the resolution to do our utmost to meet the obligations imposed upon us. By acceptance we believe we will remove the imminent threats of occupation of the Ruhr. The fear often expressed that occupation will take place in any case, whether we sign or not, is not supported by any passage in the ultimatum.

"There is no need for me to show why, in taking the decision, we ought to turn our eyes to Upper Silesia. In that respect we have firm confidence in the result of the plebiscite.

"The Allied governments will not tolerate an attempt by the Poles to create an accomplished fact which would be a mockery to all justice. In no circumstances shall a Polish dictator tread under foot the few rights which the peace treaty gives us.

"The treaty, which casts a heavy burden on us, entails for the Allied government sacred duties, as the British Premier expressly acknowledged recently."

DEMPSEY QUITS THE GAY LIFE.

Attends Final Function Before Starting Work.

Corbett and Champ Given a Rousing Welcome.

Plans Steady Workouts from This Time On.

[BY A. P. NIGHT WIRE.]

ATLANTIC CITY (N. J.) May 10. Jack Dempsey and Jim Corbett, present and former heavyweight pugilist champions, were guests of the Atlantic City Rotary Club today.

Mayor E. L. Bader introduced Dempsey, stating he was one of the cleanest and best living athletes that he knew. Dempsey thanked the large gathering for the fine treatment received here.

Corbett made a brief address, declaring Dempsey was one of the greatest fighters he ever saw.

Corbett and Dempsey were besieged with cards of business men who desired an autograph. This was probably the last function Dempsey will attend before going into hard training here for his bout with Georges Carpentier. The heavyweight champion stated he never felt better and soon would be down to his right weight.

Members of the Atlantic City American Legion today appointed a special committee to forward an invitation to Carpentier to come here for training.

TOM MIX IS OUT HUNTING INFORMATION

Wants to Know What Ben Hur's Record is in Chariot Contests.

Tom Mix is out with a plea for some much-desired information from one of the sporting historians. It is the urgent wish of Mix to have some one give him the exact record made by Ben Hur when he hurtled his chariot around a field of rough riders in the Roman Derby and came home winner with one axle dragging in the dust down the homestretch. That's how Ben came to be handed down to posterity as the Barney Oldfield of his day.

None of the present record books make mention of the performance which has stood all these years. Tom is to be a starter in the six-chariot event which will be a big feature of the actors' fund festival at the Speedway on June 4. He expects to win, for he will pilot four Arabian steeds with the bluest blood in their veins. But Mix will not be satisfied with winning the Danziger cup, which will go to the victor. He wants also to get credit for the long-standing record. So, if Pat Higgins will volunteer to spend a day in the Public Library and look up the old-time records, he will make a distinct contribution to science, according to Mix.

Jimmy Coffroth has been invited to start the event, George Bentel will attend to the scales, and Ed O'Malley will preside as paddock judge.

Chicago	4	7	2

Batteries—Tanguchi and Kuji; Crisler and Yardley.

NEW YORK, May 10.—The Waseda baseball team of Tokio, which recently landed at San Francisco, will meet Harvard May 25, Yale, May 27, and Columbia, probably June 2, it was announced tonight. The team will meet the University of Illinois May 21.

SNAPS HIS ARM PITCHING BASEBALL.

[BY A. P. NIGHT WIRE.]

VALLEY HOME, May 10.—Robert Burton, pitcher, for the Summer Home baseball team, broke his right arm above the elbow Sunday afternoon, while in the act of delivering a fast curve to a Burwood school batsman. The snap of the breaking bone was heard across the diamond. The attending physician said the bone had been split.

ALEXANDER GIANTS TO PLAY SATURDAY.

A treat is looked for when the Alexander Giants take on the Blake-Moffit club next Saturday and the E. A. Little team Sunday. The Little squad is leading the league in the Managers' Association. This will be their first game with the Thirty-second-street boys and it should be a hummer.

L.A.A.C. WINNER.

At Exposition Park yesterday afternoon the L.A.A.C. baseball team defeated the U.S.C., 9-12-3 to 5-6-5. The batteries were: For L.A.A.C.—Hillman and Bascomb, and Thornton and Schmits for U.S.C.

GEORGE GIVEN WEIRD DECISION

Tall Youngster Wins Over Colima at Jack Doyle's.

Many Spectators Thought Draw Proper Thing.

Card of Seven Boxing Bouts Held in the Open Air.

Young George was given the decision over Bert Colima at Jack Doyle's open-air boxing arena, Vernon Park, last night. Consensus of opinion among many of the regulars at and near the ringside was that the worst Colima could have gotten was a draw. Many expressed their astonishment at the verdict in no uncertain terms.

Young George's long range work somewhat baffled Bert in the early part of the first round, the latter finding it somewhat difficult to land effectively. Toward the middle of the session, however, Bert caught his man coming in with a hard right to the jaw that brought George to a clinch.

GETS RIGHT BACK.

George some few moments later reciprocated in kind and the round might have been called upsticks. In the second session George landed a vicious right to the jaw that brought the Whittier lad to a clinch. Colima got back with a nasty left to the stomach. In a number of sharp exchanges, George appeared to have the better of matters and clinched the session with a left to the jaw that bothered Bert as the gong sounded. It was George's round.

The third, however, brought Colima to the fore with a rush. He just made a monkey out of George with a succession of left jabs to the nose that soon had the latter's face looking like a squashed tomatoe. To add to George's discomfit, Bert shot a vicious left to the eye that almost closed the lamp and painted a nice looking mouse under it. George was a sorry sight when he went to his corner.

WAS VERY WILD.

In the early part of the last session George was awful wild and missed the mark often. Once as George came in, Bert popped him with a right uppercut. Then succeeded a series of clinches and close infighting with honors about even. George apparently hit Colima twice low in the middle of the round. Toward the end George landed several telling blows on the jaw with this right and the men were milling furiously against the ropes when the gong sounded.

The other bouts finished as follows: Gene Cline knocked out Scotty Welch in the second round; Georgie Marks easily outpointed Kid Robideau; Sailor Kramer put Sailor Kilrain away in the third round; Jimmy Powell licked Teddie Frenchie; Ralph Pena hung it on Sailor Kelly and Sailor Farrar and Sid White boxed a draw.

GEORGE HUSSEY TO JOIN DEMPSEY CAMP.

George Hussey, the well-known local sportsman, will leave here about the first of next month for Atlantic City, where he will be identified with the Dempsey training camp. Hussey and Manager Kearns are great friends and George will undoubtedly be a welcome addition to the Dempsey entourage.

SUNDAY BILL VETOED.

HARTFORD (Ct.) May 10.—Gov. Lake today vetoed the recently adopted Sunday observance bill. It would have legally permitted professional baseball games Sundays.

Coach "Gloomy Gus" Henderson Calls for Spring Practice.

Introducing a few of the Trojan pigskin candidates, who are depicted in the act of watching Tutor Henderson demonstrate the heel-and-toe method of skipping down the field with a pill tucked under your arm. Many of the boys appeared on the field in their B. V. D.'s; others wore cast-off trousers of ancient vintage. Those familiar with the handsome countenances of Chet Dolley and Phil Tiernan, freshman stars last year, may observe these estimable young men in the background.

PREPS FRESHMEN ON TRACK

Coach Tommy Davis of Lincoln High School herded his freshman track and field athletes through an assorted workout at U.S.C. yesterday afternoon in anticipation of the first intercity freshman high school track meet to be held at Hollywood High School next Saturday afternoon.

With varsity men barred the competition promises much in the way of thrills and wild excitement.

The boys have been divided into three classes—90-pound, 115-pound and unlimited.

This is the first time in history a meet of this description has been held, but it is the intention of the papas of the idea to make it an annual affair.

Keen interest centers around the doings in the pole vault, in which event Coach Davis of Lincoln and Coach Fred Johnson of Hollywood each have a ninety-pound midget entered who has cleared nine feet in practice.

Hollywood and Manual Arts are favorites to cop the point honors, with Los Angeles, Lincoln and Poly trailing in the order named. Barring the varsity performers hurts the Lincoln chances, for Krepla and Scott in the discus, Welsh in the hurdles and Tommy Miles, the dusky little sprinter, could all have been counted on to take points.

DESERT RATS ON TOP.

The clash at Tucson, Ariz., between the University of Arizona and U.S.C. baseball teams resulted in a two-out-of-three game victory for the Desert Rats, the games being played Thursday, Friday and Saturday of last week.

U.S.C. won the first game, 8 to 6, Arizona took the second, 10 to 5, and before a wild-eyed crowd of 2000 Arizonans, took the third and deciding tussle after ten innings of thrills, by a score of 6 to 5. Coach Henderson of U.S.C. says he never saw so much enthusiasm over a college game as developed over the third struggle.

He says his team played its best ball of the year in the three-game series. In the first game Centerfielder Kuhns hit a single, double, triple and homer, out of four trips to the plate, and in the course of the three games accepted fifteen chances in the field without an error.

YANK GOLFERS GET A WORKOUT.

[BY CABLE AND ASSOCIATED PRESS.]

LONDON, May 10.—The American amateur golfers who have come to England to attempt to win the British championship played over the Hoylake links again today.

In a four-ball match Jesse Guilford and J. Wood Platt defeated Francis Ouimet and F. J. Wright, 4 up and 3 to play, in eighteen holes. The best-ball score of Guilford and Platt was 69 and Ouimet and Wright 71. Guilford and Ouimet each had an individual score of 73, while Platt took 74 and Wright 80.

Bobby Jones of Atlanta and Maj. Vincent of the Rye club defeated W. C. Fownes, Jr., and Dr. Paul Hunter, 3 up and 2 to play.

ATTELL IS PINCHED ON OLD CHARGE.

Indicted in Connection With Baseball Scandal; Held Without Bail.

[BY A. P. NIGHT WIRE.]

NEW YORK, May 10.—Abe Attell, former New York and San Francisco pugilist, indicted in connection with the Chicago baseball scandal, was arrested here today on a charge of being a fugitive from justice. He was held without bail.

Following arraignment in police court, counsel for Attell served a writ of habeas corpus upon the arresting officer, requiring him to produce Attell forthwith before Justice McAvoy.

When Attell was brought before Justice McAvoy, bail was fixed at $1000. This was furnished and Saturday set for hearing of arguments on the writ.

Attell was arrested in Times Square. His attorney asserted it was virtually a case of surrender.

Attell's attorney told the police magistrate that while the indictment charged a man named Attell with conspiring with baseball players and others to defraud by fixing games, there was nothing to show Abe was the man. He added that when detectives from Chicago arrive next week he felt confident they could not prove that the Abe Attell in court today was the Abe Attell alleged to have been in Chicago in 1919, for his client, he asserted, was not in Chicago then.

GIANTS RUNNING UP AGAINST REAL STUFF.

Jim Alexander's Giants, the strongest and heaviest hitting semi-pro club ever organized in Southern California, is expected to be knocked for the much talked of row of barber poles next Sunday, when the A. E. Little nine is taken on.

The game will be played at the Giants' field, Thirty-second street and Long Beach avenue and is in the Managers' Association Class AA ranks.

A fast independent game is billed for the Giants' field on Saturday, the Giants playing the Blake, Moffit and Towne team. Good sized crowds are looked for both days, as the Giants have been winning so long, that the break is about due.

ALL HANDS WIN A SHARE IN BIG RACE.

[BY A. P. NIGHT WIRE.]

LEXINGTON, May 10.—Every man and woman, white and colored, on the Idle Hour stock farm here, is a winner as a result of the double victory of the horses of E. R. Bradley in the Kentucky Derby last Saturday, it became known today. Mr. Bradley, besides the $6000 of the winnings of Behave Yourself and Black Servant, given to the jockeys, distributed $2000 among the employees, giving each $50.

JOE MORRIS SENT TO WESTERN LEAGUE.

[BY A. P. NIGHT WIRE.]

CHICAGO, May 10.—Pitcher Joe Morris, a recruit with the Chicago Americans, today was released to the Tulsa (Okla.) club of the Western League, from which he was obtained last fall.

FIRST FOOTBALL CHIRP.

The first chirp of the 1921 football season was heard yesterday when "Gloomy Gus" Henderson of U.S.C. called his cohorts together for the initial spring practice. About thirty-five of U.S.C.'s huskiest lame, halt and blind answered their tutor's call, and indulged in a few quaint tactics such as falling on the pill, forward passing and dodging.

Only a few of the varsity men were on hand, Capt. Charley Dean, Orrie Hester and the Lindley brothers comprising the sum total. The rest were neophytes and members of last year's freshman team.

As spring practice primarily is for the purpose of getting a line on next fall's material the gloomy one doesn't give a rattle whether the varsity men turn out or not. They know his style, his formations, his blocking, tackling, etc., and last year's freshman crew does not.

The 1920 peagreens had Clifton Herd for a coach, and while he and Henderson have much in common—they coach a lot of things that are vastly dissimilar. As Henderson will have these ex-peagreens on the varsity for three years, naturally he wants to break them into his stuff as soon as possible. It means time saved next fall when games are succeeding one another with rapid succession to have old heads on the squad.

Most of the 1920 freshman stars, including Chet Dolley, Phil Tierman, halfbacks; Kudchel, center; Freeman and Cummings, tackles, were on hand last night. Henderson expects a turnout of about fifty tonight.

BILLIARD STAR TO VISIT HERE.

Horemans in Exhibition at the L.A.A.C.

Local Cue Artists Plan to Turn Out en Masse.

Foreign Champion Due Here Next Wednesday.

Edouard Horemans, billiard champion of Europe and smasher of world's records in America, will be seen in exhibition play Wednesday night of next week in the gymnasium of the Los Angeles Athletic Club, and already the local fans are excited. The Belgian left-handed artist does the seemingly impossible with the cue and his spectacular work is talked of wherever the game is known. He came to the United States in quest of matches with Willie Hoppe for the 18.1 and 18.2 balkline world title, but has failed in his efforts to meet the champion. He is startling the country with his performances.

Recently in New York Jake Schaefer defeated Horemans in what is declared to have been the most sensational match ever played, the victor averaging 47 54-100 and the loser 44 81-100, astounding billiards for a stretch of 4800 points. Beginning today Horemans will play Schaefer in San Francisco five afternoons and evenings at 18.2 balkline, 400 points to each game, for $1000 a side on the match. Billiard sharks all over the globe will be interested in the results.

Horemans, upon arrival in America, encountered a problem of accustoming himself to smaller balls, a faster cloth and lower tables, which hampered him in his first contest with Schaefer. Now he has gained such familiarity with the new conditions that he already has surpassed his best European run with a cluster of 701, and made twenty-seven others of 300 or more at 18.2, as well as runs of 246 and 207 at 18.1.

After his exhibition at the Athletic Club with Cy Seymour, which will be open to the public, Horemans will return to Belgium for the summer. In the fall he is coming back to make further overtures for a crack at Hoppe. Many of the local fans have seen Hoppe in action and they welcome the chance to appraise the Belgian's relative strength for themselves. His style of play will be studied closely because he employs a system all his own, being the sole exponent of a new "school."

IF YOU want something really "different," go to Gus Mann's Pot and Spigot Grill, 611 South Spring, for a meal.

A SET of barked knuckles will teach you more about wrenches than a year in a machine shop. Billings & Spencer wrenches are shaped and shopped to hold without slipping.

PICKING FISH BY HAND NOW.

"Grunnion" Season Coming at Next High Night Tides.

Tourists' Delight Gives Big Stories to Tell East.

Fish and Game Commission on Strange Fish's Habits.

Those who live along the sandy beaches need no introduction to the festive "grunnion," piece-de-resistance of many a moonlit "hand-picking party," staged at times of highest evening tides, when these toothsome, albeit tiny fish crowd up onto the sands so plentifully to spawn that they can be and often are gathered by the bucketful.

Although not recognized by law as needing protection either as game or as food fish, these small silver smelts seem to have taken quite a hold of the general public. So many inquiries about the best time to take them have come to the Fish and Game Commission that it has considered them of enough popular interest to call for an announcement concerning their peculiar habits.

Congregating, as it does, at but a few hours of certain months, the opportunity offered to really pick up by hand a mess of fine food fish right from the beach is such an unusual experience as to delight the tourist, giving opportunity also for further "tall California stories," which, like our big trees and other natural wonders, are discounted East as being typical western prevarication.

Several seasons ago Will F. Thompson, chief fisheries investigator for the California Fish and Game Commission, incidental to his more important work, made a digressive study of the interesting biological problem presented by the grunnion in its spawning habits. Thompson cleared up much of the uncertainties surrounding these, up to then, little-understood fish. He showed that certain conditions of current and temperature, by regulating the depositing and eroding of the sandy beaches, and the hatching of the eggs, rendered the runs of these fish, the "Lauresthes Tenuis" of the ichthyologist, quite reducible to rule. These are the conditions that govern their reproduction.

Recently, Victor Walker, veteran sporting goods man and expert surf angler of Santa Ana, who is in a practical way one of the foremost authorities on grunnion, prepared a "Table of Expectancies," which will be useful to those interested in these fish, showing as it does, the most promising times to arrange parties for moonlight wading excursions in quest of them. In a letter to the Fish and Game Commission, Mr. Walker says:

"We had good runs of grunnion during the latter part of March and in April. Look for them at the mouths of rivers or bays where deposits of soft sand are formed. Generally the run starts about flood-tide, but it is a good idea to keep a lookout earlier. Do not use nets. Take a change of clothing. There are two periods a month when they run. Mark the following dates in your calendar:

"May 9, 10, 11, 23, 24, 25. June 8, 9, 10, 22, 23, 24. July 7, 8, 9, 21, 22, 23."

OW! MAT MEN ARE AMBITIOUS

r and Thye Anxious to Meet Once More.

herner Says He'll Make Weight Next Time.

Suffering Bugs May be Tapped Again.

Miller, who wrestled Ted of Portland three hours to a at the Athletic Club Monday in as exciting and thrilling a match as has ever been staged in this city, last night posted a forfeit of $250 with the sporting editor of The Times to meet Thye on the latter's own terms at any time, any place, provided Thye makes the midleweight limit of 158 pounds.

Failure to do so means that Miller will claim the middleweight title, Thye having conclusively demonstrated that he is no longer a bona-fide middleweight when he couldn't make 160 pounds for Miller on Monday night.

Thye trained hard for Miller, and the best weight he could make was 163, five pounds over the middleweight figures. Miller, on the other hand, can make the weight and is entitled to all the honor he earns in that division.

The pop-eyed nuts who howled loudly because Monday night's festival began to drag a bit toward the three-hour watch should have been around when the gladiators weighed in after the session.

Miller's weight had shrunk from 156 to 147 pounds, a loss of nine pounds; Thye lost eight pounds, scaling down from 163 to 155. That's how hard the boys worked.

Had the match been decided on points, as are boxing bouts, Miller undoubtedly would have won the decision. For the first hour and a half of the match he worked on Thye continually and worked so fast that Thye was unable to get behind his man but two or three times.

At the end of the match Thye burst forth with a speech to the effect that he wished to meet Miller again for a side bet of $1000, a decision to be rendered if no falls resulted and he agreed to make the weight of 158 pounds.

With both of the boys in such an amicable frame of mind concerning the weight the only thing to do is to sign them up and put them in a ring again.

SOLONS JOLT OUR SERAPHS.

(Continued from First Page.)

with a reach that would make Jess Willard squirm with envy and that same bermuda stuck there. Charley righted himself and pegged fast to Mollwitz, the play beating Mac by a foot.

DAYLIGHT THEFT.

The stunt had all the ear-marks of a diamond robbery of a goodness-to-Agnes single. Carroll followed with an easy out, Orr to Mollwitz, and then came Sandow Griggs. Something got mixed up in the signaling code between Penner and Rowdy Elliott, but what the cock-eyed stuff really was, will undoubtedly be veiled in eternal mystery, as far as the fans are concerned.

Be that as it may, something went flooey with Ken's curves, for Art lighted on one of them and blasted the pill against the right center-field fence. The swat had gangway plastered all over it and by the time the oblong sphere was tilted back into civilization, Art was parked on third. Then came the stuff that made Plato and Aristotle famous.

FEW KINKS SHY.

Bill Rogers is just chock full of it, but it seems that Penner is a few kinks shy. Bill beckoned for Ken to come to the coaching line. As the latter wobbled to the line, Mollwitz, Pick, McGaffigan and Rowdy Elliott joined their chieftain. The quintet then got busy pumping moral courage into Penner's dome. The pumping continued until the quintet's arms ached, but at last a gleam of Aristotle essence shone in the chucker's eyes, and he was patted back to the crag amid cries of "play ball" from the wrought-up fans.

It was then that Ken showed the depth of the quintet's infusion by taking a wild chance with Crawford and getting away with it. The old bard of bards said a mouthful when he purred "Nothing succeeds like success." Everybody was singing Penner's greatness after the game, but had Sam's young lumber yard ever connected with the horsehide in the eighth inning, Ken would have been dubbed a boob of the purest ray serene.

ONE BAD CANTO.

Apart from one inning, Thomas twirled a dandy game. The sixth canto proved to be his undoing in the light of what followed. In this inning Penner was an easy out, McAuley to Griggs. Then Marty McGaffigan darted one to the right of Lindimore for two bases. Kopp smashed a hot one right at Griggs, but the pestiferous old bolus threw a duck fit as it reached Art; bounded up toward his shoulder and then went on a wild goose chase to right field.

McGaffigan scored and Kopp inhabited second a moment later when Pick went out to Griggs unassisted. Mollwitz then poled a mighty single to left, tallying Kopp, and stole second. Compton ended the agony by popping to Zeider.

LINDY THERE.

The Angels scored their only run in the fifth session, when Lindimore doubled to the right center-field fence. Zeider's out, Pick to Mollwitz, advanced Lindy to third. Stanage walked. Thomas trundled a slow one to Mollwitz and Lindy beat the first sacker's throw to Elliott. Statz and McAuley pulled off a double fanning bee.

The Angels were somewhat weakened by the absence of Killefer and Niehoff from the line-up, but even at that put up a pretty nifty article of ball. The visitors sure do look good and have been bolstered considerably by the addition of Charley Pick, who, when it comes to playing the bewildering corner, has hardly a peer in the game. The Solons are some ball team and it behooves the rank and file of fandom to be on hand today to see them perform. The score:

SHIELDS TESTIFIES IN BALL SCANDAL.

[BY A. P. NIGHT WIRE.]

NEW YORK, May 10.—James Shields, formerly an employee of Benny Kauff, suspended outfielder of the New York Giants, today testified at the latter's trial on a charge of larceny, that Kauff stole an automobile from James F. Brennan, Dec. 8, 1919. In that year Kauff and Jess Barnes, a Giant pitcher, were engaged in the automobile accessories business here. He said he saw Kauff use a screw driver to unlock Brennan's machine.

VERNON GUN CLUB ANNOUNCES SHOOT.

Another shoot of 100 targets at sixteen yards has been mapped out for the shooters at the Vernon Gun Club next Sunday. Only two more shooting dates are on the calendar, before the Vernon Club's first registered club shoot is put on, May 29. Next Sunday's program is expected to attract close to sixty shooters, both visiting and local, a number of useful club take-home trophies will be up for the winning gunners. When the registered shoot is held, it is expected to attract close to 100 gunners.

HOTEL MAN IS ILL.

Doctors Puzzled by Complaint of Oliver Amsbury.

Oliver Amsbury, whose Amsbury Hotel, Elsinore, is familiar to hundreds of motorists driving between this city and San Diego, is seriously ill at the California Hospital. Mr. Amsbury is a pioneer of Southern California, a sportsman and a landed proprietor. Physicians have failed to diagnose his ailment. An X-ray examination has been made but does not seem to reveal the trouble. His wife is in constant attendance at his bedside.

Mr. Amsbury recently completed the construction of a handsome $100,000 brick hotel across the street from the famous wooden Amsbury Hotel.

Opinions:
EDWIN SCHALLERT, TIMES—"The gilded wealth of gorgeous settings, the flaring romances of history, the artificial tales of fevered gayeties, the dizzy eccentricities of riotous farce topple by the wayside when placed beside the outlines of this human story of the hearthside."
GUY PRICE, HERALD—"'Over the Hill' didn't cost a million dollars, but it is worth that and more."
FLORENCE LAWRENCE, EXAMINER—"A gem. . . . This remarkable film with its tenderness and human nature opened to an audience which laughed and wept with utter disregard of conventions."
MONROE LATHROP, EXPRESS—"'Over the Hill' must be set down as one of the high peaks of photo-drama. Beside it the average picture becomes a thing of tawdry sentiment and cheap thrills."
JOHN DRURY, RECORD—"It is a film that places the cinema art on a par with the greatest masterpieces of literature. You should see 'Over the Hill' and take your whole family with you.

RAPID WEDDING TRIP.

PRISCILLA BONNER AND HUBBY WILL FLY TO NEW YORK.

By Grace Kingsley.

When lovely Priscilla Bonner and brave Alan Wynes marry in the course of the next fortnight, they plan to take a very unusual wedding trip. In short, they are to fly to New York from San Francisco. They will have only a pilot, who will wear blinders, and thus do they hope to miss all the bride-and-groom notoriety, including the prying ladies traveling on Pullman sleepers.

The happy pair expect to remain in New York two or three weeks, and to see all the shows. Mr. Wynes will also look after matters connected with the publication of his stories. Probably, you remember many of them, as they include some of the best sellers, among others, "Tropical Nights," "Man's Faith," "As a Man Lives" and the "Tony" series.

Miss Bonner isn't to depend on any ordinary scenario writers for her screen stories in the future, either, as her husband will write one or two scenarios for her at once.

As she is one of the rising young beauties of the screen, some interesting negotiations are now on for her future appearances.

At present Miss Bonner is playing the leading feminine role opposite Tom Gallery in the Chesters' "Wallingford's Son," a Vitagraph feature. As soon as this is finished, the marriage is to take place.

The pair are to go to housekeeping in Hollywood as soon as they return from New York, and Mr. Wynes plans to build a handsome home, Swiss chalet style, high up on a Hollywood mountain.

PAULINE FREDERICK TO REWED MACK.

Once more Pauline Frederick, Robertson-Cole star, is to wed Willard Mack, the playwright, her husband once removed, according to word just received from New York.

The secret stopped being a secret late yesterday afternoon, just before the Wolverine left for Chicago. Miss Frederick, starting back to Los Angeles, arrived about five minutes before the train left. Accompanying her was none other than her one-time husband, star of many theatrical and matrimonial ventures.

Mack was formerly the husband, among others, of Marjorie Rambeau. He married Miss Frederick after being divorced from Miss Rambeau. Mack was reported at one time to be engaged to Barbara Castleton, but apparently that was one time when the engagement didn't take.

No details are forthcoming as to when the new wedding of Mack and Miss Frederick will take place.

Marie Prevost Burns Bridges.

Just as soon as ever our stars leave Hollywood they seem to begin cutting up didoes. Take Marie Prevost, for instance. Miss Prevost, according to word received from New York, created a stir yesterday when she appeared at Coney Island in a one-piece bathing suit which immediately drew an enormous crowd about her.

Miss Prevost carried under her arm a pile of photographs which she announced to the crowd she intended burning, saying she had signed a contract to star in regular film drama with one of the biggest producers, and would have no further use for one-piece bathing suits.

In spite of the crowd's objections, the pictures went up in smoke. Presently two policemen hurried to the scene and sent Marie a-scampering toward one of hte bath-houses. Perfectly satisfied with her day's work, she went back to the Biltmore, and announced she intended leaving for Los Angeles shortly to begin work under her contract.

Montagu Love in It.

Montagu Love, according to announcement made yesterday, will play the important role of the uncle, in the Famous Players-Lasky production of "Peter Ibbetson," to be made in New York.

Ruth Has Extra Roof.

Anyone who has lost a roof will do well to call on Ruth Roland, well-known serial star.

Some people may be said to be born with roofs, some achieve roofs, but seldom do they have roofs thrust upon them. But that's what happened to Miss Roland.

You see the way it happened was that during that fierce windstorm, last Thursday night, when several families found themselves embarrassingly unroofed, Miss Roland heard a terrible commotion, and looking out of the window discovered a roof coming to rest in her back yard. That is, it appeared to be a roof, though when it landed it didn't resemble anything except a pile of lumber.

The star went out as soon as the rain subsided and tried to find a family needing a roof over its head, but couldn't locate any such, so she still has the lumber on her hands.

Mrs. Duncan Learns Cooking.

William Duncan, Vitagraph serial star, and his bride and leading lady, Edith Johnson, last week had a somewhat involuntary, though doubtless welcome, two days' honeymooning wished upon them. It was during the storm which visited all Southern California, and while the Duncan company was at Big Bear making scenes for a picture, that Mr. and Mrs. Duncan became snowbound in one of the tiny cabins in which members of the company were living. The storm not abating they were unable to leave their cabin for two days and nights.

Mr. Duncan declares that during the two days he and his wife were held prisoners he taught Mrs. Duncan to cook.

Moreno to Vacation.

Antonio Moreno, Vitagraph star, is going to take a nice long vacation this summer. No, he's not going to Europe or to any other foreign seaport, as he doesn't care particularly about either scenery or drinking, thank you. He's going to take a cottage at the beach and live in a bathing suit.

May McAvoy Chosen.

May McAvoy is to play the lead in "The Little Minister," according to word received from Jesse Lasky in New York last night. The role is that of Lady Babbie, which Maud Adams immortalized on the stage.

Penryhn Stanlaws will direct.

Billie Burke to Appear.

Billie Burke will play her first engagement at a downtown theater in some months next week at the California. Her picture is "The Education of Elizabeth."

Providing Diversion for the Playgoer and the Film Fan.

On Theatrical Program.

Louise Fazenda, without her comedy make-up. You'd probably hardly recognize her. She is appearing in a fun feature this week at the California. Constance Binney is the star of "The Magic Cup" at Clune's Broadway, while Paula Marr, in private life the wife of Willie Collier, will be seen with her famous husband in "The Hottentot" next week at the Mason.

RADIOS.

COMIC OPERA DOINGS.

CALIFORNIA COMPANY BUSY REHEARSING "FIREFLY."

By Edwin Schallert.

Practically all arrangements have been completed so that the presentation of Rudolf Friml's "The Firefly" will take place as per schedule the 23rd inst. at the Mason. This event is to mark the resumption of productions by the California Opera Company, which recently gave "Iolanthe" by Gilbert and Sullivan with an unusual degree of success. As two weeks of time are open at the Broadway theater, the company will, in addition to "The Firefly," put on "The Mikado."

Irene Pavloska is to assume the role played by Trentini, Florence Weber, and by herself while she was appearing with the St. Louis Municipal Opera last season. In the cast with her will be Roy Atwell, comedian, who formerly appeared in the humorous lead in the original production. Others engaged are Suzanne Keith, Sybil Bacon, Rolfe Sedan, Marie Horgan, Ethel Jenks, John Westervelt, Lawrence Tibbetts, Philip Ryder, Athel Atwell and Fred Holmes.

Virtually the same chorus of sixty voices as appeared in "Iolanthe" have been rehearsing for the new opera under the direction of Hans Linne the musical director, and William G. Stewart, managing director of the company.

In the presentation of "The Mikado" Basil Ruysdael and Edwin Stevens will return to the cast, both of them having been very successful in "Iolanthe." The opera is also to introduce the Chinese prima dona, Lady Lo Wah, it is announced.

Following their engagement here, the company plans a tour of California, and possibly the entire Coast.

Contest Winner Here.

Mayme Krasne, a young business woman of Omaha, winner of a popularity contest in that city, is now seeing Hollywood. Her official guide is Viola Dana, the Metro star. The prize in the contest was a trip to filmland.

Miss Krasne was accompanied by her sister on her arrival, and was greeted by Alice Lake, who took her to Ambassador Hotel, where a study of her proposed engagements was made in an effort to arrange an itinerary that might be crammed into the limited time the Omaha girls had at their disposal.

Miss Dana assumed charge of the tour of studioland later.

Ray's Ideal Picture.

Second-run pictures do not often deserve a second review, but sometimes one may cite an exception. And personally I feel like doing this in the instance of Charles Ray's film, "The Old Swimmin' Hole," which is showing at the Alhambra Theater.

It had never been my good fortune to see this feature until it opened at the present location, although I, like everybody else, have felt anxious to view it, because of its freedom from subtitles.

Of course, the mere fact that "The Old Swimmin' Hole" has no subtitles is artistically no great matter. In fact, the Ray feature probably would gain by a few here and there, but the fact that it does tell its story without the interjected descriptions gives it an ideal quality.

"The Old Swimmin' Hole" is as lyric an expression of boyhood life as one could ask from any art medium, and its method and style open a new vista. I think I may crystallize this by saying that it shows that a picture does not need a plot, or a story, or anything connected with other lines of art, to be interesting and real; that, in fact, it may evolve their own expression of feeling and emotion, virtually unaided.

"The Old Swimmin' Hole" is just a series of episodes from kid life, strung together without any show of theorizing, in which action, pantomime and feeling, as expressed in countenance and gesture, convey to the public the essence of delight. The film is lyrical in its charm and its liberty from convention.

There are places where it is overacted and overplayed, but that might be explained through the experimental quality of Mr. Ray's undertaking, which in its results has provided not only a classic in the picture gallery, but also really delightful, popular entertainment.

Grauman Concert.

Familiar compositions were the source of much enjoyment to the audience which attended the Mother's Day program by the Grauman Orchestra, under the direction of Mischa Guterson, Sunday. Popular operatic selections and old-fashioned selections chiefly made up the program.

In addition, Miss Violet Cossac, winner of the musical club federation contest, presented the Ballade in G Minor, by Chopin, giving a brilliant interpretation. She was recalled for an encore.

A trumpet solo, "Une Perle de L'Ocean," was rendered by W. A. Thieck, who was also encored.

Thriller at the Ambassador.

"Habit," the screen offering at the Ambassador, is a grippingly absorbing picture play. It has a plot that is carefully wrought out. It gives us the story of a young woman who persists in her habit of extravagance, in spite of the fact that her indulgent father is a bankrupt. She dreams a dream, and in that vision she has two suitors, one rich, the other poor. She marries the impecunious one. The dream continues, and all its succeeding episides revolve around the efforts of the rejected suitor to win her away from her husband.

Tense moments are those in which the unscrupulous rich lover entices her to his apartment and makes the customary closed-room attack. (Customary in motion pictures, that is, to say, for we hopefully doubt that such horrible struggles are frequent in real life.) The scene in the room is startlingly "realistic." Another thrilling bit of realism is the smash-up of two trains in a collision.

A capable cast interprets this thriller.

The Ambassador Players are seen in a one-act comedy from the pen of Preston Gibson. "The Secret Way" is its title. It is a clever and interesting playlet, one of the best so far produced by these earnest performers. Those taking part are Ruth Renick, John Elliott and Arthur Stuart Hull.

Bershon Goes to New York.

David Bershon, general manager of the First National Exchange, left last evening for the convention of First National Exchange district managers to be held in New York City beginning Sunday.

Before departing, however, Bershon took out insurance covering exhibition value of five extra prints of Norma Talmadge's latest production, "The Passion Flower," which is now showing at the Kinema.

Kinema Announces.

Sol Lesser has returned from New York. He announces that, as Jackie Coogan, hero of "Peck's Bad Boy," will not reach Los Angeles until the 20th inst., the picture will be held over until the 28th, that Jackie may be duly honored at its premiere at the Kinema.

On Saturday, next, the Kinema will present "Sowing the Wind," with Anita Stewart. This picture will be followed by George Beban's "One Man in a Million," Beban appearing in person in his sketch, "The Sign of the Rose." Beban has been taking a transcontinental trip, but will arrive soon.

Armstrong Company to Move.

This is farewell week of Ed Armstrong's Baby Dolls at the Burbank Theater. The company of seventy-five, appearing in a musical comedy revue, entitled "Harem Love," the cast including Manny King, Irene Brooks, Billy Riddle, Nan Keyes, Rooky Lewis, Violet Mansfield and a number of other fun providers.

Announcement has already been made that beginning Sunday, the Dalton Brothers' stock company, direct from a two-year run at Kansas City, will arrive with their entire company and equipment, and to be known as the Hi Jinks Musical Comedy Company, which will present as their first offering, "The Blue Bird Girl."

Ed Armstrong will take his company to their new home, the Capitol Theater, at Fourth and Spring streets, where the opening bill will be "The Love Nest."

Tyrone Power Abroad.

From New York comes word that Tyrone Power is working night and day at the Fox studios to finish his picture in time to go to Europe to make another film over there. Although nothing is said of the company he expects to join, it is thought that he will become a member of the J. Gordon Edwards organization, which lately left to make pictures in Rome and in other places in Europe.

Brooks in Familiar Playlet.

Alan Brooks will return in his successful playlet "Dollars and Sense" next week at the Orpheum.

Mr. Brooks was seen in this same production several seasons ago, and it has been reckoned one of the great hits of vaudeville.

Several other dramatic attractions are on the program, including "The Beautiful Lady," in which Lolya Adler, daughter of Jacob Adler, the noted Yiddish actor, is featured. "King Solomon, Jr.," in which Franklyn Ardell and his harem will play a second week.

Behymer's Recovery Good.

Speaking of L. E. Behymer, recalls the fact to me of a visit the other day to the musical impresario, and the impression then gained that he is making a satisfactory recovery. He is at the Clara Barton Hospital. The successful performance of a difficult operation has renewed his confidence, and although he had at times to put up a strenuous fight to hold his own, he has by now won the battle.

The seriousness of the struggle can probably only be comprehended when he relates of the will power and strength he had to command at times to resist the violent depression that followed the operation.

"But I'm getting along all right now," said "Bee." "I've put one kidney behind me, far behind me, I hope, and now all I have to do is to get on my feet again, and I don't expect that will be for some little time yet, but still I feel very well satisfied now to wait.

"It's no fun to lie on your back and look up at the ceiling. I've divided off the map of Europe half a dozen times on the blank walls since I've been lying here, and could give a peace conference a few lessons in the geography of history. It's a tough game lying here and doing nothing, I can tell you, a lot tougher than managing concert artists."

Mr. Behymer also gave great credit to his office force for their work during his seven weeks' absence. Such organizations as the Chicago Opera and the Bolm Ballet played the city.

"One hundred and twenty-eight engagements for various people were booked through our territory, and not one of the dates was canceled," he said in summing up the results.

Mr. Behymer is eagerly looking forward to his return to the freedom of full convalescence, in the course of the next two or three weeks.

"Three Faces East" Next.

"Three Faces East," the mystery melodrama of the war period, is being considered as the play to follow "Adam and Eva" at the Morosco. At present there is no sign of the discontinuance of the present attraction. The piece is in the fifth week.

Lloyd's New Comedy.

Harold Lloyd will start work next week on a comedy, the title of which will be announced later. As usual, Mildred Davis will play opposite.

WANT STILLMAN TO TAKE STAND.

Banker Escaped Being Cross Examined Before.

Wife's Lawyers Want to Ask Him Questions.

Mysterious Letter and Duel Challenge Rumored.

[EXCLUSIVE DISPATCH.]

NEW YORK, May 10.—James A. Stillman, former president of the National City Bank, will be recalled as a witness in his action for divorce against his wife, Mrs. "Fifi" Stillman, it was learned today.

Mr. Stillman testified at the first secret hearing before Referee Daniel J. Gleason at the New York City Bar Association last December. His testimony was merely formal, and consisted in giving his name, age and other details, and establishing the fact of his marriage to Miss Anne Urquhart Potter, now Mrs. Stillman.

Mr. Stillman escaped cross-examination. It was learned that John E. Mack, special guardian for Guy Stillman, youngest child of Mrs. Stillman, whose legitimacy is attacked by Mr. Stillman, will insist that Mr. Stillman be recalled. It was said Mr. Stillman would be asked to tell where he was during the period preceding the birth of Guy.

A lawyer associated with the defense received a letter from a woman living on Park avenue today giving the names of a number of witnesses who, she said, could testify that Mr. Stillman paid every attention to Mrs. Stillman while she was at the Woman's Hospital, both before and after the birth of Guy, and treated Guy as a baby with a fondness that caused no suspicion that he believed he was not the child's father.

According to the contention of the plaintiff's attorneys, Mr. Stillman was informed long before Guy was born that Fred K. Beauvais, whom he named as co-respondent, was the father.

DUEL CHALLENGE?

A story in an afternoon newspaper that Mr. Stillman had been challenged to a duel by an unidentified man who met him on the street, and that the banker was now accompanied by a bodyguard, caused amusement among the latter's friends, who said they had no knowledge of the incident.

It was said that Mr. Stillman, who was an athlete when a student at Harvard University, had always kept himself in excellent physical condition, and was able to take care of himself.

It was learned, however, that many persons have called the Stillman home, at 270 Park avenue, by telephone during the last few weeks and expressed condemnatory opinions concerning him to any servants they could reach. The calls were said to have become so numerous as to attract the attention of the telephone operators of the neighborhood exchange.

STRIKERS BEAT NEGRO SAILORS.

Union Mariners Storm Baltimore Customhouse.

China Mail Company Signs at Old Wage Scale.

Laborites Accuse Chairman Benson in Congress.

[BY A. P. NIGHT WIRE.]

BALTIMORE, May 10. — Four riotous demonstrations by striking marine workers were incidents of a day devoted by deep-sea organizations of union men and ship operators here to preparations for a prolonged struggle.

Neither side would yield. Every point has been settled, it was said, except that of wages.

ONE SHIP SAILS.

One ship, the Absaroka, sailed for Barcelona, having obtained a crew at the new scale. The Coelleda was about to sail when the crew walked off on arrival of a crowd of strike sympathizers, who attempted to invade the piers.

More than thirty men were arrested. Several nonunion negroes were beaten.

A determined attempt to storm the customhouse, in which fifty negro strike-breakers had taken refuge after being attacked, was made. Lieut. Davis, in charge of the police guard, was struck by a brick when 100 raiders attempted to rush the piers. They were swept back onto the ferryboat by water from the fireboats.

DEADLOCK IN NEW YORK.

[BY A. P. NIGHT WIRE.]

NEW YORK, May 10.—Sea-going union labor and owners of American flagships today continued in deadlock over the 15 per cent wage reduction ordered into effect May 1.

Reports that marine engineers at Galveston, Mobile and Pensacola had voted to accept the cut brought from union leaders the statement that such acceptance would have no effect on the national situation, which they said would have to be settled by a referendum.

According to statements by representatives of the machinists' union, only twenty-eight American ships have left New York since the strike was called, while W. L. Marvin of the American Steamship Owners Association, said forty-one had departed.

COMPANY SIGNS UP.

[BY A. P. NIGHT WIRE.]

SAN FRANCISCO, May 10.—The first important break in the strike of ship crews here came today when the China Mail Steamship Company, operating three trans-Pacific liners, signed up with the striking unions for a year at the old wage, according to an announcement by the Marine Engineer's Beneficial Association. The crews were ordered to report to the company's steamer Nanking, which is due to leave for the Far East Thursday.

Due to riot conditions on the water front yesterday, when the Shipping Board freighter Bakersfield was boarded at her berth by 200 men and several members of the crew beaten, the police detail at the docks was increased by sixty men today.

BENSON IS ACCUSED.

[BY A. P. NIGHT WIRE.]

WASHINGTON, May 10.—Charges that the government, through Chairman Benson of the Shipping Board, is shouldering the fight of the shipowners against the unions were made to members of Congress today by spokesmen of the district council of the Marine Engineers' Benefical Association. They asked that Congress take some action in the situation.

William S. Brown, president of the association, announced that the Appropriations Committee would be asked to grant the engineers a hearing.

Discussing the general situation, Brown said the Chinese Mail Line had signed an agreement for one year at wages in effect before May 1 and that he expected more Pacific Coast companies to sign up at the old wages as they had but recently joined the American Shipowners' Association.

The Cantilever SHOE

What It Will Do For You

The Cantilever Shoe will give you more comfort, more strength, more pleasure in walking, more happiness during the day, than shoes of the ordinary type. Moreover, there is a style about the Cantilever which will look well on your foot.

Like the arch of your own foot, the arch of the Cantilever Shoe is flexible. This enables your foot muscles to enjoy a freedom of action which is pleasurable and beneficial. By maintaining the strength of your arch muscles through exercise and free circulation, you are going to save yourself from the unpleasant experience of women who suffer from weak arches, flat foot and kindred ills.

The Cantilever Shoe will give your toes a chance to wiggle a little, straighten out and enjoy themselves. Ten times will you be thanked for this.

GOVERNMENT MUST AID CABLES, SAYS CARLTON.

HELP MUST BE FACILITATED IF AMERICA IS TO HOLD DOMINANT POSITION.

[BY A. P. NIGHT WIRE.]

WASHINGTON, May 10.—Expansion of cables controlled by American capital must be facilitated if the United States is to hold a dominant position in world trade, Newcomb Carlton, president of the Western Union Telegraph Company, asserted today before the House Commerce Committee, at the opening of the hearings on the Senate bill granting the President authority to control cable landings.

He added that the government must co-operate with such enterprise, not block it, as he charged the Wilson administration did in "preventing by force" the landing at Miami, Fla., of Western Union cable from the Barbadoes.

The witness reviewed the controversy between his company and the government over the Barbadoes-Miami cable and asserted passage of the Kellogg bill by the House was being urged with a view of forestalling the Supreme Court's decision in the case now before it growing out of the controversy.

The expected decision of the Supreme Court, the committee was told, will define whether authority over cable landings rests with the President or Congress.

"It's nonsense to say that if the court holds the President has no right under existing laws to control cable landings," Mr. Carlton asserted, "that American shores will be invaded by hostile cable companies."

The witness objected to the Senate measure because it "would give subordinates of the President" arbitrary control of cables.

A separate House bill, similar to the Senate measure, is to be taken up in the House later this week and probably passed, Representative Mondell, Republican leader, announced today.

WAR FINANCE BODY TO AID COTTON MEN.

SOUTHERN BANKERS AND EXPORTERS GIVEN CORPORATION'S REQUIREMENTS.

[BY A. P. NIGHT WIRE.]

NEW YORK, May 10.—The War Finance Corporation is ready to consider plans for co-operation in financing cotton exportation on any one of three bases, Eugene Meyer, Jr., managing director, told a subcommittee representing southern bankers and cotton exporters today.

In announcing that the corporation would consider each application for export on its merits, he named the following bases:

For prompt shipment against deferred payments.

For future shipment within reasonable time against either prompt or deferred payments after arrival in foreign countries where goods are under definite contract for sale, or,

For prompt shipment to warehouses in foreign distributing points, to be held there for account of American exporters and bankers for marketing out of warehouses.

RIGHT after overhauling, or when you first use the new car she's as smooth as oiled silk. How long will it be until the power begins to go bad, the engine knocks now and again, bucks when you throttle down, overheats on a hard pull?

Such premature troubles have a cause. Under the intense heat of your engine—200° to 1000° F.—ordinary oil forms black sediment. Sediment damages vital parts. See the long list—19—shown above.

Treat your engine fairly. Let the parts keep smooth and bright. Over a million motorists keep their engine running smoothly by using Veedol, the lubricant that resists heat.

Sediment is reduced 86% when you use Veedol. With Veedol in your engine costly replacements, bearing wear, valve troubles, are all held down to minimum. Have your engine flushed out to cleanse it of grit, sediment and thickened oil. Put in Veedol. Leading dealers have it in stock. Ask today for a supply of Veedol.

Veedol lubricants for every part of the car

Use Veedol lubricants for all parts of the car: VEEDOL for the engine (light-zero, medium, heavy, special heavy, extra heavy); for the differential and transmission, VEEDOL TRANS-GEAR OIL or GEAR COMPOUND; for the tractor and truck, WORM DRIVE OIL; GRAPHITE GREASE; CUP GREASE.

SINN FEIN MUST CEASE MURDERS.

Cardinal Declares Bloodshed Won't Get Peace.

Ireland Can Get All She Wants if Killings Quit.

De Valera Said to Have Had Enough Fighting.

BY JOHN STEELE.

[BY CABLE—EXCLUSIVE DISPATCH.]

DUBLIN, May 10.—Erskine Childers, the English author, whose wife is an American and who recently has been prominent in extreme Sinn Fein circles, was arrested yesterday by crown forces and taken to Dublin Castle for examination. He is suspected of being the editor of the official organ of the Sinn Fein and if this is proved against him he will probably be imprisoned or sentenced as a rebel.

"There is hardly a single concrete fact pointing to an early peace in Ireland, but I am confident it is coming. It is in the atmosphere," said a leading official at Dublin Castle this morning and he then pointed out various concrete facts which are hopeful of peace.

MURDERS MUST CEASE.

The first and most significant was Cardinal Logue's statement a few days ago in which he said he knew it for a fact that Ireland could get all she wanted if murders ceased. It was declared this statement was made after most careful consideration and consultation with the heads of the Sinn Fein. It was what is known here as a kite flown to test the feeling of the rank and file in case the leaders should reach a compromise and on the whole it has been well received.

Another concrete fact was the meeting of Sir James Craig, Premier designate of Ulster, and Eamon de Valera, "president of the Irish republic," which took place not on the spur of the moment, but was the result of a long and careful negotiation by Lord Justice O'Connor and Undersecretary MacMahon of Ireland.

TIRED OF FIGHTING.

On the Sinn Fein side it is declared that De Valera is tired of fighting and bloodshed and has no hope for eventual success and is willing to make wide concessions to secure peace. I am informed that he told Sir James that he could not afford to offer a compromise plan but he asked the Ulster leader to put up a plan for consideration and he would do his best to see it worked.

Nominations for members of both Parliaments will take place Friday and in most places outside of Ulster they will be equal to an election as there will be no opposition. It is estimated that the Sinn Fein are sure of 120 seats out of 128 in Southern Ireland and sixteen out of fifty-four in the north. The only possible contests in the south are in the universities and in one or two districts in Dublin where the Unionists might have a chance of winning. Bitter contests are expected in some of the northern districts.

WASHINGTON NEWS IN BRIEF.

[EXCLUSIVE DISPATCH.]

WASHINGTON, May 10.—President Harding has determined his Mexican policy, which makes recognition of the Obregon government contingent on protection of Americans, respect for American property rights and satisfaction of American damage claims.

President Harding is content to let the Knox peace resolution await the decisive action which he believes will follow the Allied ultimatum to Germany, desiring to do nothing here to embarrass the reparations settlement.

Senator Edge of New Jersey, one of four Republicans who voted against the emergency tariff bill in the last session, told the Senate that he would vote for the measure this time because of the new antidumping provisions.

Advocates and opponents of the sales tax clashed before the Senate Finance Committee. Several witnesses appeared on each side of the controversy.

Julius Kruttschnitt, chairman of the Southern Pacific Railroad, was the first witness in the investigation into the railroad situation before the Senate Committee on Interstate Commerce.

Representative Johnson of Kentucky charged today that the court-martial trial of Army officers for the escape of Grover Cleveland Bergdoll, the draft slacker, was "a whitewash."

The House today stood pat on its small Army determination and passed the Army appropriation bill providing for a standing army of only 150,000 men.

SOUTHERN PACIFIC VETERANS CELEBRATE.

OBSERVE FIFTY-SECOND ANNIVERSARY OF FIRST TRANSCONTINENTAL TRAIN.

[BY A. P. NIGHT WIRE.]

SAN FRANCISCO, May 10.—Pensioned veterans of Southern Pacific Railway yards, locomotive cabs, offices and trains met at their annual luncheon here today to celebrate the fifty-secod anniversary of the driving of the last spike at Promontory Point, Utah, which joined the Union Pacific and Central Pacific systems and completed the first transcontinental railroad.

William Hood, dean of American railroad engineers, who was one of the luncheon speakers, told how he helped drive the last stretches of Central Pacific track in record time to meet the Union Pacific. Hood retired from the Southern Pacific May 3, 1921, after fifty-four years' service, at the age of 75, in order to seek more difficult work, having tired of the office routine, which became a part of his life when the railroad's big outdoor projects were completed.

William Sproule, president of the company; Paul Shoup, vice-president; E. O. McCormick, vice-president, and J. H. Dyer, general manager, were among other Southern Pacific men who spoke.

Tribute to the 117 veterans of the service, who have died since the last luncheon one year ago and to the "Big Four" of the old Central Pacific, Leland Stanford, Charles Crocker, C. P. Huntington and Mark Hopkins, was paid by a silent standing toast.

The golden spike, driven at the meeting of the rails fifty-two years ago, the silver hammer, which drove it, and the spade, which turned the first dirt at Sacramento in the construction of the system, were on exhibition.

MAURETANIA CARRIES EIGHT MILLION GOLD.

SHIPMENT OF $5,000,000 FROM ENGLAND TO RETIRE ITS 5½ PER CENT BONDS.

[BY A. P. NIGHT WIRE.]

NEW YORK, May 10.—A $5,000,000 gold shipment said to be the first of a series to be made by the government of Great Britain to aid in the retirement of its 5½ per cent bonds, has arrived here. Consigned to the J. P. Morgan & Co., fiscal agents here for the English government, the gold came yesterday aboard the steamship Mauretania.

In addition to the Morgan consignment, the Mauretania brought a $3,000,000 gold shipment to another banking house.

The flow of gold into the United States during the last month approximated $50,000,000 making the total since the first of the year in excess of $231,000,000.

Another shipment of $6,225,000 arrived today from Gothenburg, Sweden.

MONDELL OPPOSES BUILDING MEASURE.

[BY A. P. NIGHT WIRE.]

WASHINGTON, May 10.—Opposition to the passage at this session of Congress of a public building appropriation bill was announced in the House today by Representative Mondell of Wyoming, Republican leader.

"Until the state of our finance is better I do not believe we should have a building bill," he said.

FAMOUS AVIATOR OF WORLD WAR SUICIDE.

HERO OF ITALIAN BOMBING RAIDS FOUND DEAD WITH BULLET HOLE IN HEAD.

[BY A. P. NIGHT WIRE.]

BOSTON, May 10.—Capt. Paton McGilvary, hero of several notable bombing raids as an American flyer with Italian forces in the World War, was found dead in the rear of a garage in the Back Bay district today. He had been shot over the left eye. An automatic pistol lay near by. The medical examiner said the circumstances indicated suicide.

Capt. McGilvary, who was born in Berkeley, Cal., thirty-four years ago, and who had been decorated with the Italian War Cross for bravery, entered the commercial aviation field in New England after the war. His venture was said to have resulted in financial losses.

MADISON (Wis.) May 10.—Lewis P. McGilvary was the son of E. B. McGilvary, professor of philosophy at the University of Wisconsin, and was himself a graduate of the university in the class of 1916.

SAFETY INSTRUCTION IN SCHOOLS URGED.

[BY A. P. NIGHT WIRE.]

APPLETON (Wis.) May 10.—Such phrases as "I see the cat" and "the dog runs" in the elementary grades should be replaced by sentences similar to "I look right and left when I cross the street," according to C. M. Anderson, manager of the safety division, Milwaukee Association of Commerce, who urged safety instruction in public, parochial and vocational schools, in an address before the Wisconsin industrial service conference today.

He pointed out the great percentage of children's lives saved in St. Louis, Detroit and Rochester, N. Y., where safety instruction is taught in schools.

CHANGE RULES ON POSTMASTERS

Administration to Have Freer Hand in Selections.

Executive Order Will Affect 13,000 Appointments.

May Choose One of First Three on Eligible List.

[BY A. P. NIGHT WIRE.]

WASHINGTON, May 10.—Civil service restrictions governing postmasters were modified by President Harding today to give the administration a freer hand in exercising its own judgment as to the qualifications of applicants.

In an executive order affecting approximately 13,000 postoffices of the first, second and third classes, the President authorized the selection of any one of the first three on the eligible list as determined by open competitive examinations. Under an order of President Wilson, the executive was required to appoint the applicant at the head of the list.

EFFICIENCY DESIRED.

President Harding issued a statement saying the new arrangement had been decided on because it would permit such elements as business training and experience to figure in the selection of postmasters, and would not stake the choice merely on "a cloistered scholastic examination which might result in a high grade in theory, but not a guaranty of efficiency in fact."

Today's action was the first important step taken by the new administration in the general problem of patronage and is understood to have been decided on after conferences between the President, Postmaster-General Hays and other high administration officials.

President Harding's order follows:

TEXT OF ORDER.

"When a vacancy exists or hereafter occurs in the position of postmaster at an office of the first, second or third class, if such vacancy is not filled by nomination of some person within the competitive classified civil service, who has the required qualifications, then the Postmaster-General shall certify the fact to the Civil Service Commission, which shall forthwith hold an open competitive examination to test the fitness of the applications to fill such vacancy and when such examination has been held and the papers have been rated, the said commission shall certify the results to the Postmaster-General, who shall submit to the President the name of one of the highest three qualified eligibles for appointment to fill such vacancy unless it is established that the character or residences of any such applicant disqualifies him.

"Provided: That at the expiration of the term of any person appointed to such position through examination before the Civil Service Commission, the Postmaster-General, may, in his discretion, submit the name of such person to the President for re-nomination without further examination.

"No person, who has passed his sixty-fifth birthday or who has not actually resided within the delivery of such office for two years next preceding such vacancy, shall be given the examination herein provided for.

"If, under this order, it is desired to make nomination for any office of a person in the competitive classified service, such person must first be found by the Civil Service Commission to meet the minimum requirements for the office."

Napoleon's Ideal Woman.

The great Napoleon, in response to a question once asked by a lady, replied: "My ideal woman is not the beautiful society belle or the butterfly of fashion, but the matron who reaches middle age in complete preservation of health, with stalwart children by her side."

There are a great many women of middle age who owe their good health to Lydia E. Pinkham's Vegetable Compound, that famous medicine for female ills. For almost fifty years this wonderful medicine, compounded of roots and herbs, has been restoring suffering women to health. —[Advertisement.

Beauty Hints

JOHN J. McNAMARA IS FREED FROM PRISON.

WRECKER OF LLEWELLYN WORKS EVADES REPORTERS, WILL SPEAK TONIGHT.

[BY A. P. NIGHT WIRE.]

SAN FRANCISCO, May 10.—John J. McNamara, released today from San Quentin prison after serving nine years and five months for dynamiting the Llewellyn Iron Works in Los Angeles in 1910, evaded all interviewers on arrival in San Francisco.

As far as could be learned he was staying with friends.

Officials of the International Association of Bridge and Structural Iron Workers, of which McNamara formerly was secretary, whisked him away in an automobile. Later these officials announced that McNamara had sent telegrams to friends that he was released and that no attempt had been made to rearrest him on Federal charges said to be pending against him in Indianapolis.

McNamara is scheduled to speak tomorrow night before the local structural iron workers' union.

He left behind him at San Quentin his brother, James B., who is serving a life sentence for murder in connection with the blowing up of the Los Angeles Times Building.

McNAMARA WELCOME DISGUSTS WOOLWINE.

URGES LAW-ABIDING LABOR MEN TO DISAPPROVE OF FETEING "ARCH FIEND."

Calling attention to the crime for which John J. McNamara was sent to San Quentin, Dist.-Atty. Woolwine, on the eve of the dynamiter's release yesterday, issued the following statement:

"It should not be forgotten that John J. McNamara was one of the guiding spirits in one of the most infamous and far-reaching plots for the destruction of property and human life that has ever blackened the history of this country. He was directly implicated in the murder of twenty unsuspecting and innocent human beings by assassination of the vilest and most stealthy character. It is almost unbelievable that this criminal, at the close of his inadequate prison sentence, should receive the most solicitous care and the warmest welcome from some misguided or evil union labor leaders. This attitude demonstrates their indorsement and approval of his diabolical crimes. The law-abiding members of labor unions throughout the United States should place their stamp of disapproval upon the entertainment of this fake martyr and arch fiend, and he should be scourged from their ranks for the murderer that he is. It is a great pity that he was not hanged, for he most assuredly merited something worse than a prison sentence.

"The great lapse of time, the enormous expense and the fact that the witnesses in this conspiracy are scattered to the four winds would seem to make any further prosecution impracticable."

DIVERGENT VIEWS ON SALES TAX LAW.

ADVOCATES AND OPPONENTS APPEAR BEFORE SENATE FINANCE COMMITTEE.

[EXCLUSIVE DISPATCH.]

WASHINGTON, May 10. — Advocates and opponents of a sales tax clashed today before the Senate Finance Committee. Supporters of the sales tax who testified included L. R. Wilfley, New York City, representing the Tax League of America; John S. Hoad, former collector of internal revenue for the Philippines, and author of the sales tax law in effect in the islands, and C. H. Smith of the Westinghouse Manufacturing Company, Pittsburg, chairman of the tax committee of the National Association of Manufacturers.

Those opposing a sales tax included R. G. Elliott, Chicago, representing the National Association of Credit Men; Philip H. Gadsden, Philadelphia, president of the American Electric Railway Association, and J. A. Peacock, secretary of the tax committee of the National Industrial Conference Board.

The hearing was enlivened by exchanges between supporters and opponents of the sales tax.

Peacock questioned the accuracy of estimates made by advocates of a sales tax as to the pyramiding of the tax. He declared that many items have been omitted from the tables which purport to show that the final cost of a commodity would be increased not more than 3 per cent as a result of a 1 per cent turnover tax. He also ridiculed an estimate by a Department of Justice investigator that the effect of the excess profits tax has been to increase the cost of commodities by 23 per cent.

Wilfley served as Attorney-General of the Philippines at the time the Philippine sales tax law was placed in effect in 1905, and declared it had worked well. Similar testimony was given by Hoad, who drafted the Philippine law. Hoad declared that the Philippine Islands were bankrupt before the sales tax was adopted, and that this tax had been responsible for subsequent prosperity. He said the tax had proved easy to collect and had met with general satisfaction.

APPROVE SAN DIEGO POWER BOND ISSUE.

[BY A. P. NIGHT WIRE.]

SAN FRANCISCO, May 10.—San Diego Consolidated Gas and Electric Company was authorized by the Railroad Commission today to issue $2,750,000 bonds and $325,000 stock, and to lease from the recently organized San Diego Gas and Electric Company the power plant in San Diego formerly owned by the San Diego Railway Company. The San Diego Gas and Electric Company was given permission to issue three shares of stock. Final approval of the Consolidated Company's refinancing plan was withheld by the commission, pending the filing of a copy of a proposed mortgage.

A Helpful Booklet

NOT long ago we prepared a booklet, "The Principles of Safe Investment," designed particularly to help inexperienced investors. It has been placed in the hands of thousands of people and many tell us it has been of service. But a curious and interesting demand for this same book has developed among experienced investors, also — men and women who have been buying bonds for years.

"It has given me a better basis for judging securities," writes one man. "I never before grasped the fundamental difference between speculation and investment," writes another. "Those seven pages of definitions of financial terms and phrases are invaluable," a woman investor remarked in telephoning us for a second copy of the book to give to a friend. "I refer to your book frequently," says a teacher of economics.

Here are the subjects treated:

—Functions of on Investment House
—Difference between Investment and Speculation
—Judging Corporation Securities
—The Features of the Ideal Investment
—Bonds Described and Defined
—Yield Described and Defined
—Investment Features of Bonds
—General Classes of Bonds
—Principal Types of Bonds
—Stocks Described and Defined
—Definition of Financial Terms and Phrases

We now have a limited number of copies of this Booklet, for free distribution, and will gladly send you one, upon written or telephone request. In receiving your copy, you will in no way place yourself under obligation to us. Ask for "Principles of Safe Investment."

Feels Twenty Years Younger

Los Angeles Man Is Now in Best of Health.

Had Given Up Hope After Suffering 20 Years.

Has Gained a Lot in Weight, He Says.

"I feel twenty years younger since taking Tanlac—it certainly is a wonderful medicine," said S. S. Armagast 866 East First St., Los Angeles night watchman for the Senegram Metal Co.

"For twenty years my stomach was in bad condition, but a few years ago I had a spell of pneumonia and since that time nothing I ate seemed to do me any good. I lost strength day by day and finally got so discouraged over my condition I was ready to give up. A friend at the plant advised me to take Tanlac, but for a long time I wouldn't do it, as I had been disappointed so often in medicines I didn't think any of them could help me.

"Finally, however, I got a bottle, hoping it might give me some temporary relief. What it did for me was the biggest surprise of my life The first bottle improved me so much I kept taking it until I can say that I am a well man. It toned up my stomach so that everything I eat agrees with me, and it has given me strength and energy I never expected to have again. I have picked up in weight, too. It even rid me of constipation that used to bother me so much. In fact it did a thorough job for me, and I now feel just the way I have been wanting to feel for years." Tanlac is sold in Los Angeles by the Owl Drug Co. and leading Duggists.—[Advertisement.

NIGHT RIDES GREAT MENACE.

City Mother Scores Midnight Motoring.

Service Today for Prominent Iowa Jurist.

Pasadena Enjoys Its Biggest Building Boom.

[LOCAL CORRESPONDENCE.]

PASADENA, May 10.—Evening motoring by young people is an important factor in a tremendous increase in moral delinquency among boys and girls, asserted Mrs. Emma Speer, "city mother" of Pasadena, here today.

Mrs. Speer characterized the increasing number of delinquents among young people of the country as one of the most serious problems of the day. The young people, she said, are becoming sophisticated far beyond the realization of their parents. And one cause, she asserts, is roadside "spooning" by young motorists. Mrs. Speer heartily indorsed the action of Chief of Police Martin in restoring the operation of the curfew ordinance here, prohibiting children from being on the streets late in the evenings.

Of sixty-three cases investigated by her department in April, reported Mrs. Speer, sixteen were classed as "in danger of immoral conduct," two "imprudent conduct" and one runaway. Other cases were more or less the routine of the domestic relations department.

JUDGE STILES'S FUNERAL.

Funeral services will be held tomorrow afternoon at 3 o'clock at the parlors of Turner and Stevens, Pasadena, for Judge E. H. Stiles, prominent jurist of Iowa and Missouri for many years, who died Monday at the home of his son-in-law, Senator Egbert J. Gates, 1120 Buena Vista street, South Pasadena.

Judge Stiles was 80 years old. He had made his home with his son-in-law for the past ten years, having retired at that time after a distinguished legal career first in Iowa and later in Missouri. He was the author of a number of books, including "Recollections of Notable Lawyers and Public Men of Early Iowa."

Permits for 275 residences in Pasadena have been issued by the city building inspection department since the first of January, according to a summary compiled today. Builders and architects say indications point to much house building here the remainder of the year, also.

The city of Pasadena will cultivate some nuts. Not the kind that is always writing letters to the City Hall or protesting about something or other, but the kind that grows on trees. J. S. Jenkins, 1030 Topeka street, has presented the park department with a number of Texas pecan trees, to be placed in the park. Park Superintendent Jacob Albrecht says these trees are almost unknown in this part of California. The park department will experiment with these trees for ornamental and shade purposes. The superintendent has not stated who will get the nut crops.

TO BACK CHAUTAUQUA.

[LOCAL CORRESPONDENCE.]

REDLANDS, May 10. — Seventy business men of this city have signed the contract, which will bring the Chautauqua to Redlands again next season. They contract to dispose of 700 tickets for the season.

The price of the Chautauqua will be back to normal next year. Last year it was $3 a season ticket for twenty entertainments. This year it was $2.72, and next year it will be $2.50.

Peter Clark McFarlane, the lecturer, paid a great tribute to the spirit of Los Angeles, which he says has made a wonderful city.

Venice Provides Attorney to Defend Policeman.

[LOCAL CORRESPONDENCE.]

VENICE, May 10.—Bert Gorman, Venice motorcycle officer, who was indicted by the grand jury several months ago, will be provided with sufficient funds by the city of Venice with which to secure an attorney. This decision was made last night by the Board of Trustees on the motion of Trustee John Harrah.

The matter was opposed by Trustee William Lutz, who said that as long as Gorman had presented enough evidence of wrong doing to incur the grand jury's indictment, he should not receive help from the city.

Harrah declared that if the city expects its employees to perform their duties faithfully, the city must stand behind them when they get into trouble.

Gorman was indicted in connection with a recent speed case that came before the Venice police court.

GERMAN PICTURES NOT FOR VENICE.

[LOCAL CORRESPONDENCE.]

VENICE, May 10.—It will not be necessary for the City Board of Trustees of Venice to enact an ordinance imposing a license of $500 a night on German-made films in Venice, as was proposed by Trustee C. W. Holbrook. George Cleveland, owner of a chain of theaters, and as head of the Venice Investment Company, controller of all Venice theaters, today made the statement that no German or Austrian-made picture will ever be shown in the theaters here.

[EXCLUSIVE DISPATCH.]

POMONA, May 10.—Quieting rumors that have been rife in Pomona since the municipal election last month, of proposed changes in the appointive offices, the Pomona City Council today reappointed all former officials with the exception of C. E. Bayley as City Engineer, with that of the street superintendency and appointed F. C. Froehde of Upland to the place.

Those reappointed are: J. M. Paige, Park Superintendent; Albert W. Lyter, Chief of Police; John O. Shewman, Chief of the fire department; Frank Loney, electrical inspector; W. A. Walls, Poundmaster; Miss Lota Mullen, Deputy Assessor; Bert Leigh, Deputy City Clerk; Dr. William H. Eaton, Health Officer.

NEW SUPERINTENDENT FOR ONTARIO SCHOOL.

[LOCAL CORRESPONDENCE.]

ONTARIO, May 10.—Claude W. Randall of Palo Alto and for some time past connected with Stanford University, was today appointed City Superintendent of Schools to fill the vacancy left by the resignation of Merton E. Hill, whose duties as principal of Chaffey High School made it impossible for him to continue longer at the head of the grammar school system.

Mr. Randall was selected at the first meeting of the new Board of Education, which organized with J. S. Armstrong, president; Ross P. Garbutt, clerk, and A. J. Stratman. The new Superintendent will complete the present school year and will be in charge next year.

SPEND BIG SUM IN ORANGE COUNTY — OTHER NEWS OF INTEREST.

[EXCLUSIVE DISPATCH.]

SANTA ANA, May 10.—Announcement of a budget of $364,400 to be spent in Orange county to improve the Southern California Edison Company's service was made here today by W. L. Deimling, district manager.

The money will be spent in development and general system expenditures throughout Newport Harbor, Santa Ana, Orange, Fairview, Garden Grove, Huntington Beach, Los Alamitos and Yorba Linda.

MOTOR HOLIDAY.

Orange county members of the Auto Trades Association will motor to Camp Cajon, Saturday, according to H. O. Davis, secretary-manager of the association here. The general public is invited to join the garage men's holiday and it is expected that a large number of Orange county motorists will motor to Camp Cajon on the holiday.

VULCANIZER KILLED.

An automobile rim falling and striking Mac A. Miller on the head, was said to be the cause of the vulcanizer's death, by the Coroner's jury yesterday. Miller died here Sunday. He was working as vulcanizer for Jack Olivarri, local automobile man. The rim was hanging on a peg, and struck Miller as he was vulcanizing a tire.

NEW GUARD COMPANY.

Plans for organizing a second National Guard company were announced here today by Capt. A. E. Koepset, following an interview last night with Maj. Robert C. Cotton, inspector-instructor from Los Angeles.

EXPERT TO EXPLAIN.

Authority on One-Man Farm Question to Talk in Imperial Valley.

[EXCLUSIVE DISPATCH.]

EL CENTRO, May 10.—W. T. Clark of Wenatchee, Wash., said to be the foremost authority in the United States on the "one-man farm" question, will be the guest of honor at the weekly luncheon of the El Centro Chamber of Commerce Wednesday, when he will explain the idea in detail.

The small farm idea is gaining momentum rapidly throughout Imperial Valley, and, because of the interest, which is being manifested in it, the public has been invited to hear Mr. Clark's address.

LOTS OF SOUP.

[LOCAL CORRESPONDENCE.]

REDONDO BEACH, May 10.—Hearing that Redondo Beach has something unusual in the way of a harbor, a big spotted turtle, a kind often seen off the coast of Mexico and the West Indies, made port here, Tuesday. A sixty-foot mackerel line in the hands of Ed Shortridge and Johnny Greenback, local fishermen, towed the turtle to shore. It weighs at least 1000 pounds, it being impossible for six men with timbers, to lift it. Fishermen here say that they have never seen this species in these waters before. Those who are familiar with the kind estimate the age of this one as between 1500 and 2000 years. This specimen will be on exhibition here for several days.

Santa Monica School Election.

[LOCAL CORRESPONDENCE.]

SANTA MONICA, May 10.—To pass upon the question of building additional elementary school buildings and a new intermediate high school, the city will hold a bond issue election June 14 on the proposal to bond the city for $600,000. This is the second time within the last three years that Santa Monica has been forced to extend its facilities in order to accommodate the school children which have come in at an ever increasing rate.

The Santa Monica High School has a capacity of only 800 students and this year has nearly 900. It is planned to have nine grades in the intermediate schools [illegible] high schools.

The supporters [illegible] is one of the [illegible] the people, are [illegible] be successful. [illegible] never failed to [illegible] purposes.

Here Is a Fine Laxative For a Little Baby

Millions of Mothers find Dr. Caldwell's Syrup Pepsin safe for infants

WHAT young mother has not often asked herself the question, "What is the best thing I can give my baby for constipation?" It is a very important question, as constipation is the basis of most ills of infancy and childhood.

Give half a teaspoonful of a combination of simple laxative herbs with pepsin. You can obtain it at any drug store under the name of Dr. Caldwell's Syrup Pepsin. It is a mild, gentle medicine that children willingly take, and a bottle that costs only sixty cents is enough to last an average family several months.

Dr. Caldwell's Syrup Pepsin has been used by millions of mothers, for the prescription has been sold in drug stores for thirty years. It is the same prescription Dr. W. B. Caldwell, who is now in his 82nd year, used in his extensive practice for half a century. It is the largest selling liquid laxative in the world. Last year eight million bottles were bought in drug stores.

You can make no mistake in giving Dr. Caldwell's Syrup Pepsin to your baby.

Robinson on Hydro-electrics; Bonds are Active; Price of Milk.

BY CHAPIN HALL.

HIGH SPOTS.

President Henry M. Robinson of the First National Bank gives members of the executive committee of the American Bankers' Association some straight talk about hydroelectric development.

Municipal bonds are finding active sale, the total offerings for April being in excess of $85,000,000.

A few reasons why milk should cost less than it does.

Lower rates are essential to the profitable moving of our fruit and vegetable crops. Onions are too cheap to please the growers, but alfalfa shows signs of a better price in the near future.

All Southern California Edison bonds are now legal investment for savings banks in California.

Broker analyzes stock market and comes to the conclusion that most issues are at bargain prices.

Los Angeles company interested in big Arizona land suit.

Stock market continues weak. Southern Pacific approaches dividend meeting in strong position.

The nation's need for greater hydroelectric facilities was emphasized by President Henry M. Robinson, of the First National Bank of Los Angeles, during a conference of the executive council of the American Bankers' Association at Pinehurst, N. C.

Eastern investors were urged to look into the hydroelectric field. Outside capital is necessary, President Robinson explained, because the returns allowed by State Railroad regulatory commissions are not enough to provide for extensions in equipment.

On outlining the almost limitless market for electric current Robinson said: "We like to think of ourselves here in America as the pioneers in the science of electricity. We have been the pioneers, but the job we started has not been half done. There are still 14,000,000 homes in the United States without electric service and which eventually will have it. It is authentically stated that if the present problem of housing the population is to be met, the United States needs 1,500,000 additional homes, 500,000 additional factories, 5000 public schools, 5000 churches, 60,000 apartment buildings and 15,000 theaters. These, too, mean electric service. There are 150,000 pending applications for power by existing or new industrial plants desirous of utilizing electricity.

"The old method of financing has no bearing whatever upon the utility questions of today. Under modern methods of regulation, as provided by the utility laws of most of our States, overcapitalization and watered stock are practically obsolete terms. Capitalization has nothing to do with the rates paid by the customers of utility companies. Capitalization is not even considered when State commissions make the rates.

"If the proper encouragement is given to the electric light and power industry, the industry will spring forward in the next decade faster even than in the past decade. The result unquestionably will be a lowering of the cost of living and the conservation of national resources which cannot fail to benefit the whole population. I think it will be agreed that upon the development and application of electrical energy, more than upon any other one thing, are dependent both the speeding up of production and the conservation of our natural resources.

"No public utility corporation subject to regulation can finance its requirements out of earnings."

MUNICIPALS ACTIVE.

The current year, thus far, has established a new high record for State and municipal financing with indications pointing to a continuance of heavy borrowing throughout the balance of the year, according to the Daily Bond Buyer, of New York.

Should New York City float a $100,000,000 long-term loan, as now seems probable, and if the State of New York issues a considerable portion of the authorized $45,000,000 soldiers' bonus loan, 1921 borrowings by States and municipalities will easily exceed last year's huge total of over $782,000,000.

The following table shows the sale of long-term State and municipal bonds in the United States during April and the four months ending April 30 for the past ten years:

	April.	Four months ending April 30.
1921	$85,254,018	$296,633,744
1920	63,102,486	258,768,086
1919	64,358,953	167,324,176
1918	13,962,459	70,300,515
1917	62,454,686	162,112,754
1916	87,590,745	205,285,781
1915	27,096,703	206,214,201
1914	93,712,104	248,553,428
1913	20,057,324	100,363,505
1912	43,044,016	119,728,843

PRICE OF MILK.

Retailers who are allowed a 1-cent-per-quart margin on the milk they sell and are compelled in addition to take all the risk of spoiled stock and broken bottles are almost solidly in alignment with the consumer in demanding a lower price for the product.

The consumer points to the price being paid in other cities and opines that milk in Los Angeles, surrounded as it is with fine feeding grounds, should cost no more. Each cries combination and trust.

The milk producer says that when the price was recently cut from 18 to 16 cents per quart it was as a concession to public opinion and not because there is any profit in the business at the latter price. He produces feed, overhead, transportation, container and creamery charges to substantiate his allegation that he is really somewhat of a public benefactor.

It appears to be a fact, however, that:

(1.) There is a curious unanimity of opinion among the producers as to cause and effect.

(2.) The price is firmly established and there is no "give" between the small dairyman with a few cows and light overhead and the big dairyman with many cows and large overhead.

(3.) Milk costs just as much when purchased around the corner as when delivered in an auto truck from a long distance.

(4.) Feed and labor have declined from about 30 per cent each, while the price of milk has declined 12 per cent.

(5.) A careful summary of the situation induces the belief that if milk was profitably handled at 18 cents per quart, which it was, the current retail price to the ultimate consumer should not average more than 13 cents in Los Angeles with a 2-cent sales margin to the retailer.

LOWER RATES ESSENTIAL.

Cantaloupes are beginning to move, but the shipments are too small, so far, to be important. Early prices were high enough to make freights a minor matter, but the bulk of the crop, declare the growers, must remain in the fields, if the rates are not materially lowered.

Fruit and vegetables are forcing attention to their condition, and the hearings of the Interstate Commerce representatives seem to be developing evidence, which shows that the present rates are prohibitive, and that unless there is a reduction the situation promises to become critical.

ONION MARKET.

Reports indicate that the onion market is weak and that the growers may be forced to take a loss on part of this year's crop. At one shipping point 2000 sacks of the best onions were recently destroyed because the best price offered was under the cost of production.

ALFALFA.

Receipts of alfalfa hay still remain very light for this time of year, while the tendency toward the revival of a more general demand has become more pronounced. The recent storm caught a good many growers with hay already cut, but the extent of the damage has not yet been compiled at the offices of the Alfalfa Growers of California. There were 320 tons received on the Los Angeles tracks the week ended May 7, with sixty tons held over as against 350 tons the week before. Quotations for rabbit alfalfa are $25 per ton; No. 1 dairy, $21; standard, $18; stock, $15. These prices compare with northern prices of $16 per ton for No. 1 dairy alfalfa, and $14 for standard.

CALIFORNIA EDISON.

The State Banking Department has renewed the certificate making all bonds of the Southern California Edison Company a legal investment for savings banks in California. A new certificate has also been received covering certain of the company's general and refunding mortgage (series of 1919) bonds so that at the present time all bonds of Southern California Edison Company or its predecessors, including those of the Mt. Whitney Power and Electric Company, Pacific Light and Power Corporation, and Ventura County Power Company, may be owned by savings banks.

AS OTHERS SEE IT.

During the last three weeks the market has been irregular, but with a much stronger undertone. The Dow Jones index figures show good advances by oils and industrials, some stiffening in markets for copper securities, and an advance during the last three weeks of $1.84 per share by the rails.

Many market students believe that the real market turning point came with the end of March; then dragged on bottom for a time, and since has been working upwards so insidiously that those who yet are waiting a return to the low prices of which they failed to take advantage in March are going to have to bid up to purchase desired securities.

However much one may speculate as to whether the market has or has

Liverpool is Lower Than Due; Steady Opening.

[EXCLUSIVE DISPATCH.]

NEW YORK, May 10.—The position of the cotton market early today suggested that the more favorable view of reparations had been discounted.

Liverpool was lower than due, evidently feeling the effect of the continued coal strike, and the market here opened steady at unchanged prices to a decline of 7 points. Five May notices were reported and May was relatively easy at the start, selling off to 12.64 cents.

General Petroleum Corporation

Ten-Year 7% Sinking Fund Gold Notes are the *only* Funded Debt of the Corporation, and *no* mortgage debt can be created during the life of these Gold Notes. Back of these Notes are Assets of Sixty Million Dollars—assets worth more than *five times* the *total* debts.

The Corporation's earnings average more than Three Million Dollars a year—more than six *times* the maximum interest charges on the Gold Notes. These earnings come from the production, transportation, refining and sale of Oil—Oil which is every day more in demand.

The Corporation *produces* daily more than 15,000 barrels of oil from its own Lands. It *owns* its own oil lands, pipe-lines, refineries, ships, marketing stations, tankage. Its *quick assets alone*—cash, accounts receivable for oil sold, government bonds, oil in storage, materials and supplies—are more than Thirteen Million Dollars.

These Gold Notes represent money loaned by us to the Corporation—$7,500,000. The Corporation used this money to pay off in advance all existing mortgage debts, to increase its facilities, to add to its properties, to enlarge its working capital—in short, to take care of its huge and growing business.

The Sinking Fund payments will be $375,000 annually, beginning in 1922. The net earnings of the Corporation are ample to pay all interest charges, to meet the sinking fund payments, to pay large dividends on its common stock, and to add very large sums to its surplus account.

That surplus account is now more than Eleven Million Dollars—and over half of it represents earnings left in the business. This has been accumulated in less than five years, and during the same period *Reserves* have been accumulated of over Nine Million Dollars, and dividends have been paid of over Seven Million Dollars.

We offer these Gold Notes, in denominations of $500 and $1000, at 99.25, yielding the Investor 7 1-10% Interest. Ask for our Circular giving the detailed facts.

California Road Improvement and Street Improvement Bonds

Should be in every Strong Box in California

WHY?

1st BECAUSE they are safe; are Tax Free and pay from 6% to 7% interest.

2nd BECAUSE the money goes into the building of the paved roads of California Counties and the paved streets of California cities—the roads and streets that have helped to make California great, that are a permanent addition to the assets of the community, and help to make every other invested dollar in California more secure and more profitable.

3rd BECAUSE road and street building is one of the big permanent industries of California, running into the millions annually. Every dollar that is expended by a road builder is expended in California for California labor and California material. Cement, rock, oil, asphaltum and labor go to make California roads and streets.

4th BECAUSE the dollar that is invested in California Road Improvement or Street Improvement Bonds is a home dollar that stays a home dollar. Your check for the purchase of California Road bonds goes into a California Bank; the proceeds go to work in California; it discharges in its day's work debts to a dozen different California concerns for California products that went into the construction of its roads and is back in the same California bank by nightfall to rest up for another day's work.

5th FINALLY, there is not a better nor safer Tax Free Security in the market than the California Road Improvement and Street Improvement Bond. If that is true, it is entitled, as a matter of sound, selfish business to a preference with California investors.

We offer the best selection which the market affords in California County Road District Bonds, and City Street Improvement bonds.

Send for particulars.

We offer an issue of

1st (Closed) Mortgage Serial Convertible Gold Bonds to Yield Over 8%

These bonds have the following guarantees behind them:

The value of the Company's property pledged under this mortgage is six times the amount of bonds outstanding.

Net earnings last year were three times the entire amount of bonds outstanding.

These earnings were forty times the amount of annual interest requirements.

Although these bonds mature serially before 1925, they may be converted par for par into 8% Debenture Fifteen-Year Bonds which mature March 1, 1935. Hence by conversion you are offered a long time investment with high yield. In denominations of $500 and $1000.

NEW YORK STOCK EXCHANGE

[BY A. P. NIGHT WIRE.]

NEW YORK, May 10.—Sentiment in the financial district today was increasingly bearish and this feeling found free expression in the stock market, where most of the shares were subjected to renewed selling pressure.

Issues of automobile companies and their subsidiaries sustained further losses of 1 to 4 points. Recent exhibits of poor earnings, more price cutting and persistent rumors of unfavorable trade prospects were factors in the additional offerings of these shares.

Other stocks, notably those of the tobaccos, food and utility groups, were extensively sold to the accompaniment of reports hinting at new financing, which, in turn, was expected to involve dividend reductions or omissions.

Rails, which rose almost buoyantly in yesterday's final hour, conceled most of their gains when rumors circulated that no immediate settlement of wages and freight rates was probable.

Almost the only stock of which bears were cautious was Mexican Petroleum, which made an extreme advance of 3 1-4 points in the last hour, when the balance of the list made further concessions to the rise of call money from 6½ to 7 per cent. Sales, 825,000 shares.

Publication of the United States Steel tonnage report for April, disclosing a further decrease of almost 450,000 tons, was in line with expectations. Unfilled orders of the steel corporation are less than 6,000,000 tons for the first time since July, 1919.

British, French, Belgian, Dutch and Italian rates advanced to highest quotations for more than a year, but reacted later.

Strength of exchange was helpful to international bonds, especially French and Belgian issues. Mexicans also improved, but most domestic issues, including rails and the Liberty group, were irregular or heavy. Total sales, par value, $12,175,000.

$20,000,000
STANDARD OIL COMPANY OF NEW YORK
Twelve-Year 6½ Per Cent Gold Debentures

Dated May 1, 1921. Interest Payable May 1 and November 1. Due May 1, 1933.

Total Authorized Issue $20,000,000.

Coupon Debentures in denominations of $1000, $500 and $100, with privilege of registration as to principal. Redeemable in whole or in part on May 1, 1928, at 103 and interest; and thereafter on any interest date at 103% less 3-10 of 1% for each succeeding six months until maturity.

Interest to be payable at the office of Bankers Trust Company, New York, or Blair & Co., without deduction for any Federal Income Tax not exceeding 2% in any year which the Company or the Trustee may be required to pay thereon or retain therefrom under any present or future law of the United States of America.

BANKERS TRUST COMPANY, NEW YORK, TRUSTEE

President writes in part as follows:

SECURITY: These Debentures will be the direct obligation of the Standard Oil Company of New York, and together with $30,000,000 Serial Debentures now outstanding, will constitute its sole funded debt.

NET EARNINGS of the Company compare as follows:

Year	Before Federal Taxes	After Federal Taxes
1916	$37,401,764	$36,638,495
1917	39,376,043	30,000,672
1918	44,157,080	28,642,387
1919	58,330,176	43,165,109
1920	46,468,771	39,405,631

Net earnings before taxes for the five years ended December 31, 1920, averaged over thirteen times the annual interest on the Debentures outstanding, together with the present issue, and for 1920, were over thirteen and one-half times such annual interest.

ASSETS—The balance sheet as of December 31, 1920, shows total net assets of $254,315,242, and net quick assets of $123,808,685. Adding the proceeds of the new Debentures and the outstanding Serial Debentures, the total net assets exceed six times the total funded debt, the net quick assets alone as of December 31, 1920, (adding the proceeds of the new Debentures and the outstanding Serial Debentures) equal almost three and one-half times the total funded debt to be presently outstanding. The balance sheet includes nothing for good will and does not reflect the very substantial increase in the value of the Company's physical and other properties accruing over a period of years.

SINKING FUND: The Company will provide $750,000 per annum, available semi-annually, beginning November 1, 1921, to be applied within six months to the purchase of these Debentures at not over 100 and interest. If Debentures are not available for purchase at that price the unexpended balance will revert to the Company.

RESTRICTIONS: These Debentures are to be issued under an Indenture with Bankers Trust Company, New York, as Trustees, providing, in substance, among other things: (1) That the total funded indebtedness of the Company, including this issue, shall never at any time, while any of these Debentures are outstanding, exceed 50% of its total net assets as defined in the Indenture; (2) That the Company will not create any mortgage on or pledge of its properties unless these Debentures shall share equally and ratably in the lien of such mortgage or pledge, but this shall not apply to purchase money mortgages or pledges of personal property to secure temporary loans in the usual course of business, and shall not restrict the acquisition of additional property subject to lien or mortgage.

The legal proceedings in connection with the issue are being passed upon by Messrs. Hornblower, Miller and Garrison, New York. Pending receipt by us of temporary Debentures, interim receipts may be delivered. All offerings are subject to approval of counsel, "when, as and if issued and received by us."

A little too much gasoline

in your factory or store may vitiate your insurance policy.

Do you know, Mr. Manufacturer, Mr. Merchant, just how much gasoline or kerosene you may have on your premises without violating the terms of your insurance policy?

In many cases, the standard insurance forms stipulate that not more than one quart of gasoline may be kept on the premises insured. Two quarts of gas might cause you a heavy loss in case of fire even though the gas did not cause the fire.

YOU NEED TO KNOW

just what your insurance policy says you may and may not do. You must understand all the terms and conditions of your policy or there may be difficulties in making settlement in the case of a loss.

AS INSURANCE BROKERS

it is our business to look after these things for you—to study your insurance needs—select the policies to fit those needs—protect you at all times. We represent the man or firm who buys insurance.

A card or phone inquiry will bring full information about our insurance service.

Action of Grain Markets is Like Crop News, Mixed.

[EXCLUSIVE DISPATCH.]

CHICAGO, May 10.—Action of the grain markets was much like the crop news—very mixed. There was enough uncertainty in the news from the Southwest to make an uneasy feeling and with a fair volume of trade prices changes were liberal within a good range on wheat and rather narrow limits on other grains. At the last May wheat was ¼ cent higher and July ½ cent lower. Corn gained ⅛ to ⅝ cent, oats were unchanged to ⅛ cent higher and rye ⅛ cent lower to ½ cent higher.

Provisions were neglected most of the day but finished 17½ cents lower on lard and 20 to 25 cents lower on short ribs.

Crop experts who are going over the southwestern wheat fields for the second time this season are mainly reporting deterioration. Part of the crop losses on wheat are confirmed by the government report showing declines in condition of 4 to 5 points last month and more damage has shown since. Commenting on the crop conditions the Kansas State report says:

"Present conditions arouse no enthusiasm. The crop lacks strength and vigor."

There were enough traders who construed the government report as bullish to buy sufficient early to give the market a bulge of 3½ cents on May and 1½ cents on July, but the buying both local and outside soon subsided and with increased selling by commission houses prices declined.

Inglis and Lecount both sent unfavorable reports on wheat from Oklahoma while there were also favorable reports from others covering part of the same sections. It is possible to get good and bad reports from nearly the same sections.

May wheat was sold by houses with eastern connections who have been good buyers for the seaboard as also did those who trade for the big eastern traders. A peculiar feature of the season is that there are 5,500,000 bushels of wheat in the visible, outside of stboard, the largest stock being at Minneapolis. Arrivals were 37 cars.

Corn was bought on the breaks by shorts and sold on the strong spots by commission houses. The range was ½ cent and close 60 cents on May and 62 to 62½ cents on July. Congestion in the East restricts export business but domestic sales were 100,000 bushels and charters were 200,000 bushels to Montreal at 90 cents. Cash prices were ½ cent higher with arrivals 227 cars.

Oats derived their strength from unfavorable crop reports and from wheat early and later from buying by early sellers. It was a small market on the whole for futures. With a better cash demand from the East with 165,000 bushels and prices ¼ cent higher. Arrivals were 45 cars.

Holders of May and July rye were fair sellers and with the break in other grains May declined 2¼ and July 2 cents with a partial recovery. Sales of cash rye were 31½ cents over July c.i.f. Buffalo.

TRACK BARLEY UP; OTHER SHIPMENTS OFF

Weakness again predominated for all shipments of barley on the local grain exchange yesterday, the price trend being sharply downward from a weak opening. Support was light, and the drop of the outside markets caused prices to react sharply. Track barley made a gain of $1 per ton, but the ten-day shipment declined to the extent of 25 cents per ton, fifteen-day barley was 50 cents lower, and the twenty-day delivery was down 75 cents. A sale of ten-day barley was made at $1.35, and fifteen-day barley brought $1.31¼. There was little activity in the future months, but the May article closed unchanged, while June barley showed a drop of 25 cents during the day.

STRONG TONE RULES ON PRODUCE MARKET.

CABBAGE ADVANCES SHARPLY UNDER BRISK DEMAND; LETTUCE GAINS.

Most lines of fruits and vegetables held firm throughout the session on the local produce market yesterday. Demand and movement were active, and country offerings were in moderate supply, with the result that a firm undertone prevailed. A sharp advance was made by cabbage, owing to the light country offerings and to the brisk demand for this commodity in the shipping market. Good stock was bringing from $2.25 to $2.75 per field crate, as compared with $2 to $2.50 of the preceding day, while the poorer stock was steady, although prices continued to show a wide range for the inferior offerings. Arrivals of sweet corn from the Imperial Valley were more liberal yesterday, but the market was again strong for this commodity, which was in good demand at 75 cents to $1 per dozen. Texas cantaloupes are being offered on the local market, good stock moving rapidly at $5 per flat. A weaker feeling developed for summer squash, on account of the heavy supplies, and the market for this commodity ruled about 10 cents per crate lower. String beans also dropped about ½ cent per pound, the Kentucky Wonders selling at 11 to 14 cents per pound, while the wax varieties were bringing from 10 to 13 cents.

The shipping market for lettuce was very strong yesterday. High prevailing prices in the eastern markets, together with light local and field supplies caused prices to make an advance of about 25 cents per crate. The wire inquiry was very active, with sales ranging from $2.25 to $2.50 per crate. Cash sales ranged from $2 to $2.25, with only a limited amount of stock available. Carlot shipments for the entire country yesterday amounted to only 25 cars, of which 13 were shipped from Southern California. Shipments for the season have amounted to 11,347 carloads from all States, as compared with 8015 during the same period of last year.

81,200 Barrels of Oil Per Day

THE March issue of "Oildom"—a magazine of the oil industry—published in New York, is authority for the statement that the Montebello-Whittier field was producing about 81,200 barrels of oil per day Jan. 1, 1921. According to these figures, Montebello-Whittier is the second largest field in this country.

The Well of the So. Cal. Oil Co.
Now Down Over 1300 ft.
is in the Very Heart of the famous Montebello-Whitter Field

It is on the direct line of gusher development—right between big producers. The geologist's report warrants the anticipation that a big well will be brought in here.

We'll Tap the GOLDEN DOME!

Today is the day of realization. Ever since the Spaniards landed on California's shores and heard of the vast wealth to be found here, the search for sudden riches has gone on and on.

The gold boom and the land boom went their ways, and the dreams were not realized until OIL was found. Today Huntington Beach is coming into its own as the source of great wealth. Men, comparatively poor, are waking to find themselves worth hundreds of dollars a day. And we honestly believe that the BEST IS YET TO COME.

A Business Venture for Huge Potential PROFITS!

Of the three DOMES which mark the Huntington Beach field, but ONE remains untapped—the GOLDEN DOME. Standard Oil has its 2000-barrel-a-day well on the Bolsa Chica Dome, and a dozen derricks are clustered around the Reservoir Hill Dome, and now we, an organization of successful business men, are going to tap the GOLDEN DOME. The additional capital necessary for our three well program will be accepted from the investing public, but we want to say frankly that our capital requirements are very moderate, and the opportunity for outside capital to participate with us is strictly limited. We will gladly answer all inquiries in person or by mail.

$1 per Share to immediate Buyers!

HUNTINGTON MIDWAY

The derrick at the corner of Crest and Main streets, Huntington Beach, is about completed. The roar of the Huntington Central gusher can be plainly heard from the location of well No. 1 of the Huntington Midway. Huntington Midway is really in an enviable position, being closely adjacent to the Huntington Central, Hurst, Edens, Pantages, Huntington and Sun wells. Any new well coming in may take all the stock off the market and your opportunity to buy at the 10c per share price will have passed. Oil men say Huntington Midway has a sure shot for oil, and President Pierce says he is going to pay the oil money to stockholders in dividends so what more could you ask? The Company is only capitalized for $250,000, so your chance for profit is that much greater. Put yourself in a position for taking a profit by filling out the order blank below.

HILLES AGAINST CUTS IN SOUTH.

Wants Representation Kept Where It Now Is.

New Scheme is to Increase Other Delegations.

Republican 1924 Convention to be Discussed Soon.

[BY A. P. NIGHT WIRE.]

NEW YORK, May 10.—Charles D. Hilles, Republican national committeeman from New York, tonight voiced his opposition to any effort to reduce the South's representation at the national convention in 1924—a subject to be considered when the committee meets in Washington, June 8. He also proposed a new plan for representation at the convention, based on increasing the number of delegates from Republican strongholds, but maintaining the present representation from southern States.

As he will be unable to attend the meeting, he made known his attitude in a letter to G. A. Glynn, chairman of the State Republican Committee, whom he named as his proxy. Mr. Hilles sails Thursday for Europe. He asserted there is no occasion "for a further surgical operation in the South," particularly as the party there has gained by leaps and bounds and deserves encouragement.

NEW REPRESENTATION.

"Unless some member of the committee has devised a more reasonable method of representation," he wrote, "we should, I think, provide in the call for the convention of 1924, that each State shall elect four delegates at large, each Congress district one delegate; each district which cast 10,000 votes or over for Mr. Harding one additional delegate; and make a new provision for the election of still another delegate, or three in all, from every Congress district which in 1920 topped the 30,000 mark.

"The number of delegates this plan would add cannot now be stated. Certainly it would not add so many as to make the convention unwieldy.

"It is clear that the districts which gave Mr. Harding more than 30,000 votes lie in the North and West. States in which the party is in an anaemic condition would not benefit from the proposed new rule. The advantages of the plan are that the governing Republican districts would become more potent in the councils of the party, that we would obviate the claim that the South is to be too much represented for manifestly the influence of the North and West will be increased without giving offense and without retarding the growth of the Republican sentiment in any State; and it will be possible for the party to recognize the desire and the right of women to participate in the convention.

MEN STUBBORN.

"In many districts it is most difficult to induce men who are candidates for delegates to retire in favor of women. This is true in districts where men who are in the forefront have acquired the habit of attending conventions and have become effective spokesmen.

"As the women advance in the mastery of practical politics and of statecraft, they will be entitled to participate actively in conventions and only by enlarging our numbers can we make their participation three years' hence practically possible."

He declared any action seeking to reduce southern representation would create a greater disparity between the number of delegates from Republican States and those from States where Republicanism seems hopeless.

"It is contended," he says, "by those active in party affairs in the States south that the justification for cutting down the number of delegates rests solely on the failure of Republicans in those States to bring out their votes when, in point of fact, that failure is due in large measure to intimidation and a denial of suffrage to the negoro which is an unvasion of his constitutonal rights. To penalize these men for failure to vote under circumstances beyond their control, would be, they argue, to legalize their disfranchisement."

He said that while the committee cannot stop the abuses complained of, it can refrain from taking a step which would carry a strong implication that it was a confirmation of the irregular manner in which the Southern States have deprived the negro of the vote.

COMMISSION AWARDS FINNS ALAND ISLANDS.

GUARANTEES MUST BE GIVEN FOR SAFEGUARDING OF SWEDISH POPULATION.

[BY CABLE AND ASSOCIATED PRESS.]

GENEVA, May 10.—The Aland Islands Commission, of which Abram I. Elkus of New York is a member, has submitted its report to the League of Nations here, recommending that the islands remain under Finnish sovereignty, with guarantees for the safeguarding of the Swedish population.

The council appointed Prof. C. Lardy of the political department to examine documents submitted April 30 at Berne by both disputants.

The commission holds that the islands are too small for independence and rejects the idea of awarding them to Sweden. The guarantees specified by the commission, the report says, would be accepted by Finland.

The guarantees for the benefit of the large Swedish population include preservation of the Swedish language by its compulsory use in schools; the right of pre-emption of property in case foreigners offer to buy, preventing nonresidents from acquiring too great a proportion of the property; the right to vote to be granted to those who are not natives only after a five years' residence, and the right of Alanders to present three names from which Finland may select a governor.

The commission's reason for rejecting the idea of Swedish sovereignty include the fact that the islands have been part of Finland for more than 100 years and also because on the Finnish mainland there is a large Swedish population.

SHIP CARRIES REGULAR BAR.

Passenger Line to Test Dry Law Ruling.

Sells Liquor Under American Registry at Sea.

Government Seals Wet Goods When Boat Docks.

[EXCLUSIVE DISPATCH.]

NEW YORK, May 10.—The Huron, a Shipping Board steamship leased and operated by the Munson Line, was docked at Hoboken Monday with thousands of bottles of alcoholic beverages in her lockers. These were bought in Montevideo and Rio de Janeiro and brought here for the double purpose of serving those of the 230 odd passengers who might become thirsty on the voyage and to find out whether liquor can be served on ships of American registry. The liquor was immediately placed under government seal by customs officials on the ship's arrival here.

STOCK ON INVITATION.

Although Munson Line officials would say nothing about the testing project enough was learned from men who have been in positions to know the details, to establish certainly that the stock of wines, whisky, lager beer, cordials and liquors is the basis of an invitation to the government to "do something." One informant gave assurances that the test was not invited in a defiant spirit, but rather "for the good of the service."

Just before the Huron came in sight of Ambrose light ship the bar was closed. At quarantine she was boarded by customs officers and the lockers in which the liquor is kept were sealed. Yesterday morning other customs officials looked into the situation aboardship and government seals were placed on all lockers where the liquor is stored.

A member of the crew said it was understood the skipper had received orders from the company's representative at Montevideo to stock up with enough liquor for the trip up and the trip back to the source of the beverages.

An official of the Munson Line would make no statement because of "the uncertainty of the situation."

It was learned on good authority that the government was officially notified that the ship would be wet, either while she was in one of the South American ports or during the early stage of the northward voyage. And the same authority quoted a customs official for the statement that the Munson Line informed the inspecting government agents yesterday that another vessel of the line would come into port next week with more liquor aboard than the Huron carries.

CONTRACTS ON BRIDGE ROAD WORK AWARDED.

LOS ANGELES COUNTY PLANS CALL FOR SPANNING OF RIO HONDO.

[BY A. P. NIGHT WIRE.]

SACRAMENTO, May 10.—Contracts for highway and bridge work in various counties of the State totaling $1,142,276.55 were awarded here today by the advisory board of the State Engineering Department. The bids have been in the hands of the department for some time and recent sales of highway bonds have made their disposal possible. With the exception of a road in Placer county all the bidders receiving awards submitted bids far below the estimates of the engineers.

A summary of the contracts awarded follows:

Mendocino county—Tahoe-Ukiah highway, contractor E. Zimmerly and C. J. Hilliard of San Francisco; bid $137,735, engineers' estimate, $171,299.

Solano county—Denverton and Rio Linda highway, contractor, F. C. McIntyre of Stockton; bid, $156,002.50, estimate, $180,663.

Sacramento county—Highway between Clay and easterly boundary, contractor, Blumen-Kranz and Vernon of Stockton; bid, $66,852, estimate $83,036.50.

Placer county—Oil macadam road between Auburn and northerly boundary, contractor, Blumen-Kranz and Vernon; bid, $145,358.50, estimate, $155,053.

Amador county—Highway from Ione to westerly boundary, contractor, W. J. Schmidt of Berkeley, bid, $31,970, estimate, $39,583.50.

San Mateo county—Asphalt surfacing between Beresford and Redwood City, contractor, Pacific States Construction Company of San Francisco, bid, $59,500, estimate not given.

Los Angeles county—Bridge over north branch Big Tujunga River, contractor, William Ledbetter of Los Angeles; bid, $94,927.55, estimate, $129,866. Bridge over south branch of Big Tujunga River, contractor, Mercereau Bridge and Construction Company of Los Angeles; bid, $23,363, estimate, $35,193.75.

Los Angeles county—Highway between Lancaster and northerly boundary, contractor, Southwest Paving Company of Los Angeles; bid, $141,268, estimate, $183,426.50.

San Diego county—Bridge over San Diego and Arizona Railroad near Jacumba, contractor, W. M. Ledbetter; bid, $6175.45, estimate, $9537.60.

Los Angeles county—Bridge over Rio Hondo near Los Angeles, contractor, Brelin & Son; bid, $77,521.55, estimate, $117,300.70.

San Luis Obispo county—Highway between Santa Maria and Cuyama River, contractor, William Ledbetter; bid, $165,059, estimate, $211,533.75.

Tulare county — Surfacing between Visalia and Oak Grove, contractor, J. S. Calwell of Visalia; bid, $26,837.50, estimate, $29,238.75.

DEAN'S RESIGNATION DEMAND OF STUDENTS.

[BY A. P. NIGHT WIRE.]

OXFORD (O.) May 10.—Dr. A. E. Young, dean of the junior Liberal Arts College and professor of mathematics of Miami University, refused today to comment on the demand made by 500 students for his resignation. The vote demanding Dean Young's resignation was taken after a long list of grievances of the student body was read.

The students have decided to wait until Thursday to give F. M. Hughes, president, time to act. President Hughes said today that the board of trustees must act on the matter.

ALASKA RAILROAD BONDS.

The Alaska Anthracite Railroad Company, a Seattle concern, with Southern California interests, has asked authority of the Interstate Commerce Commission to issue $1,500,000 worth of bonds, already contracted for, for the purpose of completing the railroad to the Bering River coal fields and opening a vast productive territory.

BIG LAND SUIT.

The Mortgage Guaranty Company of Los Angeles is affected by a suit now on trial in Phoenix for the foreclosure of a second mortgage of $134,641 on property on which the Los Angeles corporation holds a first mortgage of $250,000. The property affected is a tract of 3360 acres, about twenty miles west of Phoenix. Plaintiff in the foreclosure action is George D. Christy, trustee, the defendants named being Mercer D. Wilson, the Arizona Cotton Finance Company, R. Allyn Lewis, S. E. Jordan, R. E. Grace, E. C. Phelps, Frank Howard and B. C. Stafford and the Marinette Cotton Company, the last having a mortgage of $170,000 alleged subsequent in date to that held by Christy. The land is valued at $600,000. In all, the Finance company gave Christy notes aggregating $325,000. Counter claim has been made against Christy for $100,000 damages.

S. O. SELLS FAST.

A new issue of $20,000,000 Standard Oil of New York twelve-year 6½ per cent gold debentures, maturing May 1, 1933, was offered yesterday by a syndicate headed by Blair & Co., Inc. The bonds are not callable until May, 1928, after which they may be called by the company at 103 and interest. The issue was sold out very rapidly, according to reports received by the local offices of Blair & Co., books having been closed yesterday. The syndicate, in addition to Blair & Co., included the Equitable Trust Company of New York, and Dillon, Read & Co.

SOUTHERN PACIFIC.

Ticker reports said that considerable speculative attention is being given to Southern Pacific, with intimations in some quarters of the street that this first-class rail is on the verge of aggressive improvement. The approach of the dividend meeting this week is arousing interest in the stock. Earnings are said to be ample to take care of the regular declaration despite traffic decline and segregation of oil properties. Institutional channels are credited with having bought the stock lately. Improvement in United States-Mexican relations would benefit the Southern Pacific position.

LOS ANGELES STOCKS.

Mascot oil was an active factor of the market yesterday, moving up 6 points from an opening at 1.94 to late morning sales at 2.00 at which the stock was held throughout the balance of the trading. In the market at large there was not much change over the preceding day's level, although the volume was larger and better distributed.

PARAMOUNT OIL CORPORATION

In Northwest Huntington Beach

In Northwest Huntington Beach are located the STANDARD'S high gravity big producing wells—as well as the giant WESTERN UNION well—the AMALGAMATED wells—and the big TEXCAL well—which is just in—PARAMOUNT could have had any location in the field—but the PARAMOUNT OIL CORPORATION—acting under the advice of their geologist—located well No. 1 on 6 lots on Garfield Street—west of STANDARD A-4 and TEXCAL.

PARAMOUNT has other drilling sites—one close to HUNTINGTON CENTRAL No. 2 and another in the outskirts of Huntington Beach—a total of approximately 21 acres. Up to date no other part of Huntington Beach field has brought in as big wells—or has shown as high gravity oil as in NORTHWEST HUNTINGTON BEACH.

The mere fact that the giant companies—such as STANDARD OIL—MIDWAY PETROLEUM and AMALGAMATED—have selected NORTHWEST HUNTINGTON BEACH—shows the opinion of eminent geologists of this end of the field.

DIVIDEND RATE of Coalinga-Kern!

It's the once-in-a-lifetime combination—CERTAINLY PLUS SPECULATIVE OPPORTUNITY! The first dividend of 5% to be paid July 1st to stockholders who get shares before May 15th. That much is certain.

Then—figure this out! Eight producers are netting Coalinga-Kern 20% per year. The Company has 120 acres of producing oil properties—room for fifty to a hundred wells!

The present announced policy includes the immediate drilling of 25 more wells—bringing the total to 33!

There's the speculative opportunity! You can't help seeing that immensely increased earnings and advanced price of stock MUST be the result.

A Few at $1.00

The only question in your mind should be "How much have I available to put into Coalinga-Kern?" You must recognize this as the kind of oil company, run on good business lines, that is due to make big money—even bigger than its present substantial earnings!

It's a chance that won't come again—and if you want the satisfaction of receiving that first dividend check make it *your* business to have stock in your name before May 15th. That isn't much time—but it should be ample for a thorough investigation and a prompt purchase. Get in touch with us NOW—TODAY!

STUDY THE MAP REPRODUCED ABOVE—note the location of the STANDARD'S big producers—look at STANDARD A-4 1000-barrel well producer—note location of TEXCAL'S 2000-barrel well—note location of the ARGONAUT'S new well—note location of the WESTERN UNION'S 2400-barrel well.

CAN ANYONE ARGUE AGAINST THE LOCATION OF H. & H. WELL No. 3—right in among the giant wells of the field? You can boost all you want to the other wells in the Huntington Beach Field—but the oil man will point to the high gravity oil and the big permanent wells in northwest Huntington Beach—it was northwest Burkburnett where the big wells were—and it is northwest Huntington Beach—

HUNTINGTON-HAWTHORNE—have 3 wells started in 2 fields—controls 501 acres of leases—321 acres in the Huntington Beach Field—and 180 acres in the Hawthorne Field—and all well located leases. H. & H. Well No. 3 is located on Lot 14, Block D—Garfield Tract—and the map shows how close the H. & H. derrick is to STANDARD A-4—ARGONAUT—TEXCAL—all producers.

SPECIAL OFFER MAY 11TH TO MAY 16TH

The balance of $25,000 worth of H. & H. shares to be sold by us and through us at 10 cents—this stock is on a collateral loan—and the company benefits from its sale—and you get advantage of the low 10 cent price for a 20 cent stock.

FIRST COME—FIRST SERVED—yesterday was a big day on this special offer—today will be bigger—and tomorrow may complete the special allotment.

PARAMOUNT OIL—10c—this 10c company is also well located in NORTHWEST HUNTINGTON BEACH—6 lots where the company will drill Well No. 1—are located northeast of A-4 and Texcal—about 600 feet. This company also has a valuable lease adjacent to HUNTINGTON CENTRAL NO. 2.—and 20 acres on the outskirts of Huntington Beach. PARAMOUNT should soon be over-subscribed—the stock can only be bought now through brokers—and only in small blocks.

TEXCAL OIL—$1.10—as against 87c last week—our clients who followed our advice and bought at 87c have a nice substantial profit now—but TEXCAL is slated higher—and very much higher—we believe. Another TEXCAL well is due to come in which should double the market price. TEXCAL par value is $1.00. In the old days at $1.00 TEXCAL was considered a good buy at this price—brokers are predicting $5.00 for TEXCAL—and the price is not unreasonable.

WHY IS SHERWOOD

THE BUSIEST AUTOMOBILE

dealer in L. A.? If you read my ads you will notice I sell them. I don't keep them. A used car's value is based on comparison. Compare my cars and prices with others.

ASK ANYBODY

about my way of doing business and reliability.

I have a 70-car stock from $100 up; all makes.

I give easy terms and trade.

Few Kansas Co-eds Perfect.

The physically perfect co-ed at the University of Kansas is far in the minority, according to Dr. Martha Bacon of the department of physical education at the institution. Fully 75 per cent of the women students who enter K. U. have some physical defect, ranging from minor foot defects to serious heart diseases, asserts Dr. Bacon.

Dr. Bacon's estimate is not the result of empty calculations, but is based on actual physical examinations she has made of the students upon their entrance into the university. It is a real rarity to find a woman, she says, who has not some slight curvature of the spine or has perfect feet. In fact, Dr. Bacon declared, there is only one woman student in the entire university at present who has absolutely perfect feet, and she was not born in this country.

However, the outlook for the college co-eds is not so dark, Dr. Bacon says, as the majority of the physical defects can be remedied through proper physical training.—[Kansas City Star.

"Swiftest Things on Earth."

It is interesting indeed to compare some of the slowest moving things on earth with those which travel the fastest—the fastest thing we know, of course, being radiant light, and one of the slowest things, the human thum nail which grows two-one-billionths of a yard per second.

Next, we may here consider tree growth, the bamboo tree growing at the extremely slow rate of twenty-seven-ten-millionths of a yard per second. Now comes the proverbially slow snail which moves at the average rate of fifteen-ten-thousandths of a yard per second.

A man has walked in a record test, one mile in six and one-half minutes, equivalent to the rate of nine and one-fourth miles per hour. A man can run, as records show, at the rate of one mile in four and one-fourth minutes or at thirteen and one-half miles per hour. A man has skated at the surprising speed of one mile in two and one-fifth minutes, or about one-half as fast as an express train.—[Science and Invention.

TO STOP SNORING.

Mrs. Alfy Reeding, whose husband is an awful snorer, writes the Thomas Cat to find out what is good for a man who snores with his mouth open clear to his shoulder blades while riding on a passenger train. There are several good remedies. If he is prone to sleep and breathe with a low death rattle like the exhaust of a bath tub, it would be a good plan to tie up his head in a feather bed and then insert the whole thing in the linen closet; or, if you cannot secure that, let him stick it out of the window and get it knocked off against a tunnel. The stockholders might get mad about it, but he could do it in such a way that they wouldn't know whose head it was.—[Arkansas Thomas Cat.

ALMOST IMMORTAL PLANT.

In some of the islands of the West Indies there grows a creeping moss, on account of its exceedingly hardy properties, called the "life plant." It is quite indestructible by any means except immersion in boiling water or application of a red-hot iron. It may be cut up and divided in any manner and the smallest shreds will throw out roots, grow and bud. The leaves of this extraordinary plant have been planted in a close, airtight dark box, without moisture of any sort, and still they grew.—[Indianapolis News.

For Use in a Contingency.

It was the first night of a new play.

"I say," remarked the author to the manager, "that sceneshifter over there is a most peculiar looking fellow."

"Yes; he's an Eskimo," said the manager.

"An Eskimo! What on earth made you take him on?"

"Oh, I thought it would be a comfort to see one happy face if the play turns out to be a frost!"—[Exchange.

Entitled to That.

"I know what you would do if I were to die, Henry," said Mrs. Glipping, plaintively.

"What, my dear?" asked Mr. Glipping.

"You would go right straight and get married again."

"I would not. I'd insist on a vacation of at least six months and defy any woman to deprive me of it."—[Birmingham Age-Herald.

WESTERN PAPER MILLS TO CLOSE.

Owners and Employees Fail to Agree on Wages.

Workers Asked Ten Per Cent Rise, Owners Would Cut.

Printers' Strike in Sacramento is Settled.

[BY A. P. NIGHT WIRE.]

NEW YORK, May 10.—Representatives of various paper mills have received word that several paper mills in the Middle West and Canada expect to close tomorrow because owners and mill workers had failed to reach new agreements tonight when the old expired.

Workers recently requested a 10 per cent wage increase, while manufacturers sought a 30 per cent cut and revised working conditions. Some eastern mills have signed new agreements. Others, whose contracts expired May 1, have been closed.

An informal conference here yesterday between some mill owners' representatives and workers' delegates failed to bring a settlement it was learned today.

WILL MAKE NO MORE.

John P. Burke, president of the International Brotherhood of Pulp, Sulphide and Paper Mill Workers, tonight declared no move would be taken by the men to prevent the reported closing down of paper mills through inability of owners and workers to agree on new wage scales.

There are six large mills in this country and Canada, which will close tomorrow when the night shifts go off duty, he said. They produce, he added, about half the news-print supply.

The action cannot be called either a strike or lockout, he said. The men refuse to return to work at the lowered scales asked.

The shutdown, he asserted, will throw out of employment, 20,000 to 25,000 men in addition to those already out of work since other mills closed May 1.

END PRINTERS' STRIKE.

[BY A. P. NIGHT WIRE.]

SACRAMENTO, May 10.—Striking printers and their employers reached a compromise here late today, it was announced, and the men will return to work tomorrow. Members of the union said, following a conference, that the employers had acceded to their demands for a forty-four-hour week on a scale of $46.

Earlier in the day the employers submitted an offer to the strikers to return to work on the basis accepted by the employees of the State Printing Office. This provides a forty-four-hour week and a scale of $42.15, but was refused, according to the printers. About thirty-five men will return to work, it was understood.

DEMAND OPEN SHOP.

[BY A. P. NIGHT WIRE.]

SAN FRANCISCO, May 10.—The strike of commercial printers here, which was part of a nation-wide demonstration of the craft for a forty-four-hour week and higher wage, ended here today with a victory for the union, officials of the organization announced. The Printers' Board of Trade, representing the employers, insisted, however, that nonunion men may be employed until such time as a permanent agreement is drawn up.

About 200 men are affected. Originally 350 men went on strike, but some individual shops granted the union demands, according to union officials.

ASTORIA (Or.) May 10.—The ten-day strike of Columbia River fishermen has been settled through acceptance of a compromise offer by the fishermen and fishing on all sections of the river will be resumed tonight.

ROAD CONSTRUCTION BEGUN.

[BY A. P. DAY WIRE.]

OMAHA, May 10.—Contract for the first piece of railroad construction work in the West since the war was let by the Union Pacific Railroad Company yesterday to the Utah Construction Company of Ogden, calling for the grading and bridging of forty-two miles extending from Haig, Neb., into Wyoming.

BLACKHEADS GO QUICK BY THIS SIMPLE METHOD

Blackheads — big ones or little ones —soft ones or hard ones—on any part of the body, go quick by a simple method that just dissolves them. To do this get about two ounces of calonite powder from your druggist—sprinkle a little on a hot, wet sponge—rub over the blackheads briskly for a few seconds—and wash off. You'll wonder where the blackheads have gone. The calonite powder and the hot water have just dissolved them. Pinching and squeezing blackheads only opens the pores of the skin and leaves them open and unsightly—and unless the blackheads are big and soft they will not come out, while the simple application of calonite powder and water dissolves them right out, leaving the skin soft and the pores in their natural condition. You can get calonite powder at any drug store and if you are troubled with these unsightly blemishes you should certainly try this simple method.—[Advertisement.

"UZA" FOR YOUR HAIR

The Formula

℞ Acidi Salicylic
Chinini Puri
Flor Chamomile Volg.
Pilocarpin Hydrochlor
Glycerine Puri
Oil Ylang Ylang, etc.

"A Perfected Combination"

Probably no drugs or patent medicine preparations are used so indiscriminately and with such utter disregard for the fitness of things as hair lotions, hair dyes and hair tonics. You will agree with us in the thought that the sufferer with excessive dandruff, falling hair and kindred hair and scalp disorders, should be ever watchful to correct this flagrant abuse and to select and use with nice judgment hair remedies that are scientifically constructed.

Such a combination is "Uza" Hair Remedy. Most of the medicinal ingredients that enter into the composition of this dependable hair restorative have stood the test for centuries and have been prescribed by medical authorities the world over with conspicuous success. Try a bottle of "Uza" hair remedy and notice the restoration of the clean, healthy appearance of the scalp, as well as a renewed growth and beauty of the hair, and be convinced. Ask your druggist.

Arrangements were also made in Washington with the public health officials to install more adequate quarantine service here.

TRIP TO CHURCH LEADS TO JAIL.

Arrested Man Says He Saw Check on Floor; Held for Forgery.

For the first time in six years, Joseph Jaussaud, aged 48, of 915 Richmond avenue, went to church on March 26, he stated yesterday in Justice Forbes's court, and the result was unfortunate. He said that on the church floor he found a check for $42, made out in favor of J. T. Burns, and he took it. He is accused with later forging the name of Mr. Burns to the check and cashing it. He was arraigned before Justice Forbes and his hearing set for Friday. Bail was fixed at $1500 and he was committed to the County Jail in lieu of that sum. He was arrested by Constables Thomas and Stensland.

Defer Cases of Druggists; Wait Important News

The cases of Julius Sloto and twenty others charged with violation of the national prohibition law were not called yesterday before U. S. District Judge Trippet. Richard Kittrelle, an attorney for the defendants, called to see U. S. Atty. O'Connor, who, however, was absent from the city. They will confer upon his return and an important announcement is predicted.

The indictment returned by the Federal grand jury January 8 charged nineteen overt acts in the conduct of the Southern Druggists' Supply Company, of which Sloto, M. Finberg and H. Lieb were the proprietors. The others named were agents of the company, the indictment recites.

JAPANESE IS CONVICTED.

A jury in U. S. District Judge Trippet's court yesterday returned a verdict of guilty against Raku Torii for violation of the immigration law. It was charged that he harbored and concealed six contraband Japanese, being caught in Imperial county with his human freight. He asserted he was merely giving his countrymen a ride. Torii will be sentenced Monday afternoon.

QUALITY IN MEN'S WEAR SINCE 1883

uality, of Course!

We maintain high standards of quality as a matter of course, not as a matter of boast.

Quality is as much a part of this establishment as its name. For 38 years it has been the motive force behind each day's business of buying and selling.

Men have come to look to us for the degree of quality that comes when a store has ceased to be content with profits only and strives to uphold—a reputation.

BROADWAY at SIXTH

OMAR WINE JUG BRANDED MYTH.

"Dry" Country Inspired Poet, Declares Persian.

Crust of Bread, Girl of Trio of Blessings Denied.

Famished Imagination Given Credit for Lines.

Another wet stronghold has fallen! Ameen U. Fareed, Persian metaphysician and student of poetry, yesterday told an audience at the Metaphysicians' May Festival in Blanchard Hall that Omar Khayyam, whose quatrains have been taken as the text-book for bonvivants, was writing in a prohibition country and that the justly famous "jug of wine" which he described as making a wilderness a parade enow was really but the metaphor of a famished imagination.

The crust of bread, too, must take its place as one of the myths handed down by the muses, and even the girl, who rounded out the trio of blessings, cannot be named—may never even have existed!

The next number on the program after the lecture in which this statement was made was to have been an address on the subject, "Whence, Where, Whither!" but Ernest S. Holmes, who was to have made it, evidently thought that the Persian had revealed a situation so serious that he could offer no means of escape, for he did not take the platform, and the question of "whither?" for the Americans remains unanswered.

Other features of the afternoon session, at which Mrs. Carlos S. Hardy presided, were whistling solos by Catherine Campbell; vocal solos by Verna Best; an address by Mrs. O. P. Clark, on applied metaphysics; and another on "The Power of Divine Praise," Rev. L. Greenbaum.

The evening session, presided over by Edward B. Warman, comprised the following program: "The Spiritual Law of Success," by Mrs. W. W. Huntington; whistling solo, Elmer Rudeen; "Mind Plus," Carlos S. Hardy; "What Everybody Wants to Know," Dr. Beth Northington; "The Illuminated Life," Dr. J. Cameron Diamond; "Maytime in Our Hearts," H. V. Morgan; "Divine Stewardship," Leila Simon Castberg; "How We Master Our Fate," Laurel H. Hartford, and a number of vocal selections by Arda Mae Edington.

The meetings will be resumed this afternoon and the final gathering of the festival will be held tonight.

NAME CITY'S NEW PLAZA COMMITTEE.

Utilities Board Suggests Engineers Osborne, Griffin for Union Depot Board.

Upon recommendation of the Board of Public Utilities, subject to approval of the City Council today, Chief Engineer Osborne and City Engineer Griffin will represent Los Angeles on the joint committee which is to arrange details in connection with the union terminal at the Plaza, and the elimination of grade crossings. The Council, about a week ago, asked the utilities board to recommend the city's committee members. This was done yesterday and will probably be confirmed by the Council today.

The committee in question is being formed on recommendation of the State Railroad Commission, which, at the time of ordering the railroads to construct the terminal at the Plaza site, provided for the appointment of two members each by the railroads concerned, and two by the city.

Another member of the committee will be appointed by the joint committee. The time of the first meeting of the committee has not been set.

DANCING IS HALTED.

Pink Rat Cafe's Permit Suspended on Charge of Disorder.

The dancing permit granted the Pink Rat Cafe, 669 South Alvarado street, was suspended yesterday by Chief of Police Pendegast, following a meeting of the Board of Police Commissioners, where it was declared that the place is being conducted in a disorderly manner. Chief Pendegast told the commissioners that he had been informed by a number of reputable persons that the night life at the cafe was not what it should be, and that a report of one of his officers substantiated the private report.

The proprietors of the cafe will be called before the commission next Tuesday morning to show cause why the dance permit should not be revoked.

City Prosecutor Widney attended the meeting of the commission yesterday and read Superior Judge Burnell's decision in the matter of the Pink Rat, in which the court declared that the previous act of the Police Commission in revoking the dancing license was unlawful.

SAN DIEGO HOTEL TO BE NAVY MEN'S CLUB.

[EXCLUSIVE DISPATCH.]

SAN DIEGO, May 10.—The San Diego branch of the Chief Petty Officers' Club of the United States Navy has purchased the Barstow Hotel, Fourth and A streets, for a consideration of $51,350, and will take possession June 15. The sale includes the building complete with furnishings and the fifty-year lease of the property on which the hotel stands. Various improvements will be made, it is said. Chief Machinists' Mate W. J. Morgan, secretary of the local branch, will be regularly detailed to the new clubhouse during the day.

WOMAN LAWYER ON WARPATH.

Scores Civil Service Chiefs; Says Tests are "Farce."

Kin of Senator Penrose Goes After Examiners' Scalps.

Commission Secretary Calls Her Charge Absurd.

Charlotte F. Jones, an attorney of Venice, is on the warpath. She asks the Board of Supervisors in a red-hot letter received yesterday to investigate "the manner in which the county civil service commissioners are conducting civil service examinations." She recently took the examination for deputy Public Defender, and states:

"I had no more show than a snowball in hell."

The oral examination, she says, was a farce. It did not last more than about five minutes "and I was given no opportunity to prove my ability." She declares that "the present rules of the civil service make it possible for the civil service commissioners to entirely violate the letter as well as the spirit of the civil service law."

"SEX PREJUDICE."

The letter writer states that she was not surprised to be notified that she had failed to pass the examination, because she had been previously informed by the commissioners that she had no chance whatever of being chosen for the position.

"When the personal opinion of the commissioners counts for 80 per cent and the written examination for only 40 per cent it can readily be seen that there is no such thing as a real civil service in this county, especially when an oral examination (?) lasting for five minutes, can outweigh a written test," she writes.

She asserts that the commissioners disqualified her "by their personal bias and sex prejudice."

Tomorrow, she says, she expects to take an examination for special investigator.

"This examination," she writes, "will be still more unfair, as the written examination will count for only 20 per cent and the oral examination for 80 per cent. What is the reason for this outrageous discrimination? Is it because particular persons or favorites of 'the powers that be' are desired for these jobs?" she inquires.

HAS FIGHTING RECORD.

She says she intends to take the matter up with women's clubs and the pioneer societies "and find out if they will allow the commissioners to so outrageously discriminate against a woman and a descendant of pioneers."

Formerly of San Francisco, Attorney Jones says if her fighting ability is doubted, Mayor Rolph and the Board of Supervisors of that city can say what kind of a battle she can put up when she gets started.

Her grandfather was Dr. Elbert P. Jones, San Francisco's first District Attorney, and the first editor of Sam Brennon's Star. Senator Penrose of Pennsylvania is a relative and Chief Justice Salmon P. Chase was a cousin, she says.

According to Secretary Doty of the County Civil Service Commission, the examination in question was impartial. He said last night that he conducted the written examination, and that in handling the oral examination he was assisted by Walter K. Tuller, a prominent local attorney, together with two of Mr. Doty's associates. The written examination was marked by Judge Weyl, Mr. Doty says.

"It seems ridiculous to challenge the fairness of such an examination," was Mr. Doty's comment. "Our examiners are not a fixed board. We draw them from all walks of life to fit each particular case. For instance, when we examined a group of candidates for Coroner we drew a banker, a hardware merchant and Superintendent Martin of the County Hospital. I recall the Jones examination, and every one who knows Judge Weyl and Mr. Tuller will understand how absurd the charges are."

Criminal Career Confession Wins Decree for Wife.

The purported confession of Edgar Allen Wells, in a letter to his wife, Mary Wells, is a unique record of the divorce suit. It was introduced by Mrs. Wells at the trial of her divorce suit in Judge Summerfield's court yesterday. She was granted a decree.

Mr. Wells wrote:

"All my life I have been a criminal, and I have lived by criminal methods, but as I grow old those methods become distasteful, for I can see that I am facing an unloved, homeless and disgraceful old age. The time that we have spent together has been the happiest part of my life, and if it could have continued to the end of our lives, I would have been the most fortunate of men. But I had no legal right to marry you, and I lied to you about my property, so now there is nothing for me to do except resume my old swindling, criminal career, and drop out of your life forever."

GIRL PLEADS GUILTY TO PLOTTING FRAUD.

Helen E. Studley, formerly a clerk at the local main office of the Western Union, yesterday in Judge Willis's court pleaded guilty to a charge of criminal conspiracy to defraud the company out of various sums received from patrons for messages. L. B. Baker and Hugh M. Cawley, former telegraph operators, were arraigned on the same charge, and their cases were continued until Saturday for entry of pleas.

Says She Can Put Up Valiant Battle.

Attorney Charlotte F. Jones.

MADE DEPUTY FOR KNIGHTS OF COLUMBUS.

Angeleno Honored by Order; Long Beach Member Chosen State Secretary.

[EXCLUSIVE DISPATCH.]

LONG BEACH, May 10.—D. Joseph Coyne, Los Angeles attorney, was elected State deputy of the Knights of Columbus late this afternoon at the closing session of the annual State gathering of that organization, which has been in convention here the last three days.

Louis Lefebvre of Long Beach was elevated to the rank of State secretary; Jerry Shield of Bakersfield was elected State Treasurer; R. L. McWilliams of San Mateo, State advocate, and Jack Mulvaney of Alameda, State warden.

Santa Cruz was selected as the next place for the annual meeting of the knights. Delegates-at-large elected to attend the coming national convention of the Knights of Columbus in San Francisco are: J. O. Sawkins, Long Beach; Joseph Scott, Los Angeles; F. P. Jenal, Los Angeles; W. Goram, Monrovia; E. M. Doyle, Riverside; Dr. J. M. O'Donnell, Los Angeles; T. A. Baly, Hollister; T. A. Murphy, Los Angeles.

Two resolutions were adopted this afternoon. One asked for the recognition by the United States of the present Irish republic and the other was a request to the supreme council of the order for the establishment of a recreation building at Los Angeles Harbor to care for the 20,000 soldiers and sailors stationed there.

DOCTORS OF STATE OPEN CONVENTION.

Three Hundred Gather for Annual Meet at Coronado;; Will Disband Thursday.

[BY A. P. DAY WIRE.]

SAN DIEGO, May 10.—With an attendance of more than 300 delegates from all parts of the State, the annual convention of the California State Medical Association was opened this morning at Coronado. The convention was called to order by the president, Dr. John C. Yates of San Diego, who will be succeeded tomorrow by Dr. John H. Graves of San Francisco, the president-elect.

Speakers at the morning session were Dr. Robert C. Coffee of Portland, Or.; Dr. Thomas C. Meyers of Los Angeles, and Dr. E. W. Cleary of San Francisco. The sessions are to be continued this afternoon, the speakers being Dr. John L. Tierney of St. Louis, Mo.; Dr. Gayle G. Mosely of San Francisco, and Dr. Phillip King Brown of San Francisco.

The convention is to continue through tomorrow and Thursday, business sessions being concluded tomorrow and Thursday being given over to sightseeing trips and various entertainments.

FUNNY PANTS BURNED.

Chaplin's Legs Scorched, Too, When He Gets Too Close to Lamp.

Charlie Chaplin's pair of famous patched pants were burned yesterday, and the cinema comedian was slightly burned on the legs when, while working at his studio at La Brea avenue and Sunset Boulevard, he got too close to an acetylene lamp. Others on the lot rushed to Mr. Chaplin's rescue and extinguished the flames by wrapping him in blankets. He suffered only secondary burns.

After being given first aid at the studio hospital, the film funmaker was taken to his home in Hollywood.

RICH MAN ENDS LIFE WITH ROPE.

Leaves Paralyzed Kin for Suicide's Death in Attic; Ill Health Blamed.

Apparently despondent over failing health, P. J. Moran, a wealthy retired business man, aged 55, hanged himself in the attic of his home at 523 Larrabee street, Laurel Canyon, yesterday afternoon, according to the report of Deputy Sheriffs Dewar, Johnson and Hotz, the investigating officers. The act was unexplained, the officers said, adding that the only motive seemed to lie in Mr. Moran's illness and consequent depression during the past month.

Mrs. Moran told the officers that her husband had seemed to be very happy. They had come here from Salt Lake City several months ago and after living at the beach for some time, bought the Laurel Canyon residence only a week ago. Yesterday morning, Mrs. Moran left the home to visit her physician in Santa Monica. Mr. Moran was left at home. While his paralyzed brother-in-law sat in the parlor reading, the elderly man climbed to the attic and carefully made a noose in some stout rope and fixed it to a rafter. Then he inserted his head in the noose and, as his feet still touched the floor, doubled up his knees.

At dinner time, the wife returned and searched for her husband. Finally she found him in the attic dead. Neighbors summoned Constable Moore of Sherman and Dr. J. R. Perry of Hollywood, the family physician. The doctor cut the body down and called the deputy sheriffs.

At the Coroner's order, the body was taken to the Kirkelie undertaking rooms in Ocean Park.

There are no immediate relatives of the dead man, except the widow, the deputies said.

CONFER OVER BUILDING OF BORDER ROAD.

Imperial Delegates Meet in San Diego to Further Highway to Yuma Project.

[EXCLUSIVE DISPATCH.]

SAN DIEGO, May 10.—A committee of eight Imperial Valley men, who are working toward the construction of the San Diego-El Centro-Holtville-Yuma highway, is in San Diego today conferring with Chamber of Commerce officials to further organize efforts for completing the road between these cities.

The visiting delegation includes County Supervisor Brooks, County Highway Commissioner Travers, E. H. Morton, vineyardist of El Centro; L. F. Shaw, chairman of the County Highway Commission; M. C. Blanchard, vice-president of the First National Bank; M. V. Oakley, City Trustee; C. H. Eckert, real estate dealer of Holtville, and H. H. Peterson, contractor of Calexico.

San Diego and Imperial Valley representatives have been working for some time to get a thoroughfare to afford direct travel through to San Diego on the southern Coast-to-Coast Highway.

Paving between Holtville and Yuma is the principal project immediately before the workers, and it is being forcefully urged upon the State Highway Commission that this is a most necessary link to construct and a rightful object of appropriation of State highway funds.

CHINESE AND JAPS WILL BE DEPORTED.

Immigration Inspector McMahon will leave tonight with a party of twenty-five contraband Japanese and Chinese on the steamer President for San Francisco, where the orientals will take a steamer back to Japan and China. They were picked up from the San Diego, Imperial and Los Angeles county jails.

PLAN FUNERAL FOR WAR HERO.

Disabled Veterans in Charge of Military Rites.

Chateau Thierry Victim Will be Accorded Honors.

Body to Lie in State Day and Night in Pershing Square.

Final arrangements for the military funeral services to be conducted for Sergeant Morris Lynchik, hero of Chateau Thierry, at Pershing Square on the 29th inst., will be made at a joint committee meeting to be held at the rooms of Los Angeles Post No. 8, American Legion, Friday at noon. The committee from the Disabled Veterans of the World War, Jerry DeVine, chairman, in direct charge, has requested all patriotic and fraternal organizations which took part in war work to have representatives present.

Mr. DeVine declared last night that the organizations which have already offered their co-operation, intend to plan for services which will not only pay a fitting tribute to the memory of Sergt. Lynchik, but will be sufficiently impressive to remind citizens of Los Angeles of the sacrifices made by American doughboys overseas.

The body of Sergeant Lynchik arrived in Los Angeles on Monday and was taken to the Alvarez & Blue chapel. At 1 p.m. on the 27th inst., the body will be placed on a caisson and removed to the Lynchik family home on Winter street, under guard. The men who will form the escort will be chosen at the meeting Friday. Capt. George Higley of the Veterans of Foreign Wars will be in command. Private funeral services will be conducted at the Lynchik home.

WILL LIE IN STATE.

The following day at 1 p.m. the body will be taken under guard to the west side of the fountain in Pershing Square, where it will lie in state until the funeral services the next day.

The services will be conducted at 1 p.m. by Chaplain Dodlan of Victory Post, No. 54, American Legion. Mayor Snyder will deliver an address, and a rabbi, who served in the Army will speak.

Following the services there will be a long funeral march, in which it is expected more than 5000 ex-service men, and members of patriotic and fraternal organizations will take part. The line of march will be from Hill to First street, to Broadway and then to the cemetery.

PLANS NEW CEMETERY.

It was at first decided to ship the body to Fort MacArthur, but Mr. DeVine said last night that the committee in charge has arranged for interment in a cemetery, which the American Legion is planning to open for ex-service men. The location will be announced at the meeting on Friday. If the cemetery is not ready on the 29th inst., the body will be temporarily placed in a vault at Rosedale Cemetery. Gen.

GREAT GUNS MILES AWAY SHAKE CITY.

Small Charges Being Used for Practice at Sea Cause Scare; Big Ones Tomorrow.

The window panes, the dishes on the pantry shelf and the teeth of the timid rattled and rattled last night. The rattling began at o'clock and continued until midnight. Houses shook in many parts of Los Angeles, particularly in the southwestern sections of the city and on Boyle Heights.

A dispatch said Santa Barbara, more than 100 miles away, was being shaken as violently as Los Angeles.

Telephone operators and policemen were interrogated, and hundreds of inquiring calls came over the telephone to The Times.

The gunners of the U.S.S. New Mexico were out for a frolic some fifteen miles off shore, shooting the fourteen-inch guns at a target five miles distant. When Navy men were asked about the commotion, they expressed surprise that the New Mexico should have awakened the baby. They said reduced charges were being used. Pressed, they explained that only 290 pounds of powder instead of the usual 480 pounds was behind each shell, whose total weight is a matter of a mere 1400 pounds. Besides, the shots were being fired at minute intervals, not in salvos, and there should be no excitement over such light target practice. The New Mexico merely was blazing away at a target being dragged by the Mississippi. The target was illuminated by star shells and searchlights.

Tomorrow night, it was made known, Los Angeles may have some cause for surprise. Then the New York, New Mexico, Mississippi and the Idaho will fire broadsides, big fourteens and little fives all at once. Each ship will attack the target three times, and each time will fire nine broadsides. The full charge will be used in the big guns—not the pop-gun ones used last night.

OIL STRIKE REPORTED.

Well in Vicinity of Corona Said to Have Flow.

An oil strike in the vicinity of Corona was reported yesterday by the Chino-Corona United Oil Company. The petroleum was declared to have been found at a depth of 3104 feet. It was located under the direction of Ralph Arnold, noted geologist of this city and New York. Yesterday the well was reported flowing a small stream of oil, but it was not stated whether the product will be available in paying quantities.

NO-PARKING CHANGE.

The no-parking ordinance is to be further amended. This was agreed to yesterday yesterday at a meeting of the Council's Public Safety Committee, when a communication signed by a number of business men was read, in which protest was made against no-parking starting at 9 a.m. The committee will recommend that the hour be changed to 10 a.m.

Homer Grunn

One of the Leading Pianists and Teachers of the Country—a Composer With a National Reputation.

MR. GRUNN just purchased two new Grand Pianos for his home and studio. His choice was the incomparable

Chickering

Homer Grunn says: I wish to express to you my pleasure and delight which the beautiful new Chickering Grand Pianos which I purchased for my home and studio are giving me.

It is of the utmost importance to the concert as well as the creative artist, that his medium of expression (his pianos) should be perfect, and in the Chickering is found not only a perfect singing tone, but a fine responsive action altogether delightful.

I shall use the Chickering for all my future recitals and concerts.

Yours sincerely,

Y. M. HERE TOPS REST OF WEST.

Membership Growth Passes All This Side of Chicago.

Secretaries Hear Reports on Activity Expansion.

Bureaus Help Service Men to Find and Keep Jobs.

Annual reports made to members and officials of the Los Angeles Young Men's Christian Association last night show not only the largest membership growth west of Chicago, during the past year, but a city-wide program along industrial, educational, Americanization, boys' and religious lines that exceeds in scope that of any other Y.M.C.A. in the West. Figures for the past twelve months were read by a group of a dozen secretaries in charge of the metropolitan association work and the various branches scattered about the city.

For more than a year Los Angeles has led the West in point of members, having a total of more than 7000, with approximately 4000 registered in the Central Branch Building on South Hope street. Of this number more than 600 are members of the boys' department. The Americanization work during the same period has grown from less than 500 boys to more than 623, with eight different camps for foreign-born boys in operation.

One of the features of Y.M.C.A. work in Los Angeles for the year ending May 1, 1921, has been the activity among returned enlisted men at the replacement bureau by Dr. W. H. Salyer, a Y.M.C.A. secretary, who acts as manager of the bureau. Dr. Salyer's report places the number of men for whom jobs have been secured at 2000, and the number of former service men referred to jobs, at 10,058 for the twelve months.

In its Americanization work the Y.M.C.A. is promoting classes for hundreds of foreign-born and ex-service men in its central building, international building, Congregational school and the Japanese and industrial institutes. The Sons of America, composed of 623 boys of foreign-born parents, has now developed to the stage, it is said, where the full time of one secretary, Fred Meyers, is devoted to its organization and promotion.

Plans for the Americanization department's summer work include open-air entertainments in the Plaza from June to October, educational contests for foreign boys, "kaddies' klubs" for boys employed on the golf courses of the city, church and religious activities, week-end camps, leadership training classes, baseball league and competitive athletics for boys in co-operation with the Los Angeles playgrounds under direction of W. A. Reynolds, metropolitan physical director.

Mass singing is now being conducted in industries of the city five mornings in the week between 7:30 and 7:55 o'clock for employees. In a number of shops and factories noonday sings are conducted by Stanley Baker, industrial secretary.

POISON LIQUOR GOES IN SEWER.

Two Thousand Quarts of Bad Booze Destroyed by Federal Agents.

About 2000 quarts of mixed liquors were destroyed yesterday at the government warehouse on New High street by Federal officers. The great bulk of it had been condemned as unfit for use, as it contained poisonous substances of various kinds. The bad stuff was poured into the sewer.

The liquor shown to be good by tests in the government laboratories will be offered for sale in June, but no one can bid on it unless he is in possession of a permit issued by Prohibition Inspector in Charge A. O. Kriete. Some of the liquor destroyed had been on hand since February, 1919.

TWO FLOORED BY MISSILES FROM ALOFT.

Screwdriver and Plank Drop on Heads of Men and Inflict Scalp Wounds.

A four-pound screw driver dropped from the seventh story of a new building at Sixth and Olive streets yesterday, sent John L. Kearney, 28 years of age, of 715 South Hope street, to the Receiving Hospital with a four-inch laceration on the top of his head. That the man escaped with his life could not be explained by the police surgeons who treated him.

According to Mr. Kearney, he was walking on the sidewalk near the new building when the screw driver knocked him out. Before assistance could reach him he recovered consciousness and was taken in a passing automobile to the Receiving Hospital.

Just after Mr. Kearney had been treated Micho Petrovitch, 31 years of age, a laborer of 368 North Bunker Hill street, was rushed to the hospital from a new building at Seventh street and Broadway where a twelve-foot plank had dropped on his head. Petrovitch who was unconscious, was treated for an inch-long laceration of the scalp.

DONATE DOLLARS, NOT PENNIES, IS APPEAL.

CLUB WOMEN DIRECTING DRIVE FOR SALVATION ARMY ASK FOR LARGER SUMS.

Local club women, directing the annual maintenance campaign for the Salvation Army, yesterday issued an urgent plea that dollars, not pennies, be given to this worthy cause. Reporting the results of solicitation at the tents on the downtown street corners, the women in charge stated that while few refused to give, more than one-half gave only their smallest change.

"With fourteen centers of activity in Los Angeles maintained by the Salvation Army, $1 divided among them seems little to give toward their support," said Mrs. W. J. Van Valkenburgh, chairman of the Women's Maintenance Council, at headquarters at the Angelus Hotel last night. "While helpful, pennies, nickels and dimes scarcely represent the obligation that fortunate citizens owe to those upon whom misfortune's hand has been laid."

Good-natured rivalry is manifested among the groups in charge of the tents. The one at Fifth and Spring streets led in collections on Monday and yesterday. Seventh and Broadway was a close second.

Members of the jazz band of the House of David, who are appearing this week at Pantages Theater, paraded downtown yesterday, and, assisted by Salvation Army lassies, gathered several hundred dollars. Brig. C. R. Boyd, divisional commander of the Salvation Army, announces that checks sent by mail should be made payable to the Salvation Army and addressed to 502 Chamber of Commerce Building, divisional headquarters.

SENTENCE TWO FOR THEFTS.

James Conley, convicted of stealing an automobile, was sentenced to San Quentin for from one to ten years yesterday by Judge Willis. W. B. Gesford was denied probation and sentenced to San Quentin for from one year to life on a charge of robbery.

Graduation Frocks

The June graduate has the world at her feet.

At Robinson's, she has a world of beautiful frocks from which to select.

Appareled in one of these models, she will exact involuntary homage.

These Frocks, very late arrivals, are of Canton Crepe, Paulette, Georgette, Organdie, Net and Voile. Some are imported.

Fine tucks and cording, fagoting, hand-drawn ladder work, sprays of embroidery, buds and blossoms of white organdie and ruffles in new adaptations of width and locations—these are some of the trimming motifs that give individuality to the frocks.

Sizes are 14, 16 and 18 years.

Prices are reasonable.

THIRD FLOOR

Smart New Sailors, $15.00

What is new in Summer Sailors?

Orchid straw; batavia in honey-dew, with the brim at the left cut away for a stiff tailored bow; pink hemp having a band joined by a miniature harness buckle; American Beauty faced in navy.

These are a few of the late models from an Eastern firm, especially well-known for its distinctive tailored hats.

They are moderately priced at $15.00.

THIRD FLOOR

Organdies

The climate in the Southland is kind to Organdies. There are days and days when Organdie is precisely in keeping with mellow sunshine and cool backgrounds.

SECOND FLOOR

Canton Crepes and Taffetas

At least one frock of taffeta and one of Canton crepe—and most assuredly an extra sports skirt of Canton in white or flesh—will be in the summer wardrobe of almost every woman.

Taffetas at Robinson's are now marked surprisingly low. They are of firm, heavy quality and are shown in between thirty and forty shades. At $2.15 a yard.

Canton Crepe that falls of its own accord into soft, rich folds, comes in grays, Mrs. Harding blue, navy, tan and other shades in the plain weaves and in white and flesh, in the patterns with the large geometrical designs so popular for separate skirts. Prices on the Canton Crepes begin at $4.50.

SECOND FLOOR

63 Jersey Sports Coats, $14.75

63 Sports Coats of woven jersey of the better quality have been reduced to a very low figure, $14.75.

They are Coats exclusive to Robinson's in this city.

This is evidence of their lateness of style and of quality.

Collars and cuffs are of angora and capel's hair. The tuxedo collar extends half-way down the front.

Colors are heather mixtures: brown and alpaca, navy and tan, beige and alpaca, black and white, beige and turquoise, all-black and all-green. There are not all colors in all sizes. Sizes 34 to 42.

At least one frock of taffeta and one of Canton crepe—and most assuredly an extra sports skirt of Canton in white or flesh—will be in the summer wardrobe of almost every woman.

Taffetas at Robinson's are now marked surprisingly low. They are of firm, heavy quality and are shown in between thirty and forty shades. At $2.15 a yard.

Canton Crepe that falls of its own accord into soft, rich folds, comes in grays, Mrs. Harding blue, navy, tan and other shades in the plain weaves and in white and flesh, in the patterns with the large geometrical designs so popular for separate skirts. Prices on the Canton Crepes begin at $4.50.

Even In '75 Tourists Were Flocking To Los Angeles By Train Loads

Was It the Opening of This Store or Was It the Climate That Spread the Fame of Los Angeles Even Unto the Wilds of Canada Full 46 Years Ago?

—Whoever he was, this old-time news-gatherer of The Express had the vision to see the glorious future that awaited Los Angeles. Note what he wrote in 1875—

> —*"Mr. Freeman yesterday received a letter from Western Canada that a colony of 600 people would shortly start for Los Angeles. This colony is but one of many parties which will make Los Angeles what it is destined to be—'The garden spot of California'."*

—And just as thousands upon thousands of people have continued to come to Los Angeles to make it not only the "Garden Spot of California," but of all the world, so Jacoby's has always endeavored to not only fill the desires of her patrons to the full, but to give even better of value and of service.

ONCE a body starts this thing
Of selling merchandise,
And making friends—the sort that cling—
Whose good-will never dies,
It keeps a body doing all
A body knows to do,
And if the "body" be a store,
The selfsame thing is true.
In "75" Jacoby's set
Progression's wheels a-humming.
In "21" they're whirling fast
And faster still are coming.

For knockers even less,
But whoops things up in lively tones,
Because that brings success!

TOO MUCH UNION.

Sam Gompers and his new bride spent their honeymoon at a nonunion hotel. Possibly they were after service.

ECHOES OF THE WAR.

Seems as if the Knox peace resolution ought to be elastic enough to permit a German-made film to be shown within ten miles of Hollywood.

THE BILL OF FARE.

Georges Carpentier is on his way to America to meet Dempsey and is bringing his French chef with him. Is this fight to be table d'hote or a la carte?

COMES HANDY.

John Burroughs willed his writing desk to his friend, Henry Ford. Now that Henry has become a great journalist this will be fine for him to do his literary work on.

THE PRICE OF FAILURE.

Frank Keeley, an American, who was deputed by Lenine to reorganize Russian industry, has been clapped into jail. He was a bright chap, but he failed. The Lenine and Trotzky system of thus punishing failure is a little harsh, of course, but it has a good deal to recommend it. In this country we are too apt to let failure be its own reward, especially in our civic affairs.

HUSBAND SHOOTING.

It is feared that the crop of husbands will not go around for the women who carry artillery. Pity the poor girl who has no husband to shoot. It may be necessary for the Legislature to establish a closed season on husbands in order to save the breed. It should at least be understood that no woman would shoot a husband unless she thought it necessary or wanted the pelt.

TOO HANDSOME.

Wife obtains divorce because husband is too handsome. She had to support the family while he admired himself.

Women can never claim equality while they hold this sort of objection. Superior masculinity enjoys supporting beautiful, idle wives. Most unreasonable to expect a handsome spouse to work. Nobody really believes that handsome is as handsome does. Beauty and utility should not be expected in the same person, either—it wouldn't be fair either way.

DOGS OF WAR.

Just as we were about to send all navies to the scrap pile as being helpless against bombing raids and submarines one of the sea dogs shows us how, with the use of honeycomb and macaroni tubing in their war armor, battleships can be made unsinkable though torpedoed, mined, bombed or shelled by direct fire. No explosion from within or without can sink the ship or cause its complete destruction. At least that's what the naval expert says. Seems funny to be taking honeycomb and macaroni to build a bomb-proof navy. Looks as if we might yet be running our war hounds from a delicatessen.

SEEING AMERICA.

Prof. Einstein is amazed at the extent to which personal liberty rules in America. In the face of the prohibition amendment he still thinks the freedom of the individual is more asserted and assured in this country than in any other. Concerning his own field of thought Dr. Einstein says that there are only twelve men in the world who understand his theory of relativity and three of them live in America. With twelve apostles, however, the professor can hardly complain. He says that many people talk his theories who comprehend them not. He is a fad or a joke, as the case may be, but he doesn't mind it.

LOVE AND HAPPINESS.

Somerset Maugham's latest play makes a nice distinction between love and happiness. When the heroine wants to elope with a dubious lover they tell her she can never hope to be happy with him. But the gentleman points out that he is not offering happiness—but love, "with all its trials, misunderstandings, its quarrels, hardships and endurances." That settles it and the lady accepts.

And, after all, love is just that. Those who only expect happiness from love can never be great lovers. Who was it that defined love as a sweet agony—"a torment and a treasure; having it, no peace; lacking it, no pleasure"?

OUR DEGENERATE TEETH.

A London dental authority, Dr. E. G. Bluith, declares that the future of the United States is gravely threatened by the rapid degeneration of our people's teeth and that vices and indulgences are responsible for this degeneration.

But it all depends upon what you call vices. Most people blame our dental condition upon our little weakness for ice cream, candy and soft drinks. We consume about five times as much of these as any other country. If this is degenerate, we have it bad. But one recalls a cockney joke in which two little slum girls are discussing Johnny's death.

"Wot did 'e die of?" asked Effie.

"Eating a hice on top of 'ot puddon," confided Maria.

"Oh, wot a jolly death," said Effie wistfully.

AMERICA WILL NOT SHIRK.

President Harding's decision to appoint a representative of the American government to sit in the Supreme Council of the Allies has caused patriotic hearts to rejoice in England, France and his own country, but has sent a chill of consternation down the spines of the helmeted diplomats east of the Rhine. The Germans have a psychological defect which leads them to readily believe what they wish to be true. It is an intellectual fault of the race. When the United States Senate declined to ratify the Versailles Treaty German politicians—they have lost the right to be called statesmen—failed to grasp the point that it was by reason of objectionable clauses in the covenant of the League of Nations and not through any desire to aid Germany to escape the penalties fixed in the treaty.

They believed that the Allies and their American associate were hopelessly divided. They even misinterpreted the sentiment that actuated our relief work and imagined that, because we were feeding women and children of the Central Powers, our sympathies were veering toward them and away from our late comrades in arms. That strengthened the late German government in its disinclination to disarm, to surrender its arch war criminals for trial, to make just reparation payments.

We know in this country that such a result was not intended by one Senator in ten who voted against the treaty. But, as Andre Tardieu, one of the French Peace Commissioners, recently pointed out, "results at times outstrip intentions." The Germans believed that was true which they would like to have true and they were encouraged in that folly by their propagandists in the United States. Recent cables from Berlin indicate, however, that the German government and people have come to a realization that payment of reparations can no longer be evaded. The refusal of President Harding to take Germany's claims up with the Allies, followed by his appointment of representatives on the Supreme Council and the Council of Ambassadors, are producing the desired effect. The Reichstag seems on the point of making the appropriations necessary for the first annual payment fixed by the Allies. The Junkers are still protesting, but they are now in an apparently hopeless minority.

France set great store on having an American representative again on the Allied Council by reason of the moral effect that expression of continued solidarity would have on Germany and on a number of other smaller European countries which, like the Germans, had misread the motives that caused the ratification of the treaty to be refused.

Many Germans in high position have persisted in the folly of believing that the United States would, in some way, help them to evade just reparation payments. German newspapers published statements that the treaty had been rejected because the American people felt that their President had betrayed them, that he had not negotiated a treaty based on the principles enunciated in his famous fourteen points. It was due to this misconception that the German government appealed to President Harding last month to reopen on behalf of Germany pourparlers with the Allies concerning reparations.

It now develops that the chief motive of the visit of Rene Viviani, French High Commissioner, to this country was to set clearly before the President and the Secretary of State the advisability of having the United States represented in the Supreme Council of the Allies. It was the moral support of this country rather than material aid that he was soliciting. In acceding to that request the President has at once set at rest any suspicion overseas that the United States disproved the Allied determination to make Germany pay.

French statesmen are again making public appeals to our President and Senate to join with our late Allies in an association of nations which will be strong enough and united enough to enable each of its members to adopt a comprehensive policy of disarmament. They say that the French people are sick unto death of militarism. The present generation wants no more fighting. It wants to return its young men to industry and to throw off the burden of armament taxes.

But the French feel that it would be folly for them to disarm until they are assured of the support not only of Great Britain, but of the United States, in case Germany decides to treat the Versailles Treaty as another scrap of paper. They hold that France, Great Britain and the United States, if united in an association for mutual defense, not for aggressive warfare, will possess a solidarity that would enable each to reduce its armaments to a minimum.

France seeks the peace of Europe; but she rightly asserts that, to quote M. Tardieu again, "without law there can be no order, and the only possible law in Europe is the treaty which Germany has signed." He says in substance that the Treaty of Versailles is the law of nations in Europe, that some form of international association is necessary to interpret that law and that its authority will be powerfully reinforced if the United States is a member of it.

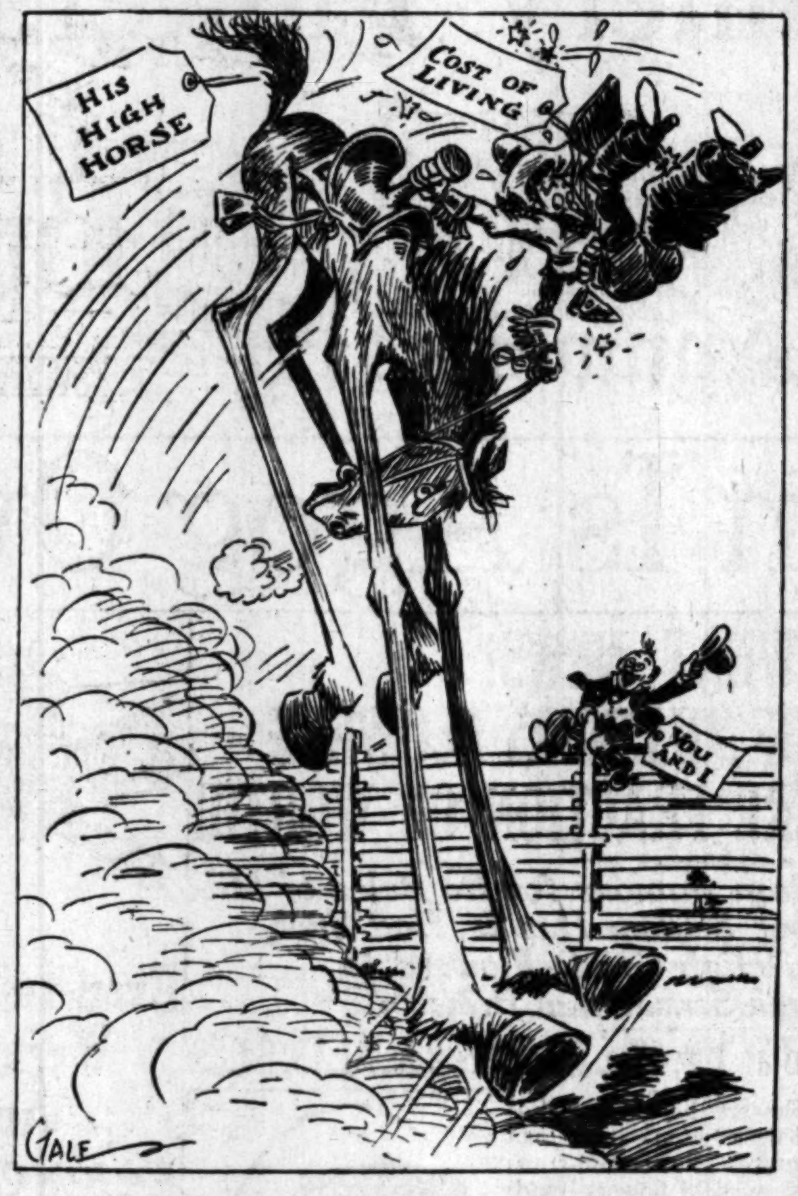
Prefacing his appeal with the assertion that "Democracies ought to be told the truth," M. Tardieu says that:

> Pure and simple re-establishment of peace according to the resolution of Senator Knox would have just the opposite effect that France hopes for. But between the Knox resolution and ratification, there are other ways. America may ratify the peace treaty with Senator Lodge's reservations or after asking the Allies to amend the covenant. America may declare the changes she desires. There are a thousand means of reaching a satisfactory conclusion. There are a thousand means, but there is only one end. That end is to help re-establish order in Europe by helping to enforce peace. By the part it played in the war America made victory possible. By the part it will play in enforcing the peace the United States will remain true to her war aims. American support is essential to make Germany observe the peace treaty. Nothing else can make a rebellious Germany understand the necessity of fulfilling what she has signed. Nothing else can bring about the financial settlements without which France cannot live.

Cogent reasons these. That they were not without effect when urged upon the President and the Secretary of State is proven by the promptness with which President Harding agreed to name an American representative on the Supreme Council. Plainly the way is again opened for the formation of a League of Nations. Two years have elapsed since the first attempt was made at Versailles. The mistakes in the original covenant are now recognized, both here and in the other Allied countries. No financial, economic or military guarantees on the part of this country are now insisted upon by our allies. All they ask is to affirm to the world the solidarity of the five nations whose commissioners drafted the Treaty of Versailles, to give public notice that they will unite to enforce the fulfillment of these decrees.

The Times is profoundly of the opinion that the best interests of the United States demand that we give evidence of our willingness to become a member of such an association; for in that way alone can a policy of international disarmament be entered upon with security. And The Times believes that this opinion is shared by the great majority of patriotic Americans, without reference to political affiliations. President Harding pledged himself during his campaign to "proceed forthwith" in an effort to form such an association; and The Times wishes him Godspeed.

"He's Pulling Leather."



POOR TEAM WORK.

California's senior Senator is living up to his reputation of being against every government and administration that he is not personally conducting. He is the first of the Republican group in the Senate to start a filibustering campaign in opposition to the policies of President Harding and the Republican leaders. He has also angered the Republican leaders of the State of New York by becoming the paid attorney of the Hearst-Hylan administration in New York City. It does not seem to have occurred to him that a United States Senator in an industrial era has a duty to perform as the business representative of the State which he represents.

California is not in a position, either geographically or economically, to maintain an attitude of continued hostility to the Federal government. The fate of many of our industries depends upon the attitude of the party in power at Washington. It is within the power of Congress to protect our citrus fruit, our beans, our cotton, our olives, our figs and our raisins or to leave them at the mercy of the exploiters of cheap foreign labor. Congress can protect our forests and our irrigation and power and reclamation projects or it can render them practically worthless. Congress can strengthen our Coast with fortifications and naval bases or it can leave them in the present state of unpreparedness to resist a hostile naval attack. Congress can stop the Japanese industrial invasion and, by changing two words in an existing treaty, it can both refuse to protect us and make it impossible for us as a State to protect ourselves. A policy of absolute isolation is as unwise for one State to adopt in regard to the rest of the country as for a single nation to set itself up in opposition to the rest of the world powers.

We could not prevent Federal interference in California affairs if we would; so we must depend upon our representatives at Washington to maintain such relations with their associates as will cause them to look upon California's aspirations with a friendly eye.

So long as a number of our industries are not more than two lengths ahead of the Sheriff we would vastly prefer legislation favorable to California interests to seeing the name of our senior Senator in the headlines of the metropolitan press. Just now Senator Johnson is opposing certain of President Harding's appointments, with the clearly indicated object of personal revenge. He is fighting the confirmation of Internal Revenue Commissioner Blair of North Carolina because Blair did not vote for Johnson in the last Republican convention. Senator Johnson may be getting some personal gratification out of that opposition; but he certainly is not helping us to get an adequate tariff for the protection of our lemons or to secure appropriations for Pacific Coast naval bases.

Senators and Congressmen are just as much inclined to be resentful as the average private citizen. The first requisite of a successful traveling salesman is that he shall be able to maintain friendly relations with the trade. One persistently contentious and abusive seldom makes more than a single trip over the road. California has now a strong Republican delegation in Congress; we would be in position to repair some of the material damages inflicted upon us during the recent Democratic administrations if our senior Senator would only break himself of his reprehensible habit of getting off the reservation. Senator Shortridge, by his urbanity and habitual good humor, has already made some valuable friends for California; but he is compelled to spend most of his time conciliating groups whose hostility Senator Johnson's unjustified attacks have awakened.

We are already far from the period when the United States Senate was little more than a debating society. The government now occupies so great a regulative control over industry that one who understands business conditions and is a good mixer is worth more to his State than a dozen noisy declaimers. Government becomes daily an affair of business rather than of sentiment; and it is much better for the interests of the State concerned that a Senate seat should be vacant than filled by a perpetual agitator.

THE COMEDIAN'S POWER.

There's a comet coming along in June with a 2,000,000-mile tail and it will be visible from Los Angeles, but this city is the home of a star with a following of many more millions than that. Some people in the city still hold the pose that this star—Charlie Chaplin, of course—is beneath their notice. But they are far behind the times. Even the ponderous London weeklies take notice of Charlie. One of them recently had an article by St. John Ervine, whom many of our clubwomen have worshiped from afar. Mr. Ervine considers it a "great good fortune" when he can see a film featuring Charlie Chaplin, or, as he prefers to call the comedian, Mr. Charles Chaplin. He tells us of his first introduction to Mr. Chaplin. It was long after we knew the actor here in Los Angeles; in fact, it was during the war. He with others just from the front, exhausted, unenthusiastic, thoroughly dejected after suffering innumerable hardships, attended a concert. All the men were unappreciative—Mr. Ervine, being, as he says, a highbrow, writes it "inappreciative," as Sammy Clover used to do—and they seemed to be filled with a collective disgust of their own kind and everything else. Then a motion picture. "Into the circle of light thrown on the screen came the shuffling figure of Charlie Chaplin, and immediately the men forgot their misery and fatigue and a great welcoming roar of laughter broke from them. That small, appealing, shuffling, nervous figure, smiling to disarm punishment, had only to show himself and instantly a crowd of driven men forgot where they were and to what they were doomed and remembered only to laugh." That, as Mr. Ervine remarks, is great.

GREAT HITS.

In his eighth home run this season Babe Ruth is said to have made the longest hit ever seen in Washington. This is saying a lot, as Washington is a city of great hits. There's the one made by Harding, for instance.

APOLOGIES INVITED.

The Secretary of War says that he will make proper public apology in case a name is unjustly published in the government's slacker list. It is probable that considerable apologizing will be asked for before the thing is over.

SINCLAIR'S BRASS.

Misrepresentations of the Socialist Fictionist Exposed.

There dwells in Pasadena one Upton Sinclair, perfervid Socialist and propagandist, who, fancying himself gifted beyond most mortals, attempts to establish a leadership among those who are unable to distinguish sophistry from logic, sound arguments from wild statements, truth from sham.

Much ado has been caused in some quarters over the ranter's repeated attacks upon the press of America, which he accuses of all manner of sins of commission and omission. The newspaper that utterly fails to suit this lonely soul is The Times, which he attacks when other inspiration fails.

His principal charge against The Times is that this paper persists in suppressing his name from the day's news.

As a matter of fact, any newspaper that attempted to give Sinclair the publicity he deems his due would be obliged to either cut out much of its news or enlarge its sheets.

If Sinclair's conduct ever becomes sufficiently odious to have news value; whenever his zeal for the new order which he advocates and which means the overturning of the present government leads him to commit an overt act against the State; whenever, in short, he drops the thin mantle of decency and conformity to law, which he as yet wears, and shows himself openly an enemy to society as have his friends in Russia, then, and not until then, can this fractious egotist hope to figure largely in the news columns of the great national dailies.

As to the specific charges against The Times, referring to the recent Congressional election, in which Sinclair also ran as a candidate in the Tenth District, a brief review may be worth while. The following statement of Sinclair appeared in a Red sheet, published in Kansas, on Aug. 28, 1920: "They (the Los Angeles papers) have set out deliberately to boycott my name. The Los Angeles Times cut my name from the official list of candidates which it published." The files of The Times need only be consulted to find the answer. In The Times of July 24, 1920, part II, page 3, under heading "Politics," is this statement: "Nomination petitions which reached the Registrar of Voters' office just before midnight on Thursday and not given out with the original list were filed by the following candidates:

"Ninth District—Ralph L. Criswell (Rep.)

"Tenth District—Milton Bryan (Dem.,) Upton Sinclair (Soc.)"

This alone is sufficient to dispose of the assertion made by Sinclair that the Los Angeles papers set out deliberately to boycott his name. That Sinclair knew that his name so appeared is hardly to be doubted. That class known to the newspapers as "publicity hounds" never fail to see their names when they succeed in getting them printed.

On August 29, under heading "Who's Who on Tuesday's Ballot," with the subhead, "Here are All the Candidates," appeared the following:

"H. Z. Osborne, the incumbent, has no opposition for the Republican nomination for Congress in the Tenth District. Two years ago the Democrats in the district rewarded him for his support of the President during the crucial war period by giving him the Democratic nomination also. Democrats in the district filed a petition to give him the nomination again this year, but a petition has also been filed for Milton Bryan, a Democrat, and for Upton Sinclair, a Socialist. Bryan is likely to be eliminated at the primary, but Sinclair will be running on paper until November. As the Tenth District gave the heaviest Republican vote of any Congressional district in the United States two years ago, it is not likely that Upton Sinclair's candidacy will occasion much excitement in that district."

In a letter of Upton Sinclair to the Weekly Review of New York, of Feb. 9, 1921, this fiction is found:

"A few days before the election the Los Angeles Times printed a large display article with the headline, 'Here Are All the Candidates,' and this gave the names of all the candidates to be voted for by the electors of the city of Los Angeles—with the single exception that the name of Upton Sinclair was omitted."

Sinclair is wrong again, as in The Times of Oct. 31, part II, page 1, column 3, under the three-column heading, "Who's Who on Tuesday's Ballot," appeared the following: "Pitted against him (Osborne) is Upton Sinclair, a mediocre novelist and a Socialist of the more radical type. Sinclair's candidacy is admittedly an experimental venture into politics."

Does Sinclair suffer from defective vision, or is his astigmatism moral rather than physical?

Again, Sinclair thinks he finds himself neglected in the election returns. The following telegram sent to various publications is self-explanatory:

"All Los Angeles newspapers, two morning, three evening, suppress all election returns from the Tenth Congressional District in order to avoid mentioning the name of the author of 'Brass Check.'"

And yet the fact is that in The Times of November 3, the morning after election, in the first column of the first page appears the following:

"Congressman Osborne is far ahead of his Socialist opponent, Upton Sinclair, in the Tenth Congressional District."

That Upton Sinclair's defeat was a foregone conclusion, justified by the event, made any extended account of the returns in the Tenth District unnecessary.

However, on the following morning in the first column on the first page appeared this:

"Osborne was re-elected to Congress from the Tenth District by a big increase over his vote of four years ago, according to the latest count. The returns tabulated from a majority of the precincts showed that he had fairly snowed under his Socialist opponent, Upton Sinclair."

It is a quibbler of this sort, to use a polite term, that has the effrontery to write vitriolic attacks against the American press, charging untruthfulness, suppression of the news and general untrustworthiness. Surely a man who can so brazenly pervert the truth is no judge of that commodity.

Regulating the Relativity.

Supposing a body in space moving at the rate of a million miles an hour and passing in a parabolic curve around the edges of the stellar universe and making for another bunch of astral units, then raises the question where it is going, and in what direction. Einstein says it is not. That is his relativity proposition. It is perfectly clear. Stated thus in the simplest terms, the marvel is that anybody can be confused. So why, therefore, should anyone ask, and except an answer quickly, What is the Einstein theory?—[Washington Star.

TWO MINUTES OF OPTIMISM.

BY HERMAN J. STICH.

"Picking Up!"

"How's business?" I asked a shoe man the other day.

"Picking up," he answered cheerfully, "picking up."

"How's business?" I asked a dry goods man.

"Picking up," he said, "picking up."

Then, one after another, I sought out a representative steel man, railroad man, bond man, automobile man, produce man, cotton man, advertising man, export man, building man, employment man, retail man, wholesale man and a dozen other kinds of men and to each I put my question:

"How's business?"

And in practically every single instance the tenet of the reply was:

"Picking up."

Things are picking up.

Even Uncle Sam's business is "picking up"—one of his men just told me that income-tax payments so far have brought into the Federal treasury $100,000,000 more than was expected.

And my friend the farmer reports that, while the last season hit him hard, almost knocked him out, in fact, that with labor flocking back to the fork and the plow in multitudes and with the certainty of getting experienced, skilled men at sensible wages, he sees a strong chance for making a more than comfortable living on the old place.

So it is time the "Calamity Club" realized the foolish futility and ridiculousness of its senseless worry, and quit howling.

The worst has happened, the tide has changed for the better, the darkest hour has merged into the dawning light—and the man who talks gloom and pessimism is simply advertising that he is deaf, dumb and blind to the signs of the times. He ought to see a psycho-analyst.

"Picking up!"

It is so—you can keep the ball a-rolling—talk it—act it—spread it.

Each according to his own, buy more—employ more—work more—advertise more—manufacture more—do your bit.

Faith, fact and works can knock the stuffings out of fear.

RIPPLING RHYMES.

THE PARIAH.

The man whose credit's on the blink is known by all upon the street, and it is sad to see him slink around the town on furtive feet. He has a frightened, hunted air, no tranquil hour's by him enjoyed; he dodges here, he dodges there, the merchant princes to avoid. Perchance he is a gifted scout, the fire of genius in his glim, but he has worn his credit out and there's no welcome sign for him. No smile of greeting warms his heart as he goes shuffling down the street, but people say, in shop and mart, "There goes Jim Jinx, the blamed old beat." His children suffer for his sins when to the schoolhouse they repair, scorned by the grocer's stall-fed twins and by the village butcher's heir. His wife has met a cold rebuff in nearly every store in town, when she would buy on tick some stuff to make herself a humble gown. So he and his, without a pale, dishonored go their futile way, because he doesn't bring the kale to pay his bills on settling day. And it is strange that any man will such a state of things endure, and be the village also-ran when there is such a simple cure. Let him but show a wise desire to pay his creditors their mon, and nothing more will he require to gain a footing in the sun. WALT MASON.

A ready tongue does not always indicate deep knowledge.

Shutting one's eyes does not annihilate the truth.

Holding a grudge indicates a poverty-stricken spiritual nature.

It is a command of Christ that we pray for the man who despitefully uses us.

There is nothing which so blocks the schemes of the devil as a consistent Christian life.

The Bible is full of the promissory notes of God.

The question of dying has been settled by the man who has learned how to live.

Character is what we are; reputation is what our neighbors think we are.

The kind of religion that counts is that which impresses the men with whom we do business.

The two forces that will conquer the world are the preaching and living the pure gospel of Christ.

The gospel enables a man to be more than conqueror over the world, the flesh and the devil if he will put himself in harmony with it.

No man is so poor as he whose wealth has brought him a guilty conscience.

The return of Dr. Sun Yat Sen to the Presidency of the Chinese republic may mean much or nothing to that nation. PAIR JAILED AS BUNKO BANDITS

Suspected Swindlers Are Taken at Railroad Depot.

Say Descriptions Fit Those of Coin-Matchers.

Attacked and Robbed Disabled Soldier Here.

Charged by the police with being swindlers for whom they have been searching for months, Charles , 44 years of age, and W. R. , 32, were arrested yesterday by Special Agent Bergin of the Pacific and Patrolman L. , at the Santa Fe depot, on suspicion of grand larceny:

Detective Sergeants Fitz- and Cahill say the prisoners fit the descriptions given by victims of swindlers within two months. Efforts will be made, according to the police, to confront the pair with some of their alleged victims so that identification may be made if possible.

The first case to come to the attention of the police was reported by J. Kellogg of 5649 South Lawrence street, Tacoma, Wash. Kellogg, while in this city on a visit, says he was lured into a three-cornered matching game with two strangers at the Salt Lake depot and robbed of $140 in cash and checks amounting to $260. In his report he described two men answering the descriptions of the prisoners.

Victor Kress, the second victim, was robbed of $155 by the coin-matching swindle while en route from San Diego to his home at 1640 Page street, San Francisco. Kress also gave descriptions of the swindlers that are said to fit the prisoners.

The last case reported to the police was that of Cullen Sherrinn, a disabled soldier and an inmate of the Letterman General Hospital, San Francisco, who was approached by the two bunko men when he came through this city and asked to match coins. The ex-soldier refused and was then attacked and robbed of $200 in cash. Mr. Sherrinn's descriptions of the bandits make the investigating officers think the prisoners are the men.

DENY ROCK TRUST CHARGE.

Statements by H. C. Stone, treasurer, and H. G. Ferraud, vice-president of the Union Rock Company, emphatically denying that there is a rock trust in this city and that the rock company compels contractors to purchase sand, featured yesterday's hearing of the Public Works Committee of the City Council on the new specifications for the paving of city streets.

Though City Engineer Griffin declared, as did all the other authorities on paving, that the cost of rock that goes into pavements is of little or no consideration, nearly all of the discussion dealt with rock. It is maintained by many contractors that the present city specifications are such that only the Union Rock Company can bid on supplying the rock.

Officials of the company, however, denied this statement, saying that at least five other concerns can compete with them in supplying materials for Class B and Class C concrete under the present specifications.

H. W. Hawley of the Los Angeles Rock and Gravel Company declared himself in favor of the proposed new specifications, and urged the committee to allow and provide open competition. He declared that this cannot be done under the present specifications. He maintained that thousands of dollars can be saved the contractors, and the people who pay them, if contractors on public work are allowed to use his rock, which is now barred.

Raymond Osborne, one of the leading testing engineers of the city, presented a statistical report to the committee showing that the cost of paving construction would be reduced 1 2-10 cents a square foot, or 4 per cent, by using sand and rock of the proposed specifications instead of the present grade. For this small reduction, however, the pavement would lose at least 15 per cent in strength, his report shows.

"RED" CASE VENUE PLEA IS DENIED.

Judge Holds Right to Try Eight Prisoners Suspected of Criminal Syndicalism.

Stating that his opinions regarding the doctrines of the I.W.W. do not disqualify him from trying the cases of James Olson and seven other defendants accused of criminal syndicalism, Judge Willis yesterday denied the motion of H. O. Mulks and J. H. Ryckman, attorneys for the defendants, for a change of venue.

"I am opposed to the principles of the I.W.W., just as I am opposed to murder, arson and destruction of homes and of business and manufacturing machinery," said the court. "But because I am opposed to these things is no sign I am disqualified from trying a person charged with the crime mentioned here and I shall therefore deny your motion."

The eight, whose trials will begin tomorrow, are accused of being I.W.W. leaders sent here from Chicago to foment trouble, obtain new members for that organization and spread the doctrine of sabotage. Dep. Dist.-Attys. McCartney and Turney will prosecute the cases.

Million Pounds of Flour Expected to be Provided Here.

"Say It With Flour" is the slogan of the campaign in Los Angeles to be conducted by the Near East Relief. Through the generosity of the public it is expected to raise funds for the purchase of 1,000,000 pounds of flour for starving Armenians. All funds will go to buy California products, and the supplies will be dispatched the first week in June from Los Angeles Harbor in a ship chartered for the purpose. The ship will proceed directly to Constantinople.

The Near East Relief has issued posters combined with coin depositories, which will be placed in every grocery. The Globe Grain and Milling Company has volunteered to distribute these posters to the grocery trade.

In addition there will be drives for beans and for discarded clothing. The Near East Relief offices are at 517 Wright and Callender Building, 405 South Hill street.

FELLOWS MAN BANKRUPT.

Clarence R. Fisharty of Fellows filed a petition in bankruptcy in the United States District Court yesterday. He schedules his debts as $3229.74, and his assets as $7250, but none of this sum is liable for his debts, $7000 being in the shape of insurance policies, and $250 the listed value of his household goods.

Starr
PLAYER PIANO

You May Play the Starr Playerpiano

Three Distinct Ways

1st—You may play the Starr by hand; it is an instrument of matchless tonal beauty and faultless touch.

2d—The Starr is so wonderfully constituted that it will play the renditions of artists with marvelous simulation of hand playing.

3d—You may play the Starr with your own interpretations imparted to the hand-played rolls of artists. This is the greatest joy experienced in music—the expression of your own sentiments and emotions, with the freedom of spirit with which you would sing, and with all the mastery of technic possessed by the greatest of virtuosi. Merely listening to the greatest of musicians cannot compare with the satisfaction you feel in playing yourself.

The Starr Playerpiano

has conclusively demonstrated its superiority many times. It has won the highest awards at ten international expositions.

PACIFIC COAST LIVING COSTS SLOWLY DECLINE.

Drop Not on Scale Justified by Wholesale Prices; Confidence Shown by Larger Cities in Future.

[BY A. P. NIGHT WIRE.]

SAN FRANCISCO, May 10.—Living costs are slowly declining in California, but not on a scale justified by the wholesale prices, according to a report made public here by the Department of Labor. The report was based on a survey made recently of conditions in the State. "Greater activity in building operations, particularly in San Francisco and Los Angeles, prevails," the report said. "Retail trade is fairly brisk and deflation of commodity prices continues."

"No important changes have occurred in the employment situation aside from a slight reduction largely due to seasonal activities. Reports from nine cities indicate an increase in the number of workers obtaining employment. Decreased industrial activities is evidenced in part time operations by many industries. Slack business conditions produced by the lull in buying are the principal cause for the present unemployment.

"The canning and fruit industries are diligently endeavoring to dispose of their last season's crop to prevent curtailment of production this year. Relief from prevailing freight rates is being sought by fruit growers and others. In San Francisco district industries are in general working at almost full capacity. The shipyards on both sides of the bay are very active at present. Enthusiastic support is being given by commercial organizations and others to the 'California Boost Campaign' which is State-wide in its influence."

NATION-WIDE PUBLICITY.

Reports covering the situation in several California cities were made as follows:

"SAN FRANCISCO: To advertise the industrial advantages and resources of Northern California a nation-wide publicity campaign is now in progress. 'Market Week' sales propaganda, advertising and reduced prices are included among the efforts that are being adopted for trade improvement. With the object of offering solutions for improvements which can be undertaken immediately, the Chamber of Commerce recently made an exhaustive survey which included a study of industrial, topographical, economic and all public enterprises.

"This program, if adopted, will utilize a great many workers.

"Growing activity is noted in building construction, both for office buildings and dwellings. The scarcity of desirable residences for rent and downward trend in prices of building materials are causing many to build or purchase homes. No great improvement has occurred in the employment situation this month and there has been no noticeable retrogression. Projected highway work and construction work by hydroelectric companies are expected to call for a large number of skilled and unskilled workers. The Alaska salmon fishing industry will reduce the number of men now idle along the water front to some degree. Local plants are reported as being entirely closed, but a number are working on a part-time basis.

CONFIDENCE IN FUTURE.

"OAKLAND: While a tendency exists in business circles to await developments, increased confidence in the future exists. The number of building permits issued have increased considerably. New home sites are being developed and many new residences are being built. Realty interests are combining efforts to increase building activities. Conditions prevailing in the agricultural districts of Alameda county indicate that an increased number of farm hands will be employed. Unemployment is mainly confined to workers in metal trades, canneries, textiles and unskilled help. A slight improvement is noted and further relief is expected, with the reopening of the canneries. A surplus of office workers, both male and female is reported. Part-time is maintained in some plants. Contemplated projects include an expenditure of $3,000,000 for school buildings and the enlargement of water-front facilities is also considered. A large automobile concern has recently located in Oakland. About 1000 men are expected to be employed. Local shipyards are continuing operation on a large scale; contracts on hand are nearing completion in some yards. Concerted effort is being made in business circles to increase the industrial growth of this city. The coming of the naval base to Alameda will be a great incentive to industrial and commercial development.

BUILDING FAIRLY ACTIVE.

"BERKELEY: Building conditions are fairly active; an increasing number of permits for both miscellaneous construction and new buildings have been issued this month. Building activities on a large scale are somewhat restricted owing to a disposition to await further recessions in prices of all elements of construction. Industrial, retail and wholesale conditions as a whole are reported very fair. The unemployment situation is lessened, but all lines are still affected to some degree, but no unrest is apparent. No unusual efforts to stimulate business are being adopted.

"Part-time prevails in some factories; none are closed. The consensus is that conditions will show slow, but steady improvement. There are no projects of any magnitude contemplated. Expansion of local business houses is indicative of confidence in a speedy resumption of trade.

HOUSES AT PREMIUM.

"SACRAMENTO: Houses for rent are at a premium; a number of sales are recorded. No well-defined movement to improve the shortage is apparent. Unemployment continues and is most prevalent among bricklayers, carpenters, painters, machinists and unskilled labor. A recent reduction of workers in railroad shops is reported to have affected from 800 to 1000 men. Municipal filtration plant is affording employment to approximately 150 workers. The vegetable and fruit season will gradually reduce the ranks of the unemployed and usually also affords employment to several hundred women.

"Industry usually is operating on an eight-hour day basis, with the exception of canneries. No plants are shut down. The consensus of opinion is that a definite turn for the better will arrive in the near future.

EMPLOYMENT GAINS.

"STOCKTON: A slight gain in the employment of workers occurred this month. The haying and fruit season, agricultural pursuits are expected to increase the demand for help. Working forces on the Hetch-Hetchy water project have been increased and further additions are expected to expedite its completion. An industrial exposition is to be held from May 6 to 12 for the purpose of increasing business activities, and inspiring optimism.

"No serious shortage of houses for rent exists. Many houses offered for sale are considered too high priced. Home building operations are fairly active, consisting mainly of individual enterprise. The consensus of opinion of many industries is that conditions are gradually improving and that further betterment may be confidently expected as the season advances. A window glass factory is reported closed owing to lack of business.

INDUSTRIAL EXPOSITION.

"SAN JOSE: To stimulate business an industrial exposition is scheduled to be held in May. Fruit growers are undertaking an advertising campaign.

"The employment situation is considerably improved, more placements being reported than during the corresponding month last year. The widening and surfacing of San Jose-Santa Cruz highway is affording work to a considerable number of men, principally common labor. This work is expected to continue for several months. None of the local plants are entirely closed, but several are operating with reduced forces, and on part-time schedule.

"There is a shortage of houses for rent; a reasonable number for purchase exist; prices generally are high. No general building program to improve the situation has been formulated. A shortage of female domestic help is reported. The employment of women is practically confined to the fruit industry. The consensus of opinion is that industrial conditions will show gradual improvement.

RAILROAD CONTEMPLATED.

"FRESNO: In this district the building of a railroad from Triant, construction work by hydroelectric companies and logging operations are included among projects in process and contemplated. The works when in complete operation are expected to employ 4000. A bond issue of $3,000,000 is proposed to acquire the canal system serving a large area around Fresno. If approved, improvements to the system at an expenditure of $250,000 are contemplated.

"Housing conditions are not satisfactory; comparatively few being available for rent, and purchase prices are generally high. The consensus of opinion forecasts improved conditions.

FLOURISHING CONDITIONS.

"LOS ANGELES: Several important building projects have been

Sandpaper or tile—

Which kind of paint for the walls of your workshop, store or plant?

If you could see the paint on the walls of your store, workshop or plant under a powerful microscope, how would it look? Smooth and unbroken, like tile—or rough, uneven, porous—like sandpaper?

The reproductions of photo-micrographs above show clearly why flat and egg-shell finish paints collect dirt. Their surfaces are rough, uneven—full of pores and crevices. They catch and hold dirt and dust. Washing removes only a small part of this. The rest it fastens more securely in the tiny pores.

The surface of Barreled Sunlight is smooth and lustrous. It offers no lodging place for dust and dirt. It can be washed clean as easily as tile.

That is why Barreled Sunlight is being used in industrial plants, workshops and stores, and in many rooms in hospitals, schools, office buildings, hotels and apartment houses. It is the ideal paint for interiors where light and cleanliness are especially desired.

For the home

In kitchen and bathroom, in laundry, storeroom and closets—the light, sanitary finish of Barreled Sunlight makes a perfect coating.

For living rooms, etc., where dirt does not so readily collect and where a less lustrous surface may be desired, we make a superior flat and egg-shell finish.

Sold in cans and in barrels

Barreled Sunlight is sold in cans from half-pint to 5-gallon size. Also in barrels and half-barrels. Costs little more than ordinary paint—much less than enamel. Made by the "Rice Process," it combines ideal lustre, lasting whiteness, intense opacity and ease of spreading. Comes ready mixed. Can be readily tinted any color desired.

Dealers should communicate with us or with our nearest distributor regarding sales proposition.

Archaic Habitat Group Dedicated by Cliff Dwellings Club.

Four Hundred Ancients Lived in These Precipice Homes.

installed at Southwest Museum yesterday indicates they didn't have any gas or steam heat. Giant spruce, which once grew out of ruins and from which name was taken, was cut down for exhibition at Chicago's World Fair.

Southwest Museum was the scene of an enthusiastic gathering yesterday afternoon the Cliff Dwellings Club met the completed installation of the habitat group known as Tree House of the Mesa " Thomas G. Lemmon, well- archeologist and president Archeology Club of the South- Museum, was the speaker. Lemmon recounted and gave high praise to the work which the Colorado women had done in preserving the Mesa Verde ruins to posterity, a work in which the local Cliff Dwellings Club has shared. He also pictured the remarkable discoveries that had been made in the uncovering of "New Fire House," "Sun Temple" and other ancient works of the prehistoric races.

The club members spent some time in viewing the habitat group of "Spruce Tree House." This model has just been placed in one of the tunnel niches of the museum. It represents in miniature a portion of one of the most remarkable ruined cliff cities of the Mesa Verde National Park district. It is a gift to the Southwest Museum of the Cliff Dwellings Club, and is a worthy monument to the club's enthusiasm in archeology.

"Spruce Tree House" was so named because of a giant spruce that once grew out of the ruins, but which was cut down for exhibition at the Chicago World's Fair. The ruin is 216 feet long, and originally contained 130 rooms. Many hundreds of years ago this "archaic apartment-house" had a population of about 400 people.

BANQUET NEXT TUESDAY

Sons of Revolution Will Celebrate Founding Anniversary.

The annual banquet of the society Sons of the Revolution in the State of California will be held Tuesday evening at 7 o'clock in the California Club. The beginning of the twenty-ninth year of the California organization will be celebrated. Members of the society from other States may make arrangements to be present by applying at the local headquarters, 424 South Broadway. Last year brought the largest number of members in the history of the society, and the increase since January 1 indicates the rolls will be doubled before the end of this year.

PASADENA FINANCIER IS GRANTED DIVORCE.

Horace M. Dobbins, pioneer mining man of Pasadena, has been granted a divorce in Nevada on the ground of mental cruelty, according to reports confirmed last night by the daughter of Mr. Dobbins at her home at 1300 South Los Robles avenue, Oak Knoll. She declared she was not in a position to discuss the mental cruelty charge.

Mr. and Mrs. Dobbins were married at San Francisco thirty years ago. Mr. Dobbins became a well-known financier of Pasadena and Mrs. Dobbins was socially prominent there for many years.

[SPECIAL CORRESPONDENCE.]

NEW YORK, May 6.—On my return to New York I was asked what I thought of the Boston markets and I told my inquirer that they were the best that I had ever visited, especially the fish markets. No city in this country has such an abundance of delicious sea foods for sale all the year round and Boston cooks excel in their preparation. At the largest market restaurant the chef gave me some of his old and best recipes. The one that I liked the best was for Boston fish chowder.

For this chowder fry in the bottom of an iron pot a quarter of a pound of diced salt pork and when the pork is brown add two finely chopped onions and fry brown. Remove the kettle to the side of the stove and lay on the pork and onions a layer of three pounds of halibut cut in three-inch pieces, cover the fish with a layer of sliced raw potatoes and sprinkle with salt and black pepper. Cover with water and boil twenty-five minutes. Pound fine six crackers and add to the chowder; add two cupfuls of rich milk; let it scald well and serve.

Lobster chowder is a specialty easy to make. It is very nice for a light luncheon. Cut the meat of one cooked lobster into small bits; scald four cupfuls of milk and add one teaspoonful of salt, quarter teaspoonful of cayenne pepper, two tablespoonfuls butter rolled in one tablespoonful of flour, and a pinch of soda, cook one minute and add the lobster, simmer five minutes. Split six Boston crackers, spread with butter, dip each piece quickly in boiling water and then place them on the bottom and around the sides of a deep soup tureen; turn in the hot chowder and serve immediately.

For deviled lobster procure a heavy, cooked lobster and split carefully, remove the meat, which should be cut in small pieces, also remove and place on separate plates the fat and coral; rub the coral to a paste with the fat, half a teaspoonful of salt, quarter teaspoonful of paprika, teaspoonful of chopped parsley, teaspoonful of lemon juice and a teaspoonful of anchovie essence; add the lobster to the sauce and stir well together. Fill the shells with the lobster mixture, sprinkle with bread crumbs, place a few bits of butter on top and brown in the oven.

CREAMED SHRIMPS.

Creamed shrimps in green peppers as served at one of the Boston hotels. Select six even-sized green peppers, remove the stems and seeds, and soak in cold water for forty-five minutes. Cream two tablespoonfuls of butter with a quarter of a teaspoonful of pepper, one teaspoonful mixed mustard, one-eighth teaspoonful celery seed and one beaten egg, when well mixed add half a cupful of fine bread crumbs and two cupfuls of cleaned, cooked shrimps. Drain and dry the green peppers and fill with the shrimp mixture, sprinkle with fine bread crumbs and place a piece of butter on each; bake in a quick oven fifteen minutes.

A New England salt fish dinner will be an agreeable change for the Friday dinner. Soak a pound of salt codfish in cold water twelve hours. Change the water and cook fifteen minutes. Before boiling the fish boil some peeled potatoes. When potatoes are half done put on the fish. Cut up a pound of salt pork into tiny bits and fry to a nice brown. Drain the fish and place on a hot platter. Put the pork bits in a hot gravy boat and the potatoes in a covered dish. To serve, mix the potatoes and fish on a dinner plate and pour over the fried pork bits and fat. Serve with this sour pickles, corn bread and tomato sauce.

For a fish loaf, secure two fillets of halibut weighing about one and a quarter pounds each. On the bottom of a baking dish place three slices of salt pork; on this place one of the halibut slices, cover the fish with one cup of soft bread crumbs mixed with salt, pepper and four tablespoonfuls of melted butter; place on this the other fish slice and cover with three slices of salt pork. Bake thirty minutes and, just before it is done, remove the top slices of salt pork, cover fish with half a cupful of bread crumbs, replace the salt pork and brown in the oven. Serve with egg sauce.

PLUM PUDDING, FRUIT CAKE.

At the hotel where we stopped in Boston the pastry chef was making his plum puddings and fruit cake for this fall and, as I had given him some new recipes, he gave his recipe for both the pudding and fruit cake, which he told me was over 200 years old. This recipe had to be changed to comply with the Eighteenth Amendment. For the plum pudding mix one pound of chopped candied peel with two pounds of seeded raisins, two pounds of seedless raisins, one and a half pounds of Sultanas, two pounds of brown sugar, two pounds of bread crumbs, two pounds of finely chopped kidney suet, grated rind and juice of two lemons, grated rind and juice of two oranges, quarter pound of blanched almonds chopped, two nutmegs grated, half a teaspoonful of pastry spice, half a teaspoonful of salt and seven well-beaten eggs. Mix this all thoroughly, place in moulds and boil for twelve hours. When cold place in an air-tight container and store in a cool dry place. This should be boiled two hours before serving. This recipe will make seven one-quart puddings. For the fruit cake substitute flour for the bread crumbs and butter and lard for the suet. In baking the fruit cake place the mixture in well-papered pans and bake in a very slow oven.

SOCIETY.

BY VIRGINIA WOODS.

Told at Luncheon.

Announcement of the betrothal of Miss Julia Valentine and W. L. Stewart, Jr., is an interesting bit of news that was made known yesterday at a smart luncheon that Miss Valentine gave in honor of Miss Bernice Carr, who is to marry Hugh Kice this month.

Miss Valentine is the daughter of Mr. and Mrs. W. L. Valentine of South Pasadena and is a graduate of the University of California.

The groom-to-be, who is now attending the Massachusettes Institute of Technology in Boston, is the son of W. L. Stewart of Lamanda Park, president of the Union Oil Company of California and the Union Tool Company. He is also the grandson of Lyman Stewart, founder and president of the Bible Institute, the biggest institution of the kind in America, which he also liberally endowed. Mr. Stewart was formerly a student in Stanford. He will return from Boston in August and the marriage will be one of the early autumn social events.

At yesterday's function there were twenty-five debutantes seated at one big table that was a mass of Cecile Brunner roses.

By Mrs. Warden.

Mrs. H. Page Warden was hostess yesterday at a smart luncheon for twelve at her home on Pasadena avenue in the Crown City. A mass of exquisite spring blooms centered the table.

For Mrs. Huntington.

Mrs. Henry E. Huntington is to be the honor guest at a luncheon on Friday at which her daughter-in-law, Mrs. Howard Huntington, is to entertain at the Flintridge Country Club.

At Elaborate Tea.

A beautifully arranged tea, which was given yesterday by Mrs. Alfred J. Bayer of South Alvarado street, was planned in compliment to Miss Gladys Carson, who is this month to become the bride of Edward Scheller, Miss Nanette Francisco, fiance of Phil McGaffey, and Miss Helen Duque, who is betrothed to Fitz Hugh Phillips.

The tea table, where a bevy of debutantes and sub-debutantes presided, was a thing of beauty with a mass of colorful flowers arranged in a big low basket tied with a huge taffeta bow. All about the drawing-room and the rest of the house there were tall vases and baskets filled with mixed spring flowers.

Among the girls assisting were Misses Cecile McLaughlin, Eleanor MacGowan, Adelaide Duque, Mary Forve, Mary O'Neal, Gertrude and Mary Byrne, Mmes. Edgar Gale Miller, J. J. Hanrahan, Jr., Edward H. McLaughlin and Myron Etienne and a group of the younger girls, including Misses Genevieve Maier, Elizabeth Taylor, Hortense McLaughlin, Eleanor Worthington and a few others.

For Literary Folk.

Thirty literary lights visiting in Los Angeles are to be assembled at a dinner at which Mr. and Mrs. Rupert Hughes are to entertain on Monday evening. Mr. and Mrs. Hughes and Miss Avis Hughes are in Palm Springs, but will return Friday. Mrs. Hughes is in charge of a section of the Actor's Fund benefit to be given in June and for which Daniel Frohman has come to Los Angeles to help in the arrangements. He will be at the dinner.

Tea Musicale.

There are to be many parties at the tea musicale to be given tomorrow afternoon in the main dining salon at the Ambassador by the Big Sisters' League. Some of those giving parties include Mmes. Lee Allen Phillips, Charles H. Lippincott, Vernon Goodwin, Charles Jeffras, Harriet Works, E. B. Weirick, Leafie Sloan-Orcutt, David Forbes, J. Ross Clark, J. B. Van Nuys, Oscar Trippett, R. L. Bliss and W. K. Parkinson.

The program is to be given by Charles Bowes and Ruth C. Bowes, who will sing; Mme. Isobel Curl-Piana, who also will sing; Charles Wakefield Cadman, Amos Dorsey Cain, Blanche King Owen, James Foley and Charles Forbes Crane. It is arranged as a cabaret.

Birthday Tea.

Mrs. Norman Holt Morrison of 1263 West Adams street yesterday gave a delightful tea in celebration of the seventy-ninth birthday anniversary of her mother, Mrs. Kate D. Rhodes. There were twenty-six guests.

Back from Visalia.

Mrs. Franklin Otis Booth who has been visiting her parents, Mr. and Mrs. E. C. Farnsworth, for the past two months, will return Monday. Mr. Booth will motor up after her this week-end.

Mr. and Mrs. Franklin Booth, who sold their Occidental Boulevard home, are now residing at their summer home on the Palisades in Santa Monica.

On Motor Trip.

Mrs. A. L. Swobdi Meade and Mr. and Mrs. William Munson are to motor to Coronado for the week-end. Mrs. Meade is planning to build a bungalow court there and will reserve quarters for herself in which she plans to entertain many week-end house parties.

Mrs. Meade will leave June 1 for Chicago, where she will join Mr. and Mrs. George Lomax and daughter, Miss Helen Lomax, and son, George Lomax, for a motor trip through Canada. They will return by way of the White Mountains and New York.

Have Gone East.

Mrs. James H. McLaughlin and her daughter, Miss Cornelia McLaughlin, who spent the winter here and were central figures in a round of social gayety, are on their way home to New York, stopping en route in Colorado Springs and the Grand Canyon. Miss McLoughlin, who is very talented, originating unusual dances which she dances most beautifully, has for her latest accomplishment secured a pilot's license to fly an airplane and she and her mother expect to go to Europe soon and visit all the countries and cities of importance by way of the airplane. Mrs. McLaughlin is the daughter of former U. S. Senator Cornelius Cole.

At Flintridge Country Club.

Mrs. Claude Wilson was hostess at an elaborate luncheon for forty at the Flintridge Country Club.

Here from New York.

Wiley R. Reynolds of New York is visiting his mother, Mrs. Wiley R. Reynolds, at the Ambassador and was a guest at a dinner she gave at the California Club last evening.

Friday Morning Members and Candidates Take Tea.

BY MYRA NYE.

Mrs. Bannell Sawyer, lecturer and art director of Columbia University, will give the program for the art and travel section of the Ebell Club tomorrow morning.

Speaking for the club's memorial to sons of Ebell who fell in the World War, Mrs. Leafie Sloan-Orcutt will be one of the luncheon speakers. Miss Helen Brooks, principal of the Cumnock School and Mrs. Katheryn Leighton of the California Art Club will also speak, the latter in behalf of the movement to unveil a statue of Frank Daggett in the Art Gallery at Exposition Park.

During the homelands art and crafts exhibit at Exposition Park beginning the latter part of the month, Mrs. Fred Betts, chairman of art for Ebell, and four assistants, will be hostesses.

Elaborate plans are being made for the dance the Junior Auxiliary is giving tomorrow evening in the clubhouse. The affair will be a benefit for the disabled veterans and is the first venture of this group of younger club women. The hostesses are Mrs. Ben Beery, Mrs. E. Tufts, Miss Laura Paxton, Mrs. R. D. Hoard, Miss Ora Crary, Miss Ruth Brauer, Mrs. Harry J. Shults, Miss Margaret Simons, Miss Madeliene McWilliams, Miss Elizabeth Ward, Miss Katherine Betts and Miss Annie Laurie Terry.

Matinee Musical Club.

On board the U.S.S. Mississippi, Friday evening, the Matinee Musical Club presented a charming program with Mrs. Marshall Stookey Anderson, president of the club, in charge.

The opening number was the first act of the musical comedy, "Oh, That Spanish Fandango," written and directed by Elizabeth McCabe Gilmore; music by Charles E. Pemberton, Sol Cohen and Vincent Rose. The cast included the Misses Viola Yorbe, Bonola and Lois Kucker, Elsa Matthews, Phyllis Dickerman and Muriel Noland and Messrs. Vincent Rose, J. Chap Kelly, Jack Tarr, Phil Pemberton, Robert Gilmore, Ernest Martinez, William Neville, Lieut. Raymond Bevier and Maylo Jacobs.

Following the program a group of songs was sung by Mr. and Mrs. Spencer Kelly, accompanied by Miss Doris Van Loan. There also were readings by Mrs. Hallie Fisher and piano solos by Edwin Brent. Mr. and Mrs. M. Anderson, Mr. and Mrs. James A. Gilmore, Mrs. Vincent Rose, Miss Rachael Anderson, Mrs. E. J. Brent and Mr. McElroy and those giving the program were guests of the officers at dinner. There was dancing on board. A new ballad fox-trot entitled "Love's Spring Times" by Mrs. Gilmore and Mr. Rose was dedicated to the Mississippi and is to be featured at the forthcoming officers' ball the 20th inst.

Friday Morning Club.

Candidates for city office that have passed the primary election successfully were interviewed over the tea-cups yesterday at the public affairs meeting of the Friday Morning Club.

"It is not possible to know all the candidates whose names appear before us in an election in a city the size of ours," said the chairman of public affairs, Mrs. H. H. Kuhns, "but we are in a much better position to cast an intelligent vote if we can see them, hear them, speak and ask questions and have a word with them over a cup of tea."

Before the tea hour the candidates gave five-minute talks.

Drama League.

At the opening of the Drama League in the Brack-Shops this afternoon from 3 to 5:30 o'clock, John Davidson and Otto Mattiessen will make short addresses on the drama, with Mrs. W. W. Burton presiding. Dr. G. F. Blank of the University of Southern California, Nellie Peck Saunders and Mrs. Herman J. Hall will talk on art. Miss Miriam Nelke will give two monologues in dialect and Mme. Emma Zeruba will sing.

At the business meeting the subject of the Pilgrimage Play will be presented by C. M. Girardeau and the project for a Public Library building will also be brought to the attention of the members. Gertrude Gilmour will tell of the Pastime Clearing-House, a means of affording entertainment of the better sort for young men and women who could not notherwise afford the price of admission to theaters.

Mrs. J. S. Cummings will pour tea. The hostesses will be Miss Ella P. True, Miss Margaret Goetz, Miss Dorothy Schindler, Mrs. John Mock, Mrs. William Williamson, Mrs. J. B. Stearns, Mme. Zeruba, Mrs. C. B. Penman, Mrs. C. M. Giradeau and Mrs. W. B. Scarborough.

Echo Park Mothers' Club.

Beginning Friday, the Echo Park Mothers' Club will take charge of the Salvation Army tent at the postoffice, Mrs. Mattie Morse acting as chairman and other club members assisting each day.

Mrs. Harry B. Shultz as delegate and Mrs. Alica Joseph as the president's appointee, will leave for the State convention in Yosemite Valley, Saturday, the 21st inst.

Friday, the 20th inst., there will be a Mothers' Day program at 2 p.m. Mrs. A. E. Christensen will serve as chairman. There will be a bazaar all day, with dancing in the evening. Mrs. O. T. Wilkinson will have charge of the fancywork booth; Mrs. H. T. Snyder, aprons; Mrs. Annie Wilson, fish pond; Mrs. Christensen, fortune telling; Mrs. Theresa Pearson, lemonade and popcorn; Mrs. K. Holzemer, cooked food; Mrs. Caroline Derby, vaudeville; Mrs. Doris Middleton, candy, and Mrs. J. B. Thomas, the penny dances.

War Mothers.

The regular meeting of the Los Angeles Chapter, American War Mothers, will be held Friday at 2 p.m., in the Blue Triangle Club rooms of the Y.W.C.A. All mothers of World War veterans are welcome.

The Harmony Club.

The Harmony Club of Helen Jean Christie Tent, No. 17, Daughters of Veterans, will hold its regular meeting tomorrow at the home of Mrs. Mary Norton, 1937 Kane street. The committee for the day is composed of Grace Umstead, Mrs. Norton and Lillian Kroesen. Luncheon will be served.

D.A.R.

Gen. Fremont Chapter, Daughters of the American Revolution, will meet today at the home of Mrs. Gesner Williams, 101 South Coronado street. The annual election of officers will be held, and the reports for the year of all officers will be given. Mrs. C. E. Rawson is Regent of this chapter.

STORIED NUMBERS.

Each player writes a number on a scrap of paper. All the papers are gathered, folded, shaken into a basket, and drawn or distributed.

Each player reads aloud the number received, and instantly gives some fact introducing the number as, for example, seven—"the seven sleepers"; there are seven days in the week, seven colors of the rainbow, seven wonders of the world, seven sciences, seven wise men. Twelve—a dozen; there are twelve months in the year; twelve tribes of Israel; twelve apostles; twelve "Knights of the Round Table." Four—the 4th of July, the four seasons, the four points of the compass. Ten—ten commandments, ten fingers, ten little Indians. Two—it takes two to make a bargain; two is company, three's a crowd. Fifty—jubilee: "better fifty years of Europe than a cycle of Cathay." Fifty-fifty, even division. One hundred—Napoleon's one hundred days; the Hundred Years' War; "Thirty days hath September, April June and November"; the Thirty Years' War. Nine—"the nine worthies." Three—the three wise kings; the three wishes; the three black crows. Forty—Ali Baba and the Forty Thieves, etc.

A player failing to answer the numbers promptly is counted out.

Efficient Housekeeping

BY Laura A. Kirkman

SIMPLE SALADS FOR EVERY-DAY USE.

For every-day use the housekeeper does not want salad recipes calling for all kinds of fancy touches and expensive ingredients. She wants salads that can be made of foods she has on hand ordinarily—and that she can make in a "jiffy." The following recipes are of this order:

Egg-Asparagus Salad—Cut the tough ends from cold, cooked, left-over asparagus and discard. Now cut the tender pieces into short lengths and to one cup of this add one hard-boiled egg finely chopped; mix well, then add enough cold boiled dressing to moisten, stirring this well in. Heap the mixture on crisp lettuce leaves, chill, and serve.

Egg-Spinach Salad—Chop cooked, left-over spinach finely and mix with one cup of this one hard-boiled egg, also finely chopped. Moisten with boiled dressing and press into individual moulds (a wine glass will serve as a mould.) Place in the refrigerator until cold, then turn out on a bed of lettuce.

Potato-Celery-Apple Salad — Mix two cups cold, boiled, left-over potatoes which have been cut into small cubes, with one-half cup of celery, also cut into small pieces; add one mediumsize pared apple, diced, and moisten all with French dressing or boiled dressing.

Tomato-Cucumber Salad—Cut ripe but firm tomatoes into small pieces. Mix one cup of this tomato with one-half cup of iced cucumbers (either fresh or pickled.) Serve with French dressing on a bed of lettuce.

Radish-Onion Salad—(This is a particularly cooling salad for a hot day.) Peel three Bermuda onions and slice them finely, then cut the slices crosswise into match-like sticks. Wash about ten radishes and slice them lengthwise into match-like sticks. Mix these with the onions and let stand for thirty minutes in French dressing in the refrigerator before serving.

Potato-Egg-Radish Salad — Boil four large potatoes until tender and dice them while still warm, mixing these little cubes with three tablespoons of oil, one tablespoon of vinegar and salt and pepper to season; let stand twenty minutes, then add two hard-boiled eggs finely chopped and six medium-size radishes also finely chopped. Mix well, chill and serve on lettuce leaves with boiled dressing. (This is a nutritious salad as well as a most delicious one.)

Macaroni-Bacon Salad—(This is good to serve at luncheon [illegible] after have a baked dish of [illegible] and cheese as a meat substitute [illegible] dinner.) Cut cold baked [illegible] (with cheese or without) [illegible] cubes and mix with these [illegible] slices of bacon which have [illegible] fried and chopped; add boiled [illegible] ing to moisten and serve on [illegible]

Lima Bean and Onion Salad—[illegible] together two cups cooked, left- [illegible] lima beans with one-half cup [illegible] minced uncooked onion. Serve [illegible] sour milk dressing.

Sour Milk Salad Dressing—[illegible] one-fourth cup butter, add [illegible] fourth cup sugar, four table[illegible] flour, a pinch each of mustard [illegible] pepper, and two teaspoons of [illegible] Beat two eggs and add these [illegible] one and one-fourth cups of [illegible] sour milk or buttermilk. Put [illegible] mixture in and stir till it thickens [illegible] then add one-half cup vinegar [illegible] one-fourth cup water; let [illegible] thicken again (stirring constantly) and cool. This will keep two [illegible] on ice. Double it for one [illegible] of dressing.

(All inquiries addressed to the [illegible] care of the "Efficient Housekeeping" [illegible] will be answered in these columns in [illegible] This requires considerable time, however [illegible] the great number received. If a [illegible] quicker reply is desired, a stamped and [illegible] dressed envelope must be inclosed with [illegible] tion.—The Editor.)

Macaroni-Vegetable Salad — Cut cold boiled and seasoned macaroni into very short pieces and mix with one cup diced celery, one cup cooked left-over peas and one-half cup cooked and diced young carrots. Moisten with boiled dressing and serve on lettuce.

Lima Bean and Onion Salad—Mix together two cups cooked, left-over lima beans with one-half cup finely minced uncooked onion. Serve with sour milk dressing.

Sour Milk Salad Dressing—Melt one-fourth cup butter, add one-fourth cup sugar, four tablespoons flour, a pinch each of mustard and pepper, and two teaspoons of salt. Beat two eggs and add these, then one and one-fourth cups of either sour milk or buttermilk. Put the mixture in and stir till it thickens, then add one-half cup vinegar and one-fourth cup water; let mixture thicken again (stirring constantly) and cool. This will keep two weeks on ice. Double it for one quart of dressing.

TOPS DONATION LIST.

Los Angeles County Leads Sta in Forest Trail Aid.

Appropriations of $20,000 have been made to date by the county of Los Angeles for forest trail and re pair work, according to information furnished yesterday by Supervisor Allen. This covers work in the and Santa Barbara counties, within the territory of the Angeles Re serve. This is said to be the largest individual county subscription for forestry work in California. It means the construction of forty miles of new trails and/the repair of 200 miles of old trails in the local reserve.

WANTS FREEDOM AND CASH BALM.

Husband of Year Sues for Divorce; Asks Damages for Lost Love.

Marvin R. Johnston yesterday sued both for divorce and lost love. In the lost-love action he named his mother-in-law, Mrs. Nellie F. Miller of Long Beach. The complaint states that he married Irene H. Miller on March 2, 1920, and lived happily with her until April 3, last, when her mother, by contrivances, coaxing and threatening, induced Mrs. Johnston to leave her home in Long Beach and take up her residence at a separate place. For this he asks $25,000.

The filing of the alienation-of-affections suit was immediately followed by the action for divorce. Both complaints were prepared by Attorney Samuel D. Weil.

IN ANNUAL CONVENTION.

Epworth League Workers of Southland to Meet Here Friday.

Opening with a banquet at 6:30 p.m., Friday, the annual convention of the Epworth leagues of the Los Angeles district will be held in the Asbury Methodist Episcopal Church 128 North Workman street, closing Sunday evening. One thousand delegates representing the 2400 Epworth leagues of the Los Angeles district, will attend.

The convention will be presided over by Charles F. Reiche, attorney of this city. Dr. Lincoln A. Ferris, of First Methodist Church, San Diego, will address the assembly on Friday evening, his subject being, "The Impending Imperative." Dr. "Bob" Shuler of Trinity Methodist Church South will speak on Saturday night and Dr. Elmer Ellsworth Helm of the First Methodist Church, will address the Sunday afternoon meeting.

ALIMONY CUT REFUSED.

Hospital Association Head Seeking Divorce in Cross-Complaint.

Judge Walton J. Wood yesterday declined to modify a court order under which Mrs. Jessica C. Hazzard is receiving $100 a month alimony.

The motion was made by Fred A. Hazzard, president of the Angelus Hospital Association, who replied to his wife's suit for separate maintenance with a cross-complaint, asking for a divorce.

Mr. Hazzard contended that his wife is capable of making her own living. He charged that she embarrassed him in his conduct of the hospital. She denied this. Further, she stated, she is not in good health and cannot work.

INSPECT OLEO WORKS.

The quarterly inspection of the oleomargarine factories in the local internal revenue district was begun yesterday. There are but three such places in the sixth district, but all are reported as doing a flourishing business.

Women's Tailored Suits

A Chic Style Made of High-Class Mannish Cloths

$29.50

An Anniversary Feature

Suits that have the swagger air that comes from good cloth and good tailoring. The lines of the suit, viewed from all angles, are good. They are made of mannish cloths of splendid quality—broken checks, broken stripes and mixtures in light and dark colors. This sounds like a very great deal for $29.50, but you'll not be disappointed. The suits are truly marvelous—we marked them much below their worth as a feature for our Anniversary.

Sports Suits for $23.75

Smart suits of mannish mixtures in gray, tan and other colors. Suits that are much in demand, for they are suitable for year 'round wear. Anniversary specials at $23.75.

Jersey Suits for $13.75

Just think of it. At $13.75 we offer suits of the best jersey. Navy, brown, black and tan are the colors. Specially priced for the Anniversary Sale.

Building Brisk Here and in Region of Bay Cities.

(Continued from Sixth Page.)

launched during the present month. These have included business structures and an increasing number of dwellings. New manufacturing enterprises are gradually being inaugurated here. Flourishing conditions are reported in the motion-picture and automobile industries. Unemployment still continues in all classes of labor; common labor being principally affected. The large building program is absorbing many workers and new industrial development is expected to afford further relief. An increase in the employment of Mexican farm hands is reported.

"Advertising a 'Market and Buyers' Week' and the Southern California, Straight Ahead campaign are included among efforts made to stimulate business. Retail trade is brisk and the business generally reflects favorable conditions. Confidence regarding the future is general. Industries are aggressively working to secure domestic and foreign business. The consensus of opinion is that there will be a slow but steady return to normalcy.

"SAN DIEGO: Industrial conditions locally are considered good. The number of workers lacking employment is not serious and consists of common labor to a great extent. A shortage of domestic help, cooks and waitresses is reported. Several large government naval improvement projects are contemplated. These include a naval hospital, training station and warehouse.

"The renting situation has improved with departure of winter visitors, and purchase prices are high. Building activities are not brisk. No factories are working on a part-time basis; none are closed with the exception of seasonal industries. Business conditions are gradually returning to normal, and further improvement is anticipated."

NAMES RECEIVER FOR A. G. FAULKNER CO.

Acting on a petition filed in the United States District Court yesterday by the Nordyke & Marmon Company against the Al G. Faulkner Company, Inc., 1635 South Figueroa street, Judge Trippet yesterday appointed E. D. Lyman receiver of the concern under a bond of $100,000.

It is asserted in the bill that the firm is indebted to the petitioners for automobiles, automobile parts, etc., $150,000.

PORT NOTES.

The Isthmian Line's freighter Steel Age, which was expected to arrive at the harbor Monday from New York, sent out a wireless message that she is limping up the coast with her engines in bad shape, and would not arrive until late last night or this morning.

The Shipping Board freighter Eastern Guide, which arrived yesterday morning from Portland, en route to the United Kingdom with a cargo of grain, will be held up for a day or so on account of boiler trouble. Repairs are being rushed and the vessel may be able to sail tonight.

The Williams-Diamond freighter Effingham arrived yesterday morning from Antwerp with several hundred tons of cargo consigned here from European ports. The Effingham will proceed to San Francisco today, where it is expected to be tied up.

The Japanese freighter Koyo Maru, which was expected here in a few days from Valparaiso, has been diverted to the east coast, and her freight will be picked up several weeks later by another vessel, probably the Choyo Maru, which is bound from New Orleans for Yokohama.

WHY IS FRANCE AIDING POLES?

Could Russia Overrun All Europe as Did Huns of Centuries Ago?

How could the Russians overrun Europe like the Huns of yore?

Why are the French aiding the Poles?

Why did Britain make the trade pact with Russia when she could get nothing out of it?

Who flooded Russia and Egypt with counterfeit British pound notes?

How could the starving millions of all classes in Russia be saved if the Bolsheviki would permit it?

These and many other questions that are puzzling observers of the intense European and Near East situation are answered by an American Red Cross field officer. He passed through Los Angeles last week and The Times obtained an interview with him. His intimate and penetrating views and some interesting facts hitherto unknown outside of Russia will be found in The Times Sunday.

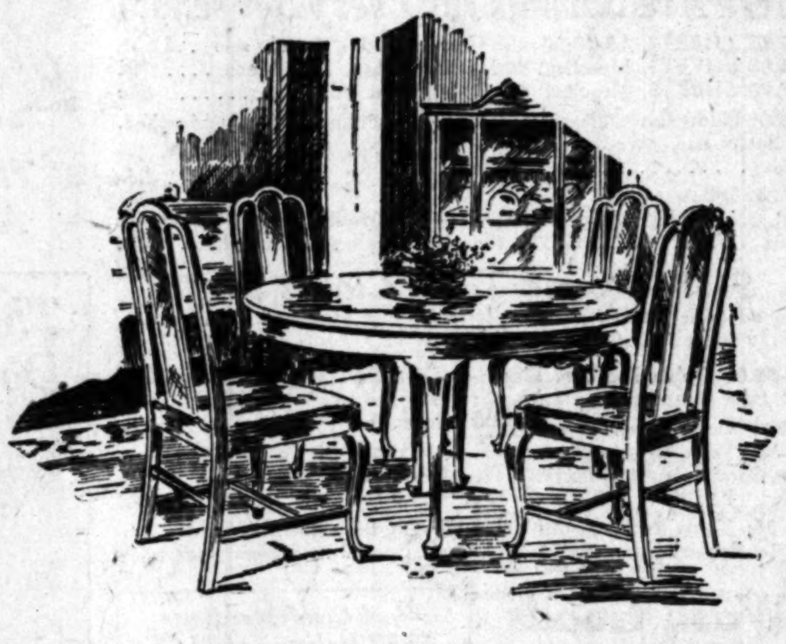
More Reasons Why It Pays To Buy Home Furnishings at Barker Bros.



5-Pc. Dining Set $98.00

This set of Queen Anne style is modeled in either mahogany or walnut.

The round table is 48 inches in diameter.

The four cane-back chairs are upholstered in brown leather.

The special price of this unusual set places it in the class of truly phenomenal values.

A number of other such extraordinary values are offered in this department this week in honor of DINING-ROOM FURNITURE WEEK.

Each day, at Barker Bros., brings new and unexpected possibilities for the furnishing of successful homes at a moderate expenditure of money.

Out of an immense collection of notable offerings, we mention these few specific values which demonstrate the excellence of our offerings.

Double-Faced Velton Cloth at $1.25 (per yard)

This material, which is designed for hangings, is especially effective because it has attractive patterns on both sides. The occasion is rare which presents the opportunity to purchase such desirable material at such a modest cost.

Mahogany End Table $9.75

This appealing little table, ready to take its place so gracefully at the end of the davenport or the arm-chair, is priced specially for this week's selling.

Tapestry Brussels Rugs at $25.00

The size of these rugs is 9x12 feet.

They represent a large number of such values in the Rugs and Carpets section.

Wall Papers Specially Priced

5000 Rolls of Wall Paper have been selected from our regular stock and divided into two groups at special demonstration prices.

Papers formerly ranging in price from 75c to $1.50 per roll are now, per roll........ 50c

Papers formerly priced at $1.50 to $2.25 per roll are now, per roll........ $1.00

Unframed Colored Artotypes at $1.00

These artotypes, which are recognized copies of the world's masterpieces, measure 13 inches by 17 inches. They were formerly priced at $2.00.

May we not show you some of the other notable features of which there are such great numbers in all of our departments of Furniture and other Furnishings?

Do You Want to Know Why You Have Foot Troubles?

If you'll just put your bare or stockinged foot on a sheet of paper and outline it with a pencil—then compare your diagram with the shape of the sole of your shoe—you'll discover the source of your foot troubles.

Foot troubles are caused by wearing shoes that are not the shape of your feet.

Ground Gripper Shoes are the shape of your feet. They are not freak style shoes. They are natural shape shoes, and the heels are just the correct height to conform to the correct pose so that the physical system is not thrown out of poise as is the case when high heel shoes are worn.

The ultimate answer to foot troubles is Ground Gripper Shoes.

NEW AUTO CAMPS.

Four Opened in Bouquet Canyon for Pleasure Parties.

Four new camps have been opened in Bouquet Canyon in the Angeles Reserve, it was announced yesterday. They are all within fifty miles of Los Angeles and on good roads that will make access easy. They are all equipped with tables, fireplaces, incinerators, garbage pits and other accommodations for pleasure parties.

The Southern California Auto Club was a large contributor to the fund necessary to establish the camps.

FINE FOR SPEED TEST ON ROADS.

First Gun is Fired in War to Make Travel Safe.

Grand Jury to Open Inquiry; Witnesses Called.

District Attorney Promises Vigorous Prosecution.

As the first steps in the move of county authorities to stamp out speed tests of stock cars on the highways, Walter M. Murphy, owner of the local branch of the Lincoln Motor Car Company, was fined $100 with an alternative of twenty-five days in jail, yesterday by Justice Forbes.

Mr. Murphy, who appeared in court with the local manager of the company, "Doc" Green, was accused of driving a car over the Valley Boulevard at an excessive rate on the 8th inst., in a speed test between this city and Phoenix. Mr. Murphy stated that, while he did not drive the car, he was responsible, and pleaded guilty. The court stated the next offense would result in a jail sentence.

It was stated yesterday that subpoenas have been issued for the calling of various witnesses regarding speed tests on the county highways, to testify today before the county grand jury.

It was said by Dist.-Atty. Woolwine that should sufficient evidence be presented for prosecutions, they would be carried forward with vigor.

The investigation is along the line suggested by Justice Hinshaw last month, while he was in charge of the "speeders' court."

MYSTERIOUSLY LOST DIARY IS RETURNED.

A diary, which mysteriously disappeared some weeks ago from the library of Dr. S. S. Jacqueline, 1019 South Beacon avenue, and for the recovery of which a reward of $1000 was offered, was as mysteriously returned to its owner yesterday, Dr. Jacqueline stated. He said it was returned by special delivery mail, having been forwarded from a subpostal station in New York. According to Dr. Jacqueline the diary contains valuable data concerning a contest suit in which he is concerned, and which is slated to be aired in the local courts within a few weeks

TO SELL SIGNATURES OF HARDING CABINET.

AUCTION WILL BE FEATURE OF AFFAIR TO BE GIVEN BY DISABLED MEN.

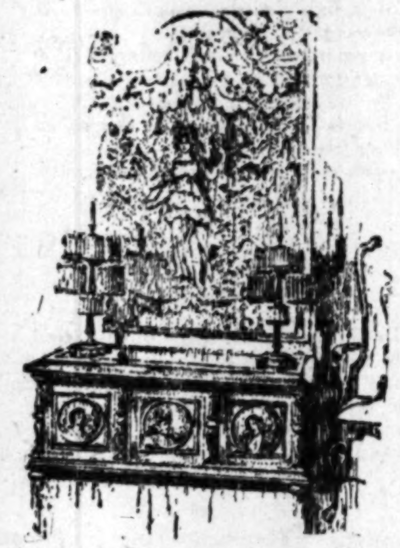
A collection of autographs of President Harding, Vice-President Coolidge and the members of the Harding Cabinet, said to be the only complete collection in existence, will be auctioned at the ball to be held at the Alexandria, Saturday evening, under the auspices of Los Angeles Post No. 1, Disabled Veterans of the World War.

The signatures of America's governmental executives, together with a letter written on White House stationery, which is signed by George B. Christian, President Harding's private secretary, will be offered for sale by Marco H. Hellman, chairman of the finance committee of the Disabled Veterans' relief fund, to which the entire proceeds of the auction and the ball will be donated.

An elaborate musicale and dramatic program has been arranged under the direction of Miss Esther Marr Bushan. Charlie Murray will be master of ceremonies. Among those who will take part in the program are: Antone Dahl, pianist; Orlkioff, Russian concert violinist; Harry A. James, monologist; Alma Stetzler, dramatic soprano; girl whistling chorus, from the Southern California School of Artistic Whistling; University of California Glee Club; Mme. Robert Fenton Fowler and Miss Rose Mulholland, duet; Mlle. Helen Louise, French ballet dancing; Carmel Myers, Bebe Daniels, Ben Turpin, Mabel Normand, and other motion-picture artists.

Ten Floors in a Location that Pasadena Enables us to Sell for Less

Lower Prices But Not Lowered Quality

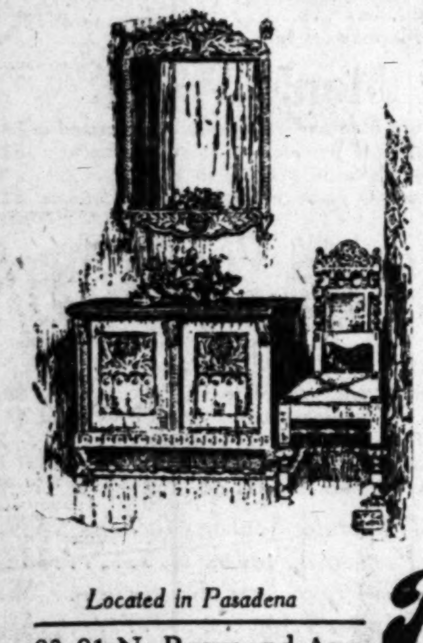


The sort of furniture pictured here and shown throughout our ten-floor stock is not the kind that appeals from a price standpoint only, yet, because a large part of our million-dollar sales volume is made up of this class of goods, we are selling it under our lower overhead expense, at lower prices.

If you are in search of this type of home-furnishings, price may not be the main object, but it should be interesting to know that you can get it here and that you do not have to pay more than we ask for it.

We cordially invite you to inspect our displays and compare our values.

Special Values and General Price Reductions in Every Line We Carry



Dining Furniture—An entire floor at reductions of one-fifth to one-half.

Bedroom Furniture—An entire floor at reductions of one-fifth to one-third.

Living-Room Furniture—Two entire floors at reductions of one-fifth to one-third.

Here Is Some Glorious Wednesday Value News for

BABY DAY

First Comes the Sale of Beautiful "Sample"

Tub Frocks and Peg-Top Rompers for Children

Sale 95c Priced

Because they are "samples" we could buy them to sell at th
markably low price Wednesday! And best of all, there is a
plete range of sizes for children from 2 to 6 years.
The loveliest quality chambrays and ginghams in dainty
blue, lavender and buff—made with collars, tiny pockets
some there are even touches of feather stitching.
We can't half impress you with their attractiveness—and
ber, this Wednesday price would not cover the cost of the
rials alone.

Infants' Long Handmade Dresses, 1.

Every stitch handmade—and at such a price as this every one
be sold early in the day! First of all the quality nainsook
such as is in demand for baby layettes—the fine lace edges
the touches of hand work making them quite as dainty as
mother could wish were she to spend hours and hours in the
ning and the making.

Annette Silk and Wool Vests at 85c

Wonderfully soft and silk-like—at a tremendous price reduction in the Baby Shop Today.

Annette Silk and Wool Vests at 1.35

An equally great price reduction has been made on these little vests, a bit silkier in appearance. To buy them Today is to save.

Annette Gowns, 1.20

A new style gown that will delight mothers planning layettes. The little buttons on each shoulder serve as the fastening—the quality of Annette Knitwear being noticeably superior even at regular prices—this very much lower than usual.

Hand Embroidered Pillow Slips, 2.0

It was a stroke of rare good fortune that made it possible for us to buy such beautiful hand-embroidered pillow slips for so little. The Madeira patterns are very elaborate—such as are always priced much more than 2.00. For the layette or for a baby's gift there could be nothing more appropriate.

This might be called the
layette—so beautiful are all
little clothes—and Today's
ette price is much lower than
real value. There are 3 silk
wool vests; 3 binders; 3
blankets; 3 outing flannel
3 handmade morning slips; 1
dress; 2 nainsook petticoats
flannel skirt; 2 pairs wool
12 diapers; 1 blanket.

100 Handmade Satin Quilts

Sale 1.95 Priced

Another instance where Hamburger's buyer secured imported silk quilts at a tremendous price advantage. The lovely quality, dainty printed silk centers and harmonizing plain borders are a revelation of value at 1.95. As dainty a silk quilt as we have had even at vastly higher prices.

Madeira Bibs, 65c

Some very new ones have just arrived. And priced much lower than the regular marking will be—just for Baby Day. The hand-embroidery is quite elaborate—pretty gifts for some wee baby friends.

Canton Flannel Diapers, 3.35 Doz.

A dozen in a sanitary package—square sail diapers in the 27x27-inch size. For Today only this price will be in effect.

Enamel Costumers 1.85

White, of course, as is most appropriate for baby's nursery furniture! And such a remarkable value at this reduction as to warrant the sale of every one in stock.
